# CARNOL

"An attack of flu in the Fall 1918 left me in such a weakened condition that I could not walk across the kitchen, and for nearly two months, I spit blood and my neighbors, as well as myself, thought I was in the first stage of consumption. My weight when I took sick was 120 lbs. and I shrunk from that to 98 lbs. On the recommendation of my druggist I began to take Carnol. Before finishing the first bottle, I felt a marked improvement. I then took four bottles and my improvement was so marvellous that at the end of six months, I gained in weight, the most I ever weighed in my life.

I can safely recommend CARNOL to any one in a rundown condition, as being the best as well as the most palatable tonic on the market to-day.

My little girl aged eight years took a cold in the head and chest and was so bad she could scarcely breathe. I gave her Carnol in hot water and the next morning she was able to get out of bed for the first time in several days.

I consider CARNOL a wonderful medicine."
