**AN ISLAND BOY**—The Sheaf, published monthly by the University of Saskatchewan at Saskatoon, says that Mr. M. A. McMillan has had a brilliant career at that university. He is a son of Mrs. Mary C. McMillan who is at present residing with her eldest son, Dr. W. J. P. McMillan, Provincial Health Officer of Prince Edward Island. Mr. McMillan was President of the Students' Representative Council Executive, and Secretary of the Athletic Dictatorate, 1914-15. His career is set forth in The Sheaf as follows:—

Michael Allan McMillan, the president of the S. R. C., is a true Easterner. Born in Clermont, P. E. I., he received his public school education in the town of his birth. In 1909 the call of the West brought Mac to Saskatoon, and it was here that his Collegiate course was taken. In 1911 he entered Varsity, where in his Freshman year he not only won a University Scholarship, but also the highest esteem of his fellow students. Various organizations can truly vouch that Allan knows how "to make things go." For three terms he represented his year on the S. R. C., twice as an officer of the U. I. S. Athletic, sometimes president of his year. All who know Mac, expect great results in his chosen career, and wish him every success.

His picture appears in three places in the magazine; first as president of the S. R. C.; then in connection with athletics; and lastly where a sketch of his career is given. Mr. McMillan, as already mentioned, is a son of Prince Edward Island, and he has certainly won great distinction in the province of Saskatchewan. Evidently he is versatile in his ability. He is a brilliant scholar, noted in athletics, and the responsible positions to which the students have elected him prove his popularity and the high esteem in which he is held. It is a great pleasure to record the splendid success won by our Island boys in other parts of Canada or the world. More than one member of this family has distinguished himself in his collegiate career, and we heartily congratulate Mr. M. A. McMillan and predict for him a notable future in his chosen profession, the law.

**NORTH RUSTICO**—The outlook for the lobster fishermen in this section is nothing short of being serious. Not only have they lost a considerable part of the fishing season but a large number of them will probably lose the most of their lines which they sent some three weeks ago. It is claimed however by some that a late spring means a good fishing season; if so the hopes of the most enthusiastic will certainly be realized this year.—T.

Island Field Kitchen and Ambulance Fund will be delighted to know that the Young People's Society of one of the city churches is enthusiastically promoting a big sale of home-made candy, the proceeds to go towards the above fund. The management of the People's Theatre are kindly giving their hall to the Society for the offering of the candy, which will be sold by the young ladies during the intermission of the regular movie program. A booth artistically decorated with flags by the young men will be erected near the ticket office where no doubt a running business will be

## Comfort and Cure of Baby's Skin Troubles

DR. CHASE'S OINTMENT CURED WHEN BABY'S BODY WAS COVERED WITH DISTRESSING ECZEMA.

If every mother could try Dr. Chase's Ointment for the chafing, skin irritation and resulting eczema which tortures so many babies, what a blessing it would be for the little ones.

This letter will give you an idea of what a wonderful work this Ointment is doing in the way of bringing comfort to children who are so unfortunate as to contract eczema. It is so easy for this trouble to develop from chafing or irritation caused by the clothing, and so difficult to get it cured, that Dr. Chase's Ointment is appreciated when once its healing qualities are known.

Mr. M. L. Duclos, Postmaster, Duganville, N. B., writes: "I believe it is my duty to recommend Dr. Chase's Ointment as a cure for eczema. My baby was seized with eczema and his face and arms were covered with this terrible disease. After trying all sorts of ointments the disease contin-

ued to spread until it covered the entire body. When the itching became bad he would scratch himself and was sometimes found in the cradle covered with blood. Hearing about Dr. Chase's Ointment I bought two boxes and before this was all used the child was cured. That was a year ago, and there has been no trace of eczema since. I recommend Dr. Chase's Ointment to all who suffer from eczema as being the best treatment in the world for itching skin diseases."

Dr. Chase's Ointment is for sale by all dealers at 40 cents a box. It is a good idea to keep it at hand along with the bath soap to be used for roughness of the skin, chafing or irritation. Prevention is so much better than cure. Powders clog the pores, but Dr. Chase's Ointment cleanses the pores and thereby keeps the skin soft and smooth. Sample box free if you mention this paper. Edmondson, Bates & Co., Limited, Toronto.

se strengthen it." If the two hundred and fifty or more members who have signed the service roll last November, and since, will turn out at company drills this week, and try to instill others, for service, the effort will encourage the officers, and create enthusiasm for overseas service as well.
