U. S. AMBASSADOR SUMMONED FROM BERLIN

LEADERS UNITE IN PROTEST OF NAZIS ACTION

Recall of Envoy Does Not Mean Break In Diplomatic Relations, Report.

(A. P. by Guardian's Special Wire) WASHINGTON, Nov. 14.—State Secretary Hull today instructed United States Ambassador Hugh R. Wilson in Berlin to come to Washington for report and consultation.

The action does not mean a break in diplomatic relations between the two countries, but was characterized by informed persons as a step taken only in very unusual circumstances.

NEW YORK, Nov. 14.—A proposal the United States sever diplomatic relations with Germany if the Reich continued abuse of Jews came tonight from Senator William King, Utah Democrat, as he and five other leaders of politics and religion in the United States protested what they called the barbarism of the Nazis.

Speaking on a nation-wide broadcast symposium, Interior Secretary Ickes warned Germany, "no nation can live unto itself alone. The time comes when neither man nor nation can live."

City Threatens To Cancel Work On Airport Site

Council Resents Political Interference In Regard To Employment Of Men.

The City airport site, as the property of the City, would "be closed to all further development" until a new arrangement was made if the proposed change in the method of employment and selection of laborers be made, the City Council decided unanimously in regular monthly session last night. Action followed reading of a letter which told Mayor E. A. Foster the recommendation of Mr. J. Lester Douglas, M. P., concerning who was to be employed on the airport site, be accepted.

Change in the method of selection was to be made that Mr. Douglas might furnish "more competent" men to further development of the site, the letter from Mr. G. L. McGee, Airways Engineer, with the Department of Transport at Ottawa, enclosed in another letter from Mr. E. C. Pursey, District Engineer at Moncton, stated.

Japan Will Reply Friday To Protests

TOKYO, Nov. 15.—(Tuesday)—(AP)—Domel (Japanese News Agency) said today Japan would reply Friday to the United States' protest against closing the "open door" in China with a demand for revision of "understandings" respecting China made immediately after the Great War.

The reference was believed to mean the 1922 Nine-Power Pact by which the signatories, including Great Britain, the United States and Japan, pledged respect for China's territorial integrity and the principle of the "open door."

Both Britain and the United States have protested. Domel did not indicate what the reply to London would be.

The news agency said Japan would offer the United States an opportunity to participate in a "proposed construction of a new order in east Asia" in its reply to the American note of Oct. 6.

The 31-year-old accused, one-time divinity student and erstwhile Asylum inmate, abruptly pleaded guilty to second degree murder to free completion of a jury to try him on first degree charges.

ATTACK ON LEADERS IS PROTESTED

Nazi Press Comments On Paris Assassination Linked With British Statement.

LONDON, Nov. 14.—(AP)—Prime Minister Chamberlain told the House of Commons today that Britons had "deep sympathy" for the Jews in Germany, and disclosed the Government had lodged a strong protest against Nazi attacks on certain British political leaders.

Under a barrage of questions from a House made angry by Germany's treatment of the Jews, Mr. Chamberlain did not indicate what effect, if any, Germany's new campaign would have on his efforts to get a lasting friendship pact with Reichsfuehrer Hitler.

The prime minister gave either cautious replies or no answer at all to a series of questions about his plans for a colonial settlement with Germany.

One which he left unanswered was whether he did not think "re-

LONDON, Nov. 14.—(CP)—A meeting of the "Conservative Private Members Committee" in the House of Commons was declared in reliable lobby quarters tonight to have condemned what they feared was the Government's "policy of weak submission" regard to colonialism.

At the same time, the Associated Press said, a speech by Oswald Wingrove, member of South Africa, intimating he might favor a settlement to gain "peace at any reasonable price" was interpreted as indicating that Prime Minister Chamberlain's efforts to reach a general peace with Germany would not be halted by Germany's anti-semitic campaign.

cent happenings in Germany have proved abundantly that Germany is no more to undertake the welfare of native populations."

