PARALYZED BY LUMBAGO.

Manual labor and exercise is impossible with lumbago. The muscles stiffen out like steel - to move means agony. Only a powerful remedy can penetrate deep enough to help. The surest relief comes with rubbing in Nerviline. It sinks into the very root of the trouble - penetrates where an oily liniment cannot go. To prevent lumbago returning, put on a Nerviline Porous Plaster which removes inflammation and strain from the muscles, and acts as a guard from draughts and exposure. Nothing will so quickly cure as these remedies. All dealers sell Polson's Nerviline and Nerviline Porous Plasters. Refuse all substitutes.

MILLINERY NEWS

We have just received from a leading Toronto firm, several cases of new Millinery goods, in Shapes, Ribbons, Plumes, Wings, Flowers, etc. Besides we have opened up a large shipment of English millinery goods of all kinds. These goods are, we think, the most beautiful we have ever received, and Charlottetown ladies may expect something unusually nice the coming season in the millinery line.

In this connection we wish to announce that we have secured the services of Miss Agnes M. Walpert a refined and talented lady, who has had successful charge of several important millinery depts in the larger Centres.

She is now attending the millinery openings abroad, where we have secured for her the privilege of spending a few weeks in copying the latest Parisian, and other imported models, for our trade. She will also select and purchase the latest novelties in millinery and millinery materials, after which she will proceed to Ch' Town, where we expect her to arrive in a few weeks time, after which she will be ready to cater to the millinery wants of our customers.

In the meantime Miss Flynn our capable first assistant milliner is in charge, and will be pleased to attend to all immediate requirements in the Millinery line in a pleasing and satisfactory manner.

Money Saved on DAINY WALLPAPERS

You will find among our Wall Paper Remnants, papers suitable alike for the decoration of the parlor, the hall, dining room, library, den or sleeping rooms, and any or all of these can now be obtained at less than actual cost. How can we do it? Simply because our sales during the past year have been phenomenal and all these lines have been cleared out—down to these last few rolls—at a small profit thereon and we are willing now to sacrifice the remaining lots, which contain from 4 to 11 double rolls each with borders to match, in order to have empty bins, for an enormous

new stock, which we will tell you of later. These remnants are being rapidly picked up, but as there is not an undesirable pattern or quality in the lot, the last will be equally as desirable as the first. They will remain on sale until all are cleared out. Of course there is always a larger choice for early comers, and for this reason we counsel promptness in selection. Our remnants in dress goods, muslins and all other lines, will now be confined to the centre counter, leaving the main counters free for the display of our elegant new stock. There are many really desirable "snaps" among these remnants suitable for many different purposes. Embrace this chance to secure them. M. TRAINOR & CO The store that saves you money.

TOILET SETS

No not conclude that because an article is low in price that it is cheap. It is very often the reverse. For instance we have opened up another crate of those Toilet Sets which have proved so satisfactory. They are in three colorings. Fink, Green, Peacock. \$2.00 set We can give you these same colorings for \$1.50 set The \$2.00 set is the cheaper
