Several private individuals in the Province have become interested in the rapidly increasing trade between Prince Edward Island and Newfoundland and are outfitting Deisel-powered craft capable of making fast and regular trips between the two Islands.

Among those who are contemplating a regular freight-carrying schedule from this Province to Newfoundland are Messrs. Albert Griffin, Montague, and Grant Graham, Gaspereaux.

Both men last year purchased Fairmile naval craft from the War Assets Corporation at Sorel, P.Q. This type of naval ship was powered with gasolene-burning engines of several hundred horsepower each. Since the operation of this craft for mercantile purposes was found too expensive with such power-equipment, Messrs.