The protest disclosed by Mr. Chamberlain was directed against an article in Der Angriff, official Nazi party newspaper, last Friday stating "it is no coincidence" that the young Polish Jew who killed Ernst Von Rath, German legation official in Paris, took the same line as Winston Churchill, Anthony Eden, and Alfred Duff Cooper.

All three have been outspoken critics of Mr. Chamberlain's policy of seeking European appeasement through agreements.

Mr. Chamberlain said the government had protested "to the German government in regard to man press associating former Brit-

TWEEDSMUIR LAUDS ADULT EDUCATION

Governor-General Addresses Association In Annual Convention At Ottawa.

OTTAWA, Nov. 14.—(CP)—Lord Tweedsmuir, the Canadian Association for Adult Education tonight that adult education is especially important to a country like Canada "with its great differences, its racial and social differences, and its divergent economic interests, for education provides the common denominator which builds up a national spirit and makes possible national unity."

Addressing the Association's annual banquet, the Governor-General linked the names of several British statesmen with that of Herschel Grynszpan, Jewish youth who killed Ernst Von Rath, Paris German Embassy secretary.

Foreign Under-Secretary Ernest Foreman was said to have answered the protest by referring to an interview Goebbels gave to Reuters, British News Agency Saturday. In the interview Goebbels was quoted as saying he did not know of any slight to the British.

Eden Warns World Headed For Anarchy

OXFORD, England, Nov. 14.—(CP)—Havas—The world is headed for anarchy if respect for international engagements is not restored, Anthony Eden, former foreign secretary, tonight told the Carlton Club, Conservative organization at Oxford University.

In a speech in which he reiterated his House of Commons argument that Great Britain must better conditions among its workers if they are to be fit defenders of the country, Mr. Eden said that the "first purpose of our foreign policy should be restoration of respect for international engagements."

"We maintain this not to coerce or to hector other nations but because there is no other way of ensuring permanent peace," he went on. "Once promises cease to have any validity, society degenerates into conflict or anarchy, and international society degenerates more rapidly than any other. That is the way we are heading now."

He stressed the gravity of present world conditions.

NEW DECREES TO OSTRACIZE JEWS DRAFTED

Jewish Students Expelled From All Universities In Anti-Semitic Campaign.

(By MELVIN K. WHITELEATHER, Associated Press Foreign Staff) BERLIN, Nov. 14.—(AP)—New decrees to ostracize Jews and regulate Jewish life in detail were being drafted by experts in German cabinet ministries tonight in continuation of Nazi Germany's anti-semitic campaign.

Jewish students were expelled from all universities and other institutions of higher learning today and other measures, aimed at preventing Germans from rubbing elbows with Jews, were in preparation.

Previously Jewish professors had been ousted, and in 1936 lower grade pupils from six to 14 years old were taken from German schools and put into private schools.

Banned on Exchange Besides the education order, Jews were forbidden temporarily, to sell on the Berlin Stock Exchange and the Jewish automobile club was banned. The stock exchange order was designed to keep the market from falling in the face of reports from the provinces that there had been heavy selling on behalf of Jews.

The Foreign Office, meanwhile, apparently had been prepared for a British protest delivered by Sir George Gaitly-Forbes, British Charge D'Affaires.

The protest was against an article in Propaganda Minister Goebbels' newspaper Der Angriff which linked the names of several British statesmen with that of Herschel Grynszpan, Jewish youth who killed Ernst Von Rath, Paris German Embassy secretary.

Foreign Under-Secretary Ernest Foreman was said to have answered the protest by referring to an interview Goebbels gave to Reuters, British News Agency Saturday. In the interview Goebbels was quoted as saying he did not know of any slight to the British.

Mr. Hall said: "I congratulate Dr. Manion and wish him every success as London's representative in the House of Commons."

Disputed Article

The article in Der Angriff, published Nov. 8, was headed: "The work of International Party Whips. A Direct Road to Nazism" (Winston Churchill to Grynszpan.)

