VEEDOL
The Lubricant That Resists Heat
Veedol is called "The Lubricant that resists heat." Think carefully just what that phrase means—there are lubricants which do not resist heat and are consequently cheaper to buy.
But for use, for service, and for its effect within the cylinders of the internal combustion engine of automobile, motorboat or airplane, Veedol is the cheapest lubricant that can be obtained. The cost of a cylinder oil is to be measured by its lubricating value and on this basis Veedol is the choice of the experienced Motorist.

"FLYING" POSTAGE STAMPS.—As anybody seen a postage stamp answering the following description? The stamp is rectangular in shape, about seven-eighths of an inch long and three-quarters of an inch high. The color is orange, and the central design a mail aeroplane in flight. Above, in a curved line of Roman capital letters, are the words: "U. S. Postage." Triangular ornaments appear in the two upper corners. Below the aeroplane, in a straight line of Roman capital letters, is the word "Cents," with the figure "6" which circles in the two lower corners. This is the new American aeroplane mail service stamp, and collectors in this country should be on the alert to obtain early specimens.

Heavy Meat Eaters Have Slow Kidneys
Eat less meat if you feel Backache or have Bladder trouble.
No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.
The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithic acid and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.
Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithic water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

IF YOUR EARS RING WITH HEAD NOISES
If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Farmint (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.
This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.
