Hanson Comments On U. S. - Canada Defence Plan

OTTAWA, Aug. 20.—(CP)—Conservative Leader R. B. Hanson said tonight it was his understanding there were no further implications in the rapprochement between Canada and the United States than those expressed in the joint statement issued at Ogdensburg last Saturday by Prime Minister Mackenzie King and President Roosevelt.

Mr. Hanson, with Hon. Grover Sterling (Con. Yale), had a conference with the Prime Minister late last night.

The Conservative Leader described it as "a most friendly conference."

He said he understood that the net result of the meeting of the Prime Minister and the President was fully covered in their joint statement, that a permanent joint board was to be set up relating to sea, land and air defence of the two North American countries.

Whatever might eventuate as a result of the studies of this board, he was not prepared to prophesy, but he believed "it is just what it was said to be, a joint board for study."

Mr. Hanson said the arrangement was "mutual." Canada would accept equal responsibility.

Conversations between experts of the two countries had been going on from time to time over a period of years, he said.

Potential Threat Seen in Gliders

LONDON, Aug. 20.—(OP)—Possible invasion of Britain by fully-equipped German troops in great fleets of gliders is pictured by Lt.-Col. T. A. Lowe, of the London Daily Mail.

In commenting on Berlin reports that huge fleets of gliders were being assembled in Norway and that training centres were being organized, Col. Lowe suggests that the use of such invasion was far more serious prior to the formation of the Local Defence Volunteers, whose 1,300,000 members are now known as the Home Guard. Even yet, he says, the possibility of such an attack should not be dismissed.

Uselessness is the surprise factor which has been contributed to modern warfare, writes Colonel Lowe, and carrying six men each, they can "arrive like moths in the night." He continues:

"They did this on the roofs of impregnable fortresses in the Maasticht district of Belgium. The gliders deposited their crews in the most of the casemates and put the Belgian situation at a definite angle before they realized they were in it."

"Gliders are towed by aircraft up to a great height before they are loosened for work on their own. They are then at the mercy of the air currents, but in skilled hands they can be turned to advantage and the glider may descend within a reasonable distance of its objective."

Carry Several Men

"Little imagination is needed to show that it would be quite a practical proposition for the gliders to start above the French coast and subsequently to arrive in Britain."

"They would be more formidable than parachutists in that a glider carrying six men can also carry complete equipment for them and an adequate supply of ammunition."

"It is safe to say that owing to the night-and-day watch provided by the Home Guards in every town and hamlet in Britain, the gliders would be quickly seen and located. In landing they are at a disadvantage in comparison with the parachutist; they cannot concentrate their landings in a definite area."

"Against that, however, they have much in their favor: silence and the opportunity of making a landing without accident."

"The glider may be a military proposition with which we shall have to reckon in the near future. It may even provide the Germans with that element of initial surprise which has been such an asset to their plans in Norway, Belgium and France."

Gold Cup A Heartbreak For Racers

NORTHPORT, N. Y., Aug. 18.—(AP)—The Gold Cup Speed Boat Race held Saturday in this sheltered harbor again was a story of heartbreak and mechanical breakdowns for the contestants, and at the conclusion it was announced that Hotsy Totsy, owned and piloted by Sidney Allen, of Hampton Bays, N. Y., had captured the cup, finishing the three 30-mile heats.

Hotsy Totsy came the nearest to inside the time limit, and she never broke down.

By winning the first heat at an average speed of 45.454 miles an hour, and the second at 51.137, Hotsy Totsy rolled up a total of 800 points. She lagged so in the final heat that she was waved from the course.

Illinois State Fair Will Not Use Starting Gate

SPRINGFIELD, Ill., Aug. 20.—(AP)—Illinois State Fair officials announced today the McNamara starting gate would not be used during the remaining four days of the fair's grand circuit harness race meeting.

The officials made their decision after receiving a petition signed by 44 drivers objecting to the device. E. E. Irwin, General Manager of the fair, said the barrier would be used only in tomorrow's \$4,000 Stallion Stake, sponsored by the Trotting Horse Club of America.

The starting gate was adopted by grand circuit officials as standard equipment for all tracks this season.

Earl's Moody Guy, owned by Earl Shropshire, Lexington, Ky., won both heats of today's featured \$1,375 Review Futurity for three-year-old trotters.

New York Yankees Receive Good Pitching, Beating Tigers Twice

NEW YORK, Aug. 20.—(AP)—The unpredictable New York Yankees today got good pitching and blasted Detroit Tigers 4-3 and 4-2 in a doubleheader before 30,346 fans here.

In the first game Charley Ruffing let the Tigers down with eight hits to win his 12th victory of the season.

Schoolboy Rowe, who came from his mother's bedside in St. Louis to pitch the first game, gave up all the Yankee runs before he was lifted in the seventh. He was considerably shaken up in the second inning when he collided with George Belkirk.

