WOMAN MAYOR STARTS CLEAN-UP OF CITY

Seattle's Head Goes to Democratic Convention Leaves Woman in Charge.

(Canadian Press) SEATTLE, June 29.—Princess Ras Taffari, of Abyssinia, on his recent trip to Paris took along five of the most powerful chieftains so they would not start anything against him at home when he was gone. He was indeed a wily Ethiopian. Mayor Edwin Brown, probably regrets now that he did not take Mrs. Bertha Langes along as one of his official party, instead of leaving her as acting mayor of Seattle. Mrs. Langes, the wife of a university professor, has fired two Chiefs of Police in the last 24 hours. She is expected to discharge a hundred or more policemen today and so disrupt Brown's municipal organization that he will find a comeback almost impossible.

STORM TAKES HEAVY TOLL IN ILLINOIS

(Canadian Press) PEORIA Ills., June 29.—Eight persons were killed and scores injured in a tornado which broke over Peoria and surrounding territory early this morning according to available reports. The bodies of a woman and her baby were found in a field far from their home at Cloverdale and at Marion two are reported killed and many injured. No trace of the westbound "big four" passenger train could be found. The train was due here at 6.45 a. m. The storm's path was two miles long and three miles wide over the downtown section of this city. Three or four persons are reported to have been drowned when house boats on the river front capsized. The roof of the weather bureau was blown away and the recording instruments damaged. The wind struck the city with the force of an explosion after an hour of electrical display. Hundreds of plate glass windows were blown in, awnings stripped from their fastenings and telephone and street car traffic demoralized.

TOUGH TIMES FOR NEW TORONTO POSTIES

(Canadian Press.) TORONTO, June 29.—Since the beginning of the Postoffice strike the first attempt to make a delivery by carriers was made here yesterday and from all reports the reception accorded in some cases, was far from pleasant. Jeers, boos and even physical violence was resorted to by women on some of the streets on which the new posties were delivering mail while one man is under arrest charged with assaulting a carrier. Warnings have been issued by strike leaders that violence must not be resorted to by those on strike. Women sympathizers of the striking postmen staged a demonstration yesterday when a handmailed strike breaker at the door to deliver mail. As the postie handed a number of letters to a woman they were flung back in his face and he was pushed from the doorstep to the lawn. A number of other women took a hand in the assault and police reported that a woman rushed from the house with a pan of boiling water and potatoes and threw the contents over the letter carrier. By the time the police arrived the postman had fled, and everything was in order on the street. When delivering letters Arthur Reese was attacked by a number of men. Reese was struck several times on the mouth. The first striker to be arrested was Arthur Dowe, letter carrier. Dowe was taken into custody, charged with assault. He is alleged to have struck William Stronch a crippled letter carrier as he was delivering letters. Police stated that there were four or five men around when Stronch was attacked. He was struck several blows in the face and the mail bag was torn from his shoulders. Letters were scattered about the sidewalk. Despite his physical handicap and injury to his face Stronch picked up the mail restored it and continued his delivery.

AUTO ACCIDENT SATURDAY

Man Badly Injured When Car Overturns

A serious auto accident occurred Saturday evening near the southern approach to the Hillsboro bridge when a Dodge car, driven by Mr. Ira Blirt of Bunbury and also containing Miss Burke, Messrs Arthur Halliwell and James Patterson, failed to negotiate the sharp turn just behind the summer cottages at Little Belgium and turning left, overturned on its side. The occupants were thrown from the car and Miss Burke, who was badly injured, was taken to the hospital. The car was badly damaged. The accident is said to have been caused by Mr. Blirt's attempt to avoid an approaching car just as his own car was rounding the corner. As Blirt's car swung out to let the other pass its wheels skidded on a section of iron rail lying on the road with the result already mentioned.

Sample of Anti Canadian Propaganda

(British United Press) LONDON, June 29.—A typical sample of anti Canadian propaganda now appearing as a regular feature in the Herald the organ of the Labor Government is a letter from a man named Dalgetty of Fort Saskatchewan who among other things states that the buying power of the dollar is equal to that of a British shilling. He advises Britishers strongly not to emigrate if they have jobs at home although he admits a glorious feeling of independence. Liberty wide spread in Canada cannot be purchased at any price.

Germany Will Be Spared If She is Loyal

(Canadian Press) PARIS, June 29.—Premier MacDonald and I have agreed that if Germany is loyal she will not be disturbed but that if she is not loyal she will not be spared. That was Premier Herriot's declaration in the Senate yesterday when he outlined the results of his recent conversations in London and Brussels. Herriot also gave the results of his talks in a speech before the Senate. "Premier MacDonald has informed me that, in case Germany defaults, England solemnly promises to remain beside her Allies," he told the Senators. He stated that in Brussels he had found Premier Theunis and Foreign Ministers Hymans of Belgium in full accord with the French viewpoint. "I have not had the slightest difficulty on any point," he said. "I have raised the question of inter-Ally debts with Premier MacDonald. He admitted that the question must be taken up without delay as I insisted, and shall insist, that France is in an unfavorable position unless she attains an equitable solution on this point."

(Canadian Press) GLACE BAY, N. S., June 29.—In conjunction with the closing down of the Sydney steel plant for three months it is reported that sweeping reductions are being made in the official and clerical staffs of the Dominion Coal Company. The engineering and construction departments are those chiefly affected. As regards the construction department a large amount of work which has been in hand for the last couple of years is about finished and consequently the services of a number of officials and workmen are not now needed in that department. The colliery staffs are not affected to any extent by the proposed reductions. The company gives as a reason for the change the existing depression in trade.

Was British Premier Kissed?

(British United Press.) LONDON, June 29.—While hundreds of overseas visitors literally mobbed the British Premier at Hampton Court garden party yesterday the report that a Canadian lady went so far as to kiss Ramsay MacDonald in her enthusiasm is emphatically denied. MacDonald was protected by four boy scouts but unconsciously he was ambushed in the great throng and as he was immediately surrounded by admirers his rescue was difficult. MacDonald denies the reported kissing incident.
