THE EMPRESS DISASTER

(Continued from page 1)

Black, accountant at the Booth Lumber Mills, Ottawa, is among the survivors stopping at the residence of Mayor Fiset, Rimouski. He had a thrilling experience getting off the sinking ship. "I was asleep in my cabin," he said, "when the shock woke me. I ran up the corridor and met a fleeing steward who told me there was no danger but at the same instant the ship listed to port. I pushed my wife to the railing towards a lifeboat but this was full, so I stumbled to another.

"This was full also but I managed to shove my wife aboard and I floated in the wake holding fast to the side.

"Our lifeboat had scarcely gone a few feet away from the Empress when there was a formidable crash and an explosion. We felt the action but managed to keep afloat being picked up an hour later."

Mr. Black stated that three lifeboats had been lowered from the collier. He added that, at the time of the collision, the weather was very clear, in fact, he could see lights twelve miles away.

F. L. Delomont, of Moose Jaw, said in corroborating statements of J. A. Gosselin, lawyer, from Montreal, that they had to argue with the captain and crew of the collier to help in the rescue. It is thought the crew on the Storstad believed the Empress was only slightly hurt.

Thin Weak, Nervous Headaches, Indigestion

Was Easily Worried and Excited, and Generally Run Down—Marked Benefit From Use of Dr. Chase's Nerve Food

Thinness and nervousness usually go together and arise from the same cause—thin, watery blood. The digestive system is failing to supply the required nourishment to the tissues and the nerve cells.

A concentrated, easily digested tonic treatment such as Dr. Chase's Nerve Food is necessary in order to get the required nutrition into the blood stream. It is truly wonderful what this great restorative will do for then, weak, nervous men and women.

Mr. Fred Carstens, farmer, Laird, Sask., writes: "I was very thin and nervous, and as I was continually growing worse, decided to give Dr. Chase's Nerve Food a trial. I would suffer from headaches and indigestion, was easily worried and excited and felt generally run down. The benefit obtained from this food care has been very marked, and I can recommend it with the greatest confidence to persons who are thin, weak and nervous."

Paralysis, locomotor ataxia and even insanity result from neglect to heed the warnings which tell of an exhausted nervous system. Nervousness, irritability, frequent nervous headaches, tendency to worry, indigestion; such are the danger signals which come to warn you of approaching trouble.

While Dr. Chase's Nerve Food is frequently successful in curing nervous prostration, partial paralysis and locomotor ataxia, it is wise to avoid these very serious diseases by keeping the nervous system in good condition at all times. Dr. Chase's Nerve Food will help you as nothing else can. Fifty cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

FEAST OF PENTECOST.— In the Pro-Cathedral yesterday, the feast of Pentecost was observed with celebration at 11 a. m. of Pontifical High Mass by His Lordship Bishop O'Leary assisted by Rev. Father Pius MacDonald as deacon, and Rev. Father McQuaid as sub-deacon. Rev. Father Joseph Gallant was High Priest and Rev. Fathers Duffy and Poirier deacons of honor; while Rev. Father McLellan, the rector, was master of ceremonies. A beautiful four-part Mass was sung by the choir; the children's choir taking the soprano part. Judge Blanchard was director and Mrs. Byron Brown was the organist. Two solos were rendered by Mr. W.J. Brown. In the evening at 7 o'clock Pontifical Vespers were sung by the Bishop, when Father McQuaid was deacon and Father Duffy sub-deacon. Vespers were followed by Pontifical Benediction of the Blessed Sacrament.

CORNWALL METHODIST CIRCUIT —The fourth meeting of the Quarterly Official Board was held in Kingston Church on Wednesday evening May 27th. There was a full attendance and the meeting was most satisfactory. High appreciation of the pastor, Rev George Orman's work was expressed, and on motion of Brother William Boyle, seconded by Brother John Stewart, he was cordially and unanimously invited to continue to labor for a third year. This invitation he accepted subject to the approval of Conference. The financial conditions, considering the number of deaths and removals, were very satisfactory. Cornwall and vicinity are noted for their interest and support of Bible Society, and $104 were contributed thereto. The General Missionary Society contributed $300 and the W. M. S. $390, nor were the Temperance and Sunday School Movements forgotten.

HEAVY FINES.—A number of prohibition cases were tried on Saturday morning at the City Police Court before Mr. K. J. Martin. Picton C. Brown was fined on each of three charges brought against him by Detective Samuel J. Elrod for offences committed in January. On the first charge he was fined $200 or four months; on the second, $100 or three months; and on the third, $100 or two months. A charge against Wm. McDonald was dismissed for want of dequate evidence. John Hughes was charged on a sixth offence, with breach of the Act. He was sentenced to six months' imprisonment without the option of a fine. Walter Mahar was fined $20 or thirty days for having been drunk. He asked for time to pay the fine. "No!" curtly answered Mr. Martin. "But I can pay it in a week's time, Your Honour, as I'm going to work," urged the defendant. "We don't want the fine. We want a sober man on the street." rejoined the Magistrate, and the defendant was escorted out of the Court.

The Premier Silver Black Fox Co., Ltd.

Head Office — *Bedeque, P. E. I.*
Authorized Capital — *$180,000.00*
Amount Issued — *$90,000.00*
Shares Par Value — *$50.00*

Foxes

This Company now owns 5 pairs of Silver Black Foxes, Class A. obtained from the following ranches:—

2 pairs from the Magic S. B. Fox Co., Ltd.
" " " **Riverside** " " "
" " " **Diamond** " " "
" " " **Maritime** " " "

These Companies are all among this year's highest dividend payers and the foxes of the Premier Co. should therefore be very prolific.

Ranch

A new ranch is now being built for these foxes after the most approved modern methods. Much has of late been learned in regard to the building of ranches and dens. Investors in this Company may rest assured that their foxes will have up-to-date and sanitary quarters.

Management and Care of Foxes

Second only in importance to securing good foxes is that good care be taken of them. In this respect the Premier S. B. Fox Co., is most fortunate as Mr. Thomas Moyse, the President of the Company, will also take care of the foxes. Few men in the fox ranching business today enjoy an equal reputation with Mr. Moyse for integrity and ability to raise foxes. The well-known "Peerless Co." which last year paid a dividend of 900 p. c. had its foxes under his care.

Cost of Ranching

All expenses in regard to the ranching of the foxes and their young are assumed by Mr. Moyse for 7 p. c. of each year's increase for a period of three years.

A Word as to the Future

The Silver Black Fox Industry is well-established and no doubt is now entertaind as to its permanency. The "Premier" with its excellent foxes, moderate capitalization and low ranching rates should rank as one of the high dividend payers of 1915 and following years.

Special Offer

It is the aim and intention of the Company to have 10 pairs of foxes in its ranch this fall. In order to do this they wish to place the present issue of stock as soon as possible. They therefore offer to those investing on or before July 15th, 1914, a discount of 10 p. c. on above capitalization which places the foxes at $16,200 a pair.

Application for Stock

A large amount has been already subscribed and those who wish to take advantage of our special offer should apply at once to any of the officers of the Company:—