While new decrees were under preparation in several ministries, the Finance Ministry was busy analyzing Jewish wealth and attempting to decide how it would levy the \$400,000,000 fine imposed upon Jews for the slaying of Von Rath.

The Ministry's hardest task was to separate German-Jewish wealth from that of foreign Jews, who

Manion As Galt Elects Homuth Conservative Leader Triumphs With Over 3000 Majority—Liberals Capture Brandon Seat

LONDON, Ont., Nov. 14.—Hon. Dr. R. J. Manion, National Conservative Party leader, won a seat in the House of Commons today when London, a traditionally Conservative constituency, gave him a majority of more than 3,000 over Everett O. Hall, Co-operative Commonwealth Federation candidate and London school teacher.

There was a decrease of 10,000 in the number of votes cast from the total of 30,101 polled in the general election of 1935, when the late Major F. C. Betts, Conservative, defeated six other candidates. Major Betts' death by drowning near Ottawa last summer necessitated today's by-election.

Dr. Manion, named party leader at the National convention in Ottawa last July, polled an unofficial total of 11,351 votes to 8,209 for Hall, who ran fourth with 3,041 in the last general election.

Dull, cold weather was adverse to a large turnout and organizations of both candidates were kept busy getting out the vote.

No Liberal candidate ran, in accordance with the expressed wish of Prime Minister MacKenzie King, who said he would like Dr. Manion to obtain a seat unopposed.

The campaign was marked by charges from both sides, principally regarding Dr. Manion's policy toward railroads both when minister of railways and canals in the last federal Conservative Government and in his status as leader.

Dr. Manion, when election was conceded said: "The people of London have given the proper answer to a campaign of falsehood and misrepresentation carried on by Mr. Woodsworth and his followers."

"I am grateful to the followers of both parties, Liberal and Conservative, and to the people of London generally for the great support they have given me today."

Mr. Hall said: "I congratulate Dr. Manion and wish him every success as London's representative in the House of Commons."

SCORES EASY TRIUMPH

GALT, Ont., Nov. 14.—(CP)—Election of Karl K. Hemed, Conservative, was conceded tonight in the federal by-election in Waterloo south when 80 polls of a total of 106 showed him with an approximate plurality of 2,600 over John Mitchell, Co-operative Commonwealth Federation candidate, and Mayor R. K. Servis, Liberal.

Mr. Hemed, former Labor and Conservative member of the Ontario Legislature, took an early lead as returns from the first five polls in the city of Galt gave him 254 votes, to 154 for Mr. Mitchell and 112 for Mayor Servis.

A total of 48 polls gave the Conservative 496, Mitchell 1,806 and Servis 1,745.

The by-election filled the vacancy created by death of Alexander M. Edwards, Conservative, who represented the riding from 1925 until his death last summer.

Liberal Returned BRANDON, Man., Nov. 14.—(CP)—James Ewen Matthews, 69-year-old retired branch manager of the National Trust Company and native of Albany, P. E. I., transferred Brandon federal constituency from Conservative to Liberal ranks today.

Electing in the 1935 general election by Lieut-Colonel D. W. Beaubien, whose death this year necessitated the by-election, Mr. Matthews gained a large majority

Freighter Enroute Here Feared Lost

HALIFAX, Nov. 14.—Captain Sigurd Andersen of the Norwegian steamship Ornefjell said today he believed the Norwegian freighter Havmann, which disappeared on a voyage from Rotterdam to Charlottetown two months ago, had bound passage out of Montreal, two icebergs far east of the island. It was the latest in the season he ever saw icebergs.

The Ornefjell arrived in Halifax from Montreal, Scotland. The two vessels, sister ships, were placed in trans-Atlantic freight service little more than a year ago. The Havmann, equipped with the most modern navigation aids, disappeared without even as much as a distress message having been picked up from her.

Captain Andersen felt the Havmann might have struck an iceberg off the Newfoundland coast. He said an east-bound passage out of Montreal, his own ship passed between two icebergs far east of the island. It was the latest in the season he ever saw icebergs.
