ALTERATIONS IMPERATIVES

(Canadian Press)
TARA, Ont., June 28.—If changes are made in the United States tariff which are found to be detrimental to the interests of Canada, alterations in the Canadian tariff structure to correct the situation will unquestionably be made. This was the declaration of Hon. James Malcolm, Minister of Trade and Commerce, in the course of an address which he made here today. Canada, he said, had made, and would make, her own tariff structure to suit her own economic needs. Mr. Malcolm's speech was designed to meet and answer certain statements and criticisms directed against the government tariff policy by Hon. R. B. Bennett, Conservative leader, in the course of his Western Ontario tour.

At the outset, he stated that Mr. Bennett was endeavoring "to create fear in the minds of the people of Ontario, that the government which has so successfully administered the affairs of Canada for the last eight years, will not be able to meet a new situation which he fears has arisen."

VISITORS ENJOYED DELIGHTFUL TRIP

Members Of Canadian Women's Press Club Enthusiastic Over Visit To Prince Edward Island.

A luncheon given yesterday in the Epworth Hall, Summerside, welcomed a large number of the visiting members of the Canadian Women's Press Club.

Leaving Charlottetown at 9.20 a.m. the party, in charge of Mr. Justice Arsenault and with a number of Charlottetown people motored by way of Cavendish, where a stop was made to visit Green Gables, the old home of L. M. Montgomery, noted Island writer. The visitors were charmed through which they passed and said of all the places they had visited in their tour this Island in the sea was by far the prettiest.

On arrival at the western Capital an excellent luncheon was provided by the Ladies Aid of the Prince County Hospital. After the good things on the well laid tables had been disposed of, a toast to the King was proposed by Councillor L. A. Moore, who in the absence of the Mayor, acted as chairman. He then extended to the visitors a hearty welcome on behalf of the citizens of Summerside and sincerely hoped this would not be their only visit.

Premier Saunders next gave the visiting journalists a hearty greeting on behalf of the province.

Hon. P. J. Veniot, Postmaster General, in addressing the ladies, stated that he was sorry not to have been able to welcome the Press Club when they visited New Brunswick, but was glad to have had the honor of being present today; and he hoped that the ladies would speak a good word for the Maritimes when they returned to their homes.

Mr. A. F. Arsenault, M.L.A., and Mr. Justice Arsenault, also spoke in genial terms.

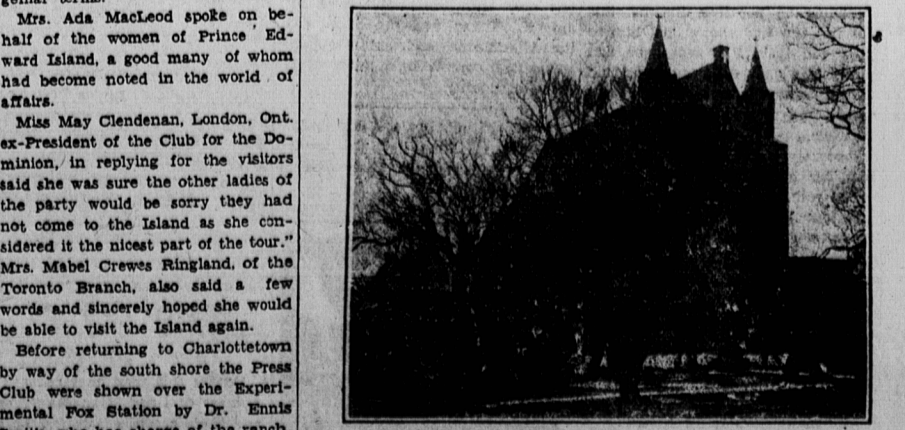

Mrs. Ada MacLeod spoke on behalf of the women of Prince Edward Island, a good many of whom had become noted in the world of affairs.

Miss May Clendenan, London, Ont. ex-President of the Club for the Dominion, in replying for the visitors said she was sure the other ladies of the party would be sorry they had not come to the Island as she considered it the nicest part of the tour.

Mrs. Mabel Crewes Ringland, of the Toronto Branch, also said a few words and sincerely hoped she would be able to visit the Island again.

Before returning to Charlottetown by way of the south shore the Press Club were shown over the Experimental Fox Station by Dr. Ennis Smith, who has charge of the ranch. The visitors were keenly interested in the beautiful animals and their history.