At Philadelphia, Wally Moses stole home in the 10th inning of the second game to give Philadelphia Athletics a 4-3 victory and an even break with Chicago White Sox in a doubleheader.

Chicago won the first game 6-1 when a five-run rally in the ninth inning made a rout of a pitching duel between Ed Smith and Buck Ross.

At Boston, Ken Keltner, third baseman of the American League-leading Indians, went on a batting spree to down Boston Red Sox 11-6 and give Bobby Feller his 22nd victory of the season.

"Knucker" Irvine Joins R. C. A. F.

MONCTON, N. B., Aug. 20.—(CP)—Charles "Knucker" Irvine, left winger with Moncton Hawks when they were Allan Cup champions, today joined the Royal Canadian Air Force and left for Toronto to receive training as a physical instructor.

After the Hawks disbanded Irvine played with Syracuse in the International League.

The bases loaded in the eighth inning while 20,200 fans looked on in dismay.

Elden Auker's submarine was too much for Washington and the Senators lost at home to St. Louis 6-3 for their fifth straight defeat.

The Browns hammered rookie Sid Hudson for 10 safeties, including five hits in the third inning to score three runs.

Cardinals Take Twin Bill From Dodgers To Squelch Pennant Hopes

NEW YORK, Aug. 20.—(AP)—Claude Passeau racked up his 15th mound victory of the season today, pitching the homester Chicago Cubs to a 4-0 decision over Philadelphia Phillies. He yielded only three hits and issued no walks.

Zeke Bonura contributed the first Cub run when he blasted a home run in the first inning.

At Cincinnati, the Reds, who had been handeuffed all day, bunched four of their seven hits off Bill Lohrman for all their runs in the ninth inning to nip New York Giants, 3-2, ending a three-game losing streak.

Frank McCormick's single that scored Linus Frye and Ival Gooden for the National League at St. Louis, although yielding 13 hits, most of them slow infield bouncers, pitched Pittsburgh to a 6-3 victory over Boston, fanning six as he broke the Pirates four game losing streak. Four double plays aided the hurler.

At St. Louis, the Cardinals squelched the current National League pennant hopes of Brooklyn Dodgers by winning both ends of a crucial doubleheader 3-0 and 4-3.

U. S. Tennis Stars Erase Foreign Threat

BROOKLINE, Mass., Aug. 20.—(AP)—The faint flicker of a threat that the United States men's Doubles Tennis title would fall into foreign hands for the third time in four years was erased in speedy fashion today.

George Fehling (Baldwin) of Ireland and W. C. Choy of China and their domestic partners, were among the earliest casualties. The former Irish Davis Cupper and Frank Froehling of Chicago bowed to Joe Hunt and Ted Osbourne 6-1, 7-5, 6-2.

Choy and his aide, Johnny Palfrey of Brookline, waged one of the most stirring struggles on the opening program before surrendering to Earl Bartlett and Joe Evert, 3-6, 6-4, 6-0, 2-6, 6-1.

Top-seeded Frank Parker and Don McNeill gained the second round on a default, and the second ranking combine, Bobby Riggs and Wally Van Horn kept pace by defeating Tom January and G. Holmes Perkins 6-1, 8-6, 6-2.

Defending champions Alice Marble and Sarah Palfrey lost but one game to James Amory and Joan Humphrey White leading their rivals out of the first round. Valerie Scott and Mary Hardy of England defeated Mary Fuller and Phyllis Richards of Boston 6-3, 6-2.

Burleigh Grimes' Suspension Is Upheld

LOUISVILLE, Ky., Aug. 20.—(AP)—One-year suspension of Burleigh Grimes from organized baseball on a charge that he spat in an umpire's face was upheld today by the executive committee of the National Association of Professional Baseball Leagues.

The former Brooklyn Dodgers and Montreal manager denied the accusation that on July 21 he spat at Umpire Robert Williams in a Michigan State League game.

SEEK TO SAVE ELUSIVE KIWI

AUCKLAND, N.Z., Aug. 20.—(CP)—New Zealand's national bird, the kiwi, which has long been in danger of becoming extinct, has taken on a new lease of life and in several areas is increasing in numbers.

The kiwi, a strange wingless bird, lives on worms and other creatures it digs up in the forest with its long beak. It is a creature's national emblem, yet few New Zealanders have ever seen one alive.

The few that remain are exceedingly shy and elusive and are rarely seen as a rule even by people who live near the bush.

An American visitor caused a stir recently by getting off a visiting liner and asking where he could buy a kiwi. Undeterred by the horror of officials, he set off up the main street of Auckland determined to secure one before his boat left, but the nearest he came was seeing a stuffed one in a museum.

Now, however, in several localities kiwis are increasing and trappers and rangers report that in some areas the call of half a dozen birds foraging in the bush can be heard any night.
