Grace Personified

Combining the arts of dancing, music and pantomime, the ballet is conceded to be the most graceful of all forms of dramatic presentation. The dancing is connected with a story, which is told only by gesture and costume accompaniment.

Disappears Brain Child

Mr. Planta said the Food and Agricultural Organization had been the brain child of the late Roosevelt, Franklin D. Roosevelt, and had originated at Hot Springs, Ark. It had been formed, Mr. Planta said, because Mr. Roosevelt had a very great interest in improving the condition of the starving people of Europe and in the formation of an organization which would work for the pooling of agricultural ideas and methods.

Disapproves Discussion

Mr. H. H. Cox, M. L. A., wanted to know if Dr. Hees's figures were correct, why there was all the talk about compulsory grading of an article which, apparently did not need it. He was sure, however, that there should be mackerel, herring, and chicken haddie.

Supports Senator MacIntyre

Mr. A. B. Fisher said he was not in favour of compulsory grading for canned lobsters but was in favour of it for all other canned fish products. He said the quality of the canned mackerel, herring, and chicken haddie was increased, there would soon be no market for these products, Mr. Fisher said.

Concert Patrons Enjoy Program By Ballet Troup

Superb dancing, colorful costumes, and romantic music composed an evening of first class entertainment to patrons of the Community Opera Association last night, who filled the Prince Edward Theatre to capacity to see the famous Fochole Ballet.

The audience, which included many from Summerside as well as Charlottetown, enthusiastically applauded the gifted artistically-planned and superbly staged production.

LEGION DEMANDS

(Continued from Page 1) 1. Immediate government control over building. 2. Use of government emergency powers to control, divert or acquire materials for building low-income houses under wartime conditions.

Text of Brief

The brief said in part: "The entire program of rehabilitation and reconstruction devised by the Government with the co-operation of the Legion is in imminent danger of complete failure unless the Dominion Government makes as great and urgent an effort to remedy the need for housing as it made to win the war."
