ROYALS QUALIFY TO MEET WOLVERINES

Defeat All-Stars 4-1 In Final Game Of Series; Fluke Goals Aid Royals

(By Harold McNamara, Canadian Press Staff Writer)
(C. P. By Guardian's Special Wire)
MONTREAL, April 3.—Montreal Royals flashed to a 4-1 victory over Toronto All-Stars, Ontario titlists, tonight to advance to the Eastern Canada Allan Cup hockey final. The win gave the Quebec champions the margin in the two-of-three-game series. They won the first game here 3-2, and lost at Toronto Monday 5-2.
The Royals will move on to Halifax where they will meet Wolverines Saturday in the first of a two-of-three-game series for the right to enter the Allan Cup final against Fort Arthur.

NEVILLE OUTSTANDING

Brilliant play by Dave Neville, veteran right winger, gave Royals the victory in one of the hardest-fought amateur games seen here this year.

Neville slammed in two of his team's four goals and was credited with another when a Toronto defenceman accidentally cleared the rubber into his own goal. Lanky Hugh Farquharson, centre, scored the other Toronto lone counter which was scored by Ken Grivel early in the third period.

A lucky goal early in the second session started Royals on their way to victory. Hughie Farquharson carried the puck in and passed to Neville, who lost the rubber into a scramble. Pud Kitchin, in attempting to clear, shoved the rubber into his own net. The score was credited to Neville. A penalty to Buster Munday, Royal defenceman, paved the way for the second goal by Neville a few minutes later.

USE FIVE FORWARDS

Torontos rushed five men up the ice and Neville took a pass from St. Germain in his own zone to break away and beat Andy Goldie, Toronto net minder, easily.

Toronto carried the play at the start of the final period and Grivel shoved home Fowler's pass on a gang play at the five minute mark. Another breakthrough, this time by Farquharson and Neville, put the game in the bag for Royals, however. Farquharson shot the rubber over to his winger as he hit the baseline and Neville coasted in to beat Goldie easily.

A minute later Royals got their second fluke goal of the night to make it safe. Goldie came out of his net to juggle with a loose puck and Farquharson shoved out his stick to lift the rubber through the Toronto net minder's legs into the open net.

All-Stars were without two of their best men, Teddy Oliver, out with a broken wrist, and Don Hodges, who has water on the knee.

Hugh Farquharson, centre last year on the McGill University squad which bowed to Montreal Hawks in the Eastern semi-final, and spear head of Royals' attack, was in on every goal tonight although he did not get an assist on Neville's second goal. After Monday's game Toronto sport writers rode Farquharson and St. Germain for ignoring Neville on the attack but tonight it did all through the Neville Group season and a tight five-game playoff for the group title with Ottawa Senators.

FAST TEAM

Halifax will see a fast team, with heavy hitting rearguards and two well balanced lines when Royals meet Wolverines on Saturday. Coach Don Penhision has a team of home bred that can take punishment and hand it out, and can score goals in flocks if they get an opening. Only non-Montrealers on the squad are Neville, who came here three years ago from Hamilton and St. Germain, an Ottawa, who has been a resident of Montreal since he entered McGill University about 10 years ago and has played with Royals for several years following graduation.

Royals were conceded an edge going into tonight's game, the Toronto squad not finding the keen Forum ice to their liking last week. Referees were changed for the contest following Toronto complaints against George Foster and Jack Duggan, Ottawa, who handled the

Dean Fined By Manager

(A. P. By Guardian's Special Wire)
DOTHAN, Ala., April 3.—Dizzy Dean, temperamental pitching ace of St. Louis Cardinals, today was fined \$100 by Manager Frankie Frisch for missing the team's train at Dublin, Ga., last night.
Charlie Gelbert was fined \$50 and outfielder Red Worthington was sent home to St. Louis by the Red Bird pilot for a similar offence.
Infielder Charley Wilson was sent to St. Louis for breaking training and "belligerence."

Hold Practice Despite Fierce Hail Storm

PUTNEY-ON-THAMES, April 3.—(C. P. Cable)—Both Oxford and Cambridge crews, with the classic varsity boat race only three days off, went out on the river today despite a fierce hailstorm although they went to Wardsworth Beach where the water was smoother.

