### Pile Sufferers

End Your Misery Without Salves or Cutting

External treatments cannot permanently end Piles. Nor does cutting remove the cause.

The cause is internal—bad circulation of the blood in the lower bowel. The veins are flabby—the bowel walls weak—the parts almost dead. To quickly and safely rid yourself of piles an internal medicine must be used to heal and strengthen the affected parts.

Dr. J. S. Leonhardt, a specialist, after years of study discovered a real internal Pile remedy. He named his prescription HEM-ROID and prescribed it for 1000 patients, with the marvelous record of success in 990 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own druggist.

Don't waste time on external remedies or think of the pain and expense of an operation until you have tried HEM-ROID. Hughes Drug Co., Ltd., will supply you and guarantee money-back if it does not end all Pile misery.

It was moved and seconded that the bill be paid. Several other bills were paid. Plans were then made for holding a chicken supper and bazaar on November 11th, in the schoolhouse. Next meeting to be held at the home of Mrs. Harris Boulter, roll call to be answered by paying membership fee. Meeting closed by reading "Club Woman's Creed." Refreshments were then served by the hostess.

—INSTITUTE NEWS—The October meeting of the Springfield, Lot. 67 W. I. was held in the school house with thirteen members and four visitors present. The President opened the meeting with "Institute Ode" and roll call was answered by paying a dime and asking a riddle. The minutes of previous meeting were read and adopted. Mrs. Archibald McGregor, in reporting on the school committee, said that the teacher and pupils were busy and the school looked very bright and cheerful. She asked that a rope be provided for the flag pole, and that a map of Europe was needed in the school. Mrs. Peter Sinclair was appointed to visit the school in November. The Secretary read a letter, dealing with the annual meeting and urging all members to pay up their fees at the next meeting. On motion it was decided that we hold our meetings in the homes for the winter months. Invitations were extended by the following members: Mrs. George Haslam, for November meeting; Mrs. Peter Sinclair, for December; Mrs. Norris Sinclair, for January; Mrs. M. T. Lambe for February; and Mrs. Myatt Haslam, for March. Roll call for November to be answered by paying annual fees and naming an Allied leader in the Great War. ### CUBAN WOMEN SECLUDED YEARS IN N. Y. HOTEL ROOM

NEW YORK, Nov. 6.—The drawn shades of a hotel room in mid-town

seemed to him a deliberate attempt at suicide.

"Hold on!" cried the doctor. "She's only going where Wilkins went. If there was a way down there for him, she'll be able to follow him safely."

"And wherever they can go," said Ashton. "I guess we can follow."

He started down the corridor as he spoke. I should probably have agreed with him, had I not become aware just then that the door beside which I was standing opened into the elevator shaft, and the gauge showed that the elevator was descending. I signalled it to stop, on the chance that it might improve useful.

By that time Ashton had already joined Mallory at the window. Apparently one glance was all they needed, for they came hurrying back with white faces.

"She has worked herself along a six-inch ledge," said the lawyer, "to an iron standpipe. It's not conceivable that Wilkins went that way."

"Don't forget that he was Bully Franklin's first mate," said the doctor. "But this is a better way for us. Come along."

We all four piled into the elevator and told the boy to drop us, as quickly as he could, right through to the basement. The excitement in our faces was imperative. He threw the lever over and let us down at a tremendous rate.

"This way," cried Mallory, rushing off in the dark.

Manhattan shelter from the public a hermitage in which two Cuban women have lived for five years, never venturing beyond their threshold.

Since the death of her husband, a wealthy Cuban planter, five years ago, Senora Michaela Romero has remained in seclusion in her room with her 21-year-old daughter.

The only contact they have with the world is an occasional telephone call to ask the desk clerk for the time. Meals are left on a tray outside their door. Chambermaids are not permitted to enter. The bills are paid monthly by draft from Cuba.

Complete mystery surrounds their motive in remaining perpetually secluded.