DIAMOND JUBILEE

St. Peter's Cathedral, Charlottetown, erected in 1866, is sixty years old today. The Diamond Jubilee is being celebrated in an appropriate manner.

HYMNS CHOSEN BY THE KING

LONDON, June 28.—Two hymns selected by the King have been included in the form of service to be used by the Free Churches at the thanksgiving services for His Majesty's recovery from his illness on July 7—"All People that on Earth do Dwell," and "Praise my Soul, the King of Heaven."

The services at Westminster Abbey to be attended by the King and Queen will not be a state ceremonial, either in form or substance, but will just afford the formal opportunity for their Majesties to join in the Empire's general thanksgiving.

The smallest number possible of seats in the Abbey are to be reserved and the definite suggestion has been expressed from the highest quarter that the people should attend their usual places of worship.

HONORS ARE CONFERRED

(Canadian Press)
LONDON, June 28.—(By Thos. T. Champion, Canadian Press) — The list of honors conferred by His Majesty in connection with the resignation of Right Hon. Stanley Baldwin as Prime Minister, issued tonight, is not unduly long, nor does it contain many surprises. Viscount Peel, former Secretary of State for India, who will be well remembered in Canada as leader of the contingent of visiting British parliamentarians, last year, is joined to an Earlom. Sir William Johnson-Hicks, late Home Secretary, becomes a Viscount, thus taking two steps in the Peerage at one bound; but most interesting to Canadians and possibly most interesting to people in Britain also is the granting of a Barony to Right Hon. Sir Hamar Greenwood, a native of Whitby, Ont., and the last man to occupy the position of Secretary for Ireland in the British government. Sir Hamar or Lord Greenwood as he must be called now, knows as much about the rough and tumble of English election battles as any man, even as much as his great friend Rt. Hon. Winston Churchill, whom he emulated a few years ago by passing from the Liberal to the Conservative party.

Overheated Brooder Causes Destructive Fire

(Special to The Guardian)
STREETSVILLE, June 28.—Fire destroyed more than 3,000 young chickens, when it swept through the pens of Frank Rush at Streetville tonight. A pen, 250 feet long, containing six large brooders fell prey to the flames. The fire is attributed to an overheated brooder. Mr. Rush was away from the farm at the time. He had been in the chicken business locally since April of the present year, and most of the equipment was new on the farm. Mr. and Mrs. Rush came from Toronto. The loss is estimated at \$5,000 and is partially covered by insurance.

TORONTO, June 28.—Strong south west to west winds, with showers and thunderstorm.

BOSTON SCENE OF SPLENDID CONFERENCE

Great Enthusiasm Marked Conference of Pan Presbyterian Alliance This Week.

The following report of the recent meeting of the Pan-Presbyterian Alliance at Boston was furnished to The Guardian by Rev. W. Bruce Muir, of St. James Church, who was a delegate to the conference.

The thirteenth quadrennial council of the Pan-Presbyterian Alliance was brought to a close on Thursday evening, the 27th inst., by an inspiring address delivered in the choicest English by President Dr. Merle d'Aubigne of Paris, France. This sturdy son of the Huguenots, who has presided over the council meetings, during the week, has shown by the strength of his character and the grace of his manner that the church of his father's is still a living force in France. "Glorious France," his fraternalism during the conference with the representatives from Germany was worthy of the highest praise. His conduct of the business and the manner in which he presided over the great reception of welcome to the delegates has made the name of Merle d'Aubigne one to conjure with in Presbyterian circles. That reception will long be memorable on account of the outstanding men who welcomed the delegates to Boston.

Mr. Alva B. Johnson, one of the leading business men of the United States, and a great employer of labor, made a masterful speech, as did also the Hon. Frank Allen, Governor of the State of Massachusetts. The Mayor of Boston was unavoidably absent, but the greetings of the churches of Boston, conveyed by Hon. Robert Watson of the First Presbyterian Church, were cordial in the extreme.

Business began in earnest on Thursday morning, and was conducted during the week with the utmost despatch, due to the fact that the leaders in the debates were vigorously limited to twenty minutes each while those who took part in the debates were restricted to five minutes each. This, however, did not prevent every aspect of the church's work getting full and free discussion.