Oxford paddled for a while and then did a short burst of rowing in their first outing, then returned on the ebb tide. They had 10 strokes in 15 seconds in one burst and in a minute's row, competing in the Thames R. C. eight a 1-1-4 length lead, beat them by half a length, their rate being 9, 18 and 37 strokes for the quarter, half and full minute.

Cambridge also paddled in the morning although they had a short burst of rowing. In the afternoon the Light Blues did little work, although in a minute's row they got in 37 strokes.

Hopes For Club Minus Champion

MONTREAL, April 3.—The poor player is the best thing for sport, according to Prof. Ramsay Traquair, chief of the department of anatomy at McGill University and authority on pastimes. Popularity, professionalism and what he calls the stranglehold of rules have turned most games into "complicated corpses," he declared at a meeting of the Royal Montreal Curling Club.

Prof. Traquair said he had no better wish for the club than obscurity and plenty of poor players. In fact he had hopes of a club that would expel any member who won a championship. He pointed out that the majority of players in any sport belonged to the poor class respectively.

The simple manner in which some popular sports originated was described by Prof. Traquair. Golf grew from Scottish shepherds practicing field hockey. When it became a rich man's game it carried with it the loose knickerbockers of the lowland shepherd. Masons, held up in their work by frosty weather, began sliding ordinary stones over the ice and so curling got its start.

Gilroy Will Witness Play-off Games

(Special to the Guardian)
WINNIPEG, Man., April 3.—On their way to Halifax where they will attend the annual meeting of the Canadian Amateur Hockey Association and also take in the final series for the Allan Cup, a party of hockey officials leave over Canadian National lines on Thursday. They will remain over in Toronto on Saturday, where they will meet some of the eastern officers.

Included in the western party will be E. A. Gilroy, Portage La Prairie, President of the Canadian Amateur Hockey Association; Fred E. Marples, Secretary, C.A.H.A.; Claude Robinson, Chairman, Finance Committee of the C.A.H.A., and A. E. H. Coo, President of the Manitoba Amateur Hockey Assn.

Walters Awaits Word From Capt. Pine

(C. P. By Guardian's Special Wire)
LUNENBURG, N. S., April 3.—Still awaiting an answer from Gloucester to his challenge for an ocean schooner race, Captain Angus Walters had his Buenaose brought up to the wharf today and started preparations for his voyage to England.

The veteran Lunenburg skipper said the champion of the North Atlantic fishing fleets probably would be ready to leave for the British Isles about May 1, whether or not Captain Pine decided to accompany him with the Gloucester banker Gertrude L. Thebaud.

Tentative plans call for a race across from Boston to Plymouth, several contests on the other side, a return race across the Atlantic finishing at Halifax and a series for the international fishermen's trophy off Gloucester in the fall. The plans depend on whether enough prize money is offered, but Captain Angus plans to pay his way with a barnstorming tour.

New World's Marathon Mark Set

(A. P. By Guardian's Special Wire)
TOKYO, April 3.—A new world's mark for the marathon of two hours, 26 minutes and 43 seconds was claimed today by Yasuo Ikenaka, Tokyo student. He made the time today in a meet for prospective Japanese entrants in the 1936 Olympics.

Officials said the course was the regulation Olympic marathon length. The Olympic record is 2:31:38 made by Juan Carlos Zabala of the Argentine at the 1932 Olympics in Los Angeles.

There are no listed world marathon records since most of the courses vary. The mark of 2:26:43, set in Tokyo today by Hasuo Ikenaka, however, is better than the Olympic record of 2:31:38 made by Juan Carlos Zabala of Argentina in 1932, and also tops the United States A. U. record of 2:43:25 2-5, made by Dave Komenon of Sudbury, Ont., June 9, 1934, at Washington.

Senior "Y" Even Up Series

Accounting for ten points in the first half while holding their opponents to a lone penalty shot, Senior Y hoop squad evened up their semi final series with P. W. O. for the right to advance to the final for House League honors in the Y when they staved off the Collegians second half bid, emerging the winners of last night's encounter 22-16.

