Scars of Hate Removed, Seeks To Free Wife

CHICAGO, Aug. 26. — The scars of hate which prompted young Darby Day, 23, millionaire sportsman, to have his wife sent to prison for throwing nitric acid on him during a rage of jealousy, has disappeared along with the marks which disfigured his face.

After a delicate operation Day's handsome features have been completely restored by Dr. Henry J. Schireson, and the wealthy Chicagoan announced that he will now set out to obtain his wife's release from a California prison.

"I cannot love Bernice any more, but I feel that I owe her the kindness of doing what I can to set her free," Day said. "I can now go before the California Pardon Board and show them that the marks of her jealousy have been removed."

Canadian Cattle Carry Off First Honors

OTTAWA, Aug. 26.—The Federal Department of Agriculture has been notified that two Canadian bullocks recently carried off the first prize for the best pair not exceeding 14 cwt. and first and second prizes for the best butchers' beast on exhibit in the Aldborough and Borough Bridge Agricultural Show in Great Britain. The Department was advised that these successes were achieved over a very excellent showing of English and Scottish ntries. This is considered of more than usual importance as indicating that the store cattle shipped from Canada to Britain and finished off there can compete with theb est bred in that country.

Queen Mary Active In Palace Clean-up

SANDRINGHAM, Eng., Aug. 26.—Queen Mary is reluctantly preparing to relinquish her apron and feather duster to take up once more, theoretically at least, the Royal Sceptre.

For two weeks she has been actively assisting in renovating the residence of the late Queen Alexandra. On some days she was so busy that she only stopped at noon for a few sandwiches brought to her from York Cottage, the present Royal residence.

Every night now she may be seen returning to her cottage tired and dusty after a good day's work.

"Her Majesty looks as I do when I'm busy with spring cleaning," one of the villagers remarked.

Denver cigarmakers' Union is demanding a restoration of the wage in effect before a reduction was made five years ago.

New Conditions Planned For Race

ADDITIONAL PRIZES ARE SET UP TO SPUR CANADIAN BREEDING

NEW YORK, Aug. 26.—New conditions have been announced for the historic King's Plate race, which will be run at the next meeting at Connaught Park, Canada, from Aug. 25 to Sept. 1. The nomination fee has been dropped to stimulate entries for the race, which is for Province of Quebec bred horses. The race is for 50 guineas, the gift of His Majesty, the King, and $1,000 added. Previous winners of the race are not eligible.

In the interest of improving breeding in the Province, additional prizes have been put up, $225 to the breeder of the winner, $150 to the breeder of the second horse and $75 and $50 to the breeders of third and fourth horses respectively. Similar extra prizes have also been put up for the Provincial Nursery event.

City Baseball League

In all probability the long looked for game between the Anchors and Stars will take place at the Abegweit grounds this evening at 5.45.

As was said before both teams are out to win and the game has all the ear marks of being a humdinger from start to finish.

To Meet Boys At Pittsburgh

DOCTOR CLAIMS CAPTAIN NEEDS MUCH MORE REST

CINCINNATI, Aug. 26.—Frank Frisch, A. W. O. L. captain of the Giants, who left the team at St. Louis last Saturday, will not rejoin the team until Thursday at Pittsburgh. John McGraw, manager, admitted that he had given Frisch permission to remain at home two more days because Frisch had said that he felt unwell.

"Does this mean you've lifted Frisch's suspension?" McGraw was asked. He laughed. "I'm not going to be hard on him," he replied. "He isn't a bad actor."

Frank Frisch, who arrived in this city on Sunday, was still confined to his bed at his home in the Bronx Monday. His family physician stated that it would probably be necessary for him to stay in bed for another day and to refrain from going outdoors for several more days.

Despite the doctor's orders, Frisch still hopes to join the team in time for the series with the Pirates in Pittsburgh, starting on Thursday. He is still suffering with a heavy cold and he has been told by his doctor that he needs a considerable amount of rest.

Driver Badly Hurt in Races

BANGOR, Me., Aug. 26.—About 15,000 people attended the Bangor Fair today and with good weather the track was in excellent condition considering the rain of yesterday. Joe Johnson, the well-known Portland reinsman, was thrown when his horse fell late in the afternoon. He was run over by horses following and was kicked in the face. He was rushed to the hospital and treated for fractures of both upper and under jaw and for bad lacerations of face and scalp. It is doubtful if he is able to drive anymore this season it is stated.

Four races were on the card and lasted until sunset. Johnson took the 2.09 pace with Peter Kennedy, of the Dwight Edwards Auburn stables, and also won the 2.16 trot with Blue Jay, of the Edwards stable, outracing Frank Fox's Luke Belle, which was favored to win but was unsteady. Red Dillon, of Dr. F. A. Bragdon's Springvale stable a top heavy favorite in the 2.22 pace, won the race after dropping the first heat to King Forbes, showing the speed of the field in the last three heats, Irving Pottle with the Porland mare, Irene Medium and Johnson, with Marvel Dodd, making fast brushes to the wire.

Above are two unique photographs of Gertrude Ederle, American girl who, on August 6, successfully swam the English Channel, the first of her sex to do so. The one picture shows her as she entered the water at Cape Gris-Nez, France, the other is a striking action photograph, in which she is shown executing a left-arm stroke while in mid-channel. The pictures were rushed to Dover by a fast tug, thence to London by motor car and motorcycle, and across the Atlantic by cable by the Bartlane process. The one showing Miss Ederle entering the water was received in Canada less than forty-eight hours after it was taken.