Failure of the losers to realize on foul shots during the first part of the game cost them the decision, resulting in only one out of fifteen awarded them while in the second half they sank five out of nine.

Trailing by nine points going into the second session the losers came back strong to tie the count at 13-13 with less than nine minutes to go but with the appearance of Henry Saunders and Young on the Y forward line the game shifted again to the winners' side this trio accounting for nine additional points while holding their opponents to three.

Lineups

Senior Y: J. Walker (3), B. Henry (2), Lennox (2), C. Ives, J. Saunders (1), G. Young, S. Macklin, L. Garnum, Mollins (7).
P. W. O. C. Johnston (6), K. Morrow, H. Smith, J. Cullen (2), I. Stirling (2), L. McKay, A. Larter (6).

Scot Quite Upset Over Soccer Trip

(Canadian Press)
GLASGOW, April 3.—Proposed Canadian-United States tour of a Scottish football team this summer has one sports writer here quite indignant. "Judex" in the Glasgow Weekly Herald makes a few critical remarks on the matter. Under the heading "I boil over," the writer says:

"And the cause? This Scottish Football Association Canadian-U. S. A. tour.

"Thousands of pounds, under guarantee by the Dominion of Canada P.A., is being spent to take a team across the Atlantic, when there is every reason to state that missionary work in Scotland is being neglected disgracefully.

"What benefits to the sport are to accrue from the trip? I contend there are no benefits whatever, and that it is once again the case of the elected leaders of the football world going against the wishes of the electors—the club supporters.

"Who wants a team to tour Canada when an official tour has yet to be made of the North of Scotland? And hundreds of thousands of enthusiasts in the East of Scotland have never seen a representative Scottish team.

BASEBALL POLITENESS
SAN FRANCISCO, April 3.—(C.P.)—The Dai-Nippon Japanese baseball team, visiting in this country, has brought new ideas of politeness to the diamond sport. No matter how angry they become, the Japanese players always doff their caps and bow to the umpires when they get an adverse decision. The umpires are politely called "mister."

WHY WILL NOT SEEK RE-ELECTION

"Through With Hockey For the Present," Says President of M. A. H. A.

(C. P. By Guardian's Special Wire)

AMHERST, N. S., April 3.—President James E. Wry of the Maritime Amateur Hockey Association said tonight he was through with hockey leadership "for the present at least," and would not seek re-election.

Referring to a rumor he was seeking presidency of the Canadian Amateur Hockey Association, Mr. Wry declared that the present was a poor time for it, as officers would not be elected at the C. A. H. A. meeting in Halifax next week.

The election of officers, he said, would not take place until 1936, and Cecil Duncan of Ottawa, first vice-president, would be the logical successor to E. A. Gilroy of Portage la Prairie.

"Whether the other clubs in the Maritime Provinces will support the concerted move of South Shore and Valley clubs to elect Mr. James Smith to the presidency is not for me to discuss," President Wry said of the M. A. H. A. situation. "I naturally imagine that there will be other candidates in the field for the position, although, on the other hand, the post may go begging."

President Wry, who has held the office for three years offered a suggestion that his successor should be given a two-year tenure of office. This would not only allow him to familiarize himself with the work, but would also permit him to get acquainted with the experienced officials of the C. A. H. A.

"Although Mr. Tennant (the league's secretary-registrar) and myself met with criticism from nearly every quarter in the province, we feel that in a modest way we accomplished a great deal of good in our three years of service," President Wry said. "It was only a few months ago that we abolished the waiver rule that had been applied to Maritime amateur sport for several seasons. This season various provincial clubs found it necessary to comply with the residential rules."

"In fact, I cannot see any major difficulties ahead for incoming officers."

MCCOY A HERO

DETROIT, April 3.—(C.P.)—Kid McCoy, silver-haired veteran of the ring wars, has refused to accept a medal for helping in the rescue of 11 people from Bass Lake near here. He pulled six launch overturned. But when the medal idea was brought up McCoy, or Norman Selby, which is his right name, said: "Forget the hero stuff."

Analysis Of Teams Gives Leafs Edge In Stanley Cup Series Opening Tonight

(By Elmer DuImague, Canadian Press Staff Writer)

TORONTO, April 3.—Between 14,200 and 15,000 will watch the opening game of the Stanley Cup hockey finals here tomorrow night between Montreal Maroons and Toronto Maple Leafs, who have never met in a series of such importance before. The crowd for the first game may reach record proportions.
The last dozen or so seat tickets in Maple Leaf Gardens lasted approximately five minutes when the box-office opened today. Then it became a matter of how many standing-room tickets would be sold. When the big red team from Montreal slipped into town tonight the word was out that there would be a sell-out.

ALONE ON SCENE

Maroons were alone on the scene. The Leafs, who went to Preston Springs after completing the conquest of Boston Bruins in the National League finals last Saturday night, will motor here some time tomorrow, probably late in the afternoon. They may return after the game and stay in Preston until shortly before the second contest Saturday.

Having emerged from the grueling Boston struggles without a single major injury, the Leafs will start as favorites over Maroons, probably at odds of about 5 to 4. In a short series the conquerors of Chicago Black Hawks and New York Rangers are given virtually an even chance of beating Toronto.

They are conceded to be as strong defensively as the Leafs with Alex Connell in goal and Lionel Conacher, Allan Shields, Cy Wentworth and Stew Evans on the line. There may, however, be more scoring punch in the Leaf rear division, particularly if the series develops any kind of wide-open hockey.

King Clancy, Hap Day, Bill Hollett and Red Horner have been more consistent scorers than the Maroon quartet in addition to being superior play-makers. George Hainsworth, whose play-off form so far has at least equalled that of Connell, has been given fine protection.

So many observers expect the forward lines to decide matters and the Leafs may have a slender edge both ways up front. The yhave the game's greatest front division in Charlie Conacher, Harvey Jackson and Joe Primeau, an done of the best defensive lines in hockey in Frank Finnegan, Bill Thoms and Hec Kilrea.

Maroons, however, had a better distributed scoring punch. Russ Blinco, Earl Robinson and Dave Trotter accounted for more than 40 goals this season, only a few more than Herbie Cain, Bob Gracie and Gus Marker bagged for another line. Cain, former Hamilton Tiger senior star, is Montreal's heaviest scorer.

ALL-ROUND PERFORMANCE

For all-round performance Baldy Northcott, Jimmy Ward and Hoolley Smith, experienced, strong and fast, would hold a considerable edge over the other Toronto line of the brilliant Pep Kelly, young Red Metz and the veteran Harold Cotton. Yet, in a playoff the edge might easily be pared down to nothing.

If these forces start out to play a safe defensive hockey, it might be the tamest sort of play a Stanley Cup series has seen in years. The 14,000 odd hope the forwards have their way.

Referees For Opening Cup Game

(C. P. By Guardian's Special Wire)

MONTREAL, April 3.—Referees Bill Stewart and Billy Bell will be in charge of the Stanley Cup game at Toronto tomorrow night, President Frank Calder of the National Hockey League announced tonight. The goal umpires will be J. McLean and F. Pike, both of Detroit.

The second game of the series, between Toronto Maple Leafs and Montreal Maroons, will be played Saturday night with the same minor officials but the referees may or may not be changed, Calder making no announcement on that point.

Calder will see all games of the series.

Jack Dempsey Keeps Fit

(A. P. By Guardian's Special Wire)

NEW YORK, April 3.—On the theory that when all men reach the age of 75 they still should be kids both in spirit and flesh, Jack Dempsey went back into training today. "I'm just fortifying my body against the time when I'll be 75 so that I'll feel spry as a youngster," said Dempsey after a brisk 45-minute workout in a gymnasium.

"I want to lose a little of this flabbiness," said the former Mandrake Mauler pointing to his stomach. "You know I'll be 40 years old on June 24 and I don't want to acquire one of those middle-age spreads."

Play Draw In Rugby Match

HAMILTON, Bermuda, April 3.—Playing before a large crowd including Governor Sir Thomas Astley Cubitt of Bermuda, Harvard University and the British Navy teams played a scoreless draw today in Bermuda's "rugby week" series.

Yale, Harvard and the British assa Mauler won one game while the Bermuda Rugby Club and Manchester Regiment have not scored a victory.
