THREE TRAGIC DEATHS IN CANADIAN WEST

WINNIPEG, Feb. 6.—The Winnipeg Tribune, in a story from Fort Smith, Northwest Territories, said Saturday that this section of the frozen north has experienced a winter of tragedy. Three children had met tragic death, the despatch stated.

"Dorothy, four year old daughter of William Pinsky, died today from the effects of dog bites. While going to visit a friend the child was attacked by police dogs from the post here and was bitten and gashed in sixty places.

"An Indian woman, hearing the child's screams, ran to her assistance, and managed to beat off the blood-maddened dogs with a club. "The victim, suffering terribly, lingered on for two weeks before death arrived.

"A schoolboy, playing in a basement wood chute, was struck on the head with a block of wood and died of his injuries. An Indian girl was the third victim. Standing too close to the fire in her father's tepee, her dress caught fire, and she died later of shock.

"Joe Tarrague, Fort Smith, district trapper, lost all his possessions when fire destroyed his cabin. Tarrague, without food or blankets, walked for four days to reach Fort Smith."

270 Persons Executed In China In Past Few Days

SHANTUNG, Feb. 6.—Dispatches from Canton say that 270 persons out of 2,000 arrested in the past few days as Reds, have been executed. Six hundred persons were arrested in Canton, and the entire 270 executed were selected from these six hundred.

The arrests were made in a continuation of the round-up of Communists by the government of General Li Chai Sun, which has been a-d-e-t-a-t of six weeks ago, whereby the Reds obtained control of the city for a few days at the expense of some 5,000 lives of Communists and the Nationalists.

MISS BROWN OF X. Y. O.

By E. Philipps Oppenheim (Copyright 1927 by E. Philipps Oppenheim)

She waited while he wrote it down, and then the taxicab rattled off. Outside the bank she saw a man step out of a following vehicle as though himself about to enter the building. She called the taxi driver from his seat and offered him five shillings with her left hand.

"Will you walk across to the bank door with me, please," she begged. "I am sure that man has been following us and I have something valuable with me."

"That's all right, miss," the chauffeur assured her cheerfully. "They know me all right, these chaps. I'm a bit of a bruiser. They won't touch you as long as I'm about."

Her Treasure Safe

He glanced curiously at the satchel and at the mark upon her wrist and gently guided her across the pavement. The man who had seemed about to enter the bank hesitated and returned to his taxicab. With a breath of relief she crossed the threshold of the building and made her way to the counter upon which she lay her satchel. A young man with flaxen hair and young nose, who had been engaged in the task of counting a pile of treasury notes, looked at her in surprise.

"Will you unfasten this, please, and lock it up at once in your vaults?" she begged.

He unfastened the strap and started as he saw the condition of her wrist.

"Some one tried to snatch it away from me just now," she explained. "I have £500 here to open an account with you and a card from Colonel Dessiter, but first of all will you please put that satchel somewhere safe."

The young man smiled and placed it on a rack behind him. The manager, who had been walking round, strolled up, glanced at the single line written on Dessiter's card and passed the bundle of notes to the clerk. He looked at Miss Brown curiously.

"We shall be delighted to open an account with you," he assured her. "Do you wish to put this £500 to a current or a deposit account?"

"A current account, if you please," Miss Brown decided. "But first of all with you look up that satchel and give me a receipt for it."

The young man, at a word from the manager, took it away and disappeared through a trap door behind the last of three counters. Miss Brown gave a sigh of relief and sat down. She began to realize that her wrist was hurting.

"Have you any instructions about this precious packet of yours?" the manager inquired with a smile.

"It is to be given up to no one except myself," she replied with emphasis. "No written order for it is to be accepted even if the receipt is produced. When I want it, I shall come for it."

The manager himself wrote a slip which Miss Brown signed. She drew a long breath of relief. "It's down by the vaults by this time, isn't it?" she asked.

"In a steel compartment," he assured her, with his eyes fixed upon her wrist. "It's just as safe as it would be in the Bank of England, and it will be there until you fetch it, away yourself. In the meantime, please, let my clerk have two of those signatures, and he will give you a checkbook and a pass-book. By the bye," he added, leaning over the counter, "is Colonel Dessiter a friend of yours?"

"Scarcely that," she replied cautiously. "I have done some work for him."

"You have heard of his illness?" She looked at him for a moment in silence. The manager thought that he had never seen such simple and ingenuous blue eyes. All the time she was wondering how much she had better know.

"I heard something about it," she admitted. "I hope it isn't serious."

"Wasn't sure whether you had heard," he answered gravely. "Colonel Dessiter died early this morning."

To the Electors of Charlottetown

LADIES AND GENTLEMEN:

At the request of a large number of prominent citizens I have consented to place my name in nomination for the office of Mayor of our city of Charlottetown. In view of the impossibility of calling personally on all electors, I am taking this method of asking for your support.

As you may be aware, I have been FOR 10 YEARS A MEMBER of the City Council. During this period I have been entrusted with the chairmanship of some of the most important working committees and for the past two years have been chairman of the Street Committee. Without going too extensively into detail, mention may be made of the following Civic improvements during this period. Inspection of Meat and Milk, the policy of permanent streets, the improved gravel surfacing of clay streets and finally that policy of street cleaning which has resulted in Charlottetown being recognized as one of the cleanest cities in the Dominion.

In this connection the undersigned was a member of the original group INTRODUCING THE PERMANENT STREET POLICY AND WAS PERSONALLY THE SPONSOR OF INSPECTION OF MEAT AND MILK, SO VITAL TO THE HEALTH OF OUR CITIZENS.

My advocacy and support shall be given to all measures for the betterment of the City, including a CONTINUATION OF PERMANENT WORKS, SATISFACTORY AND CHEAPER LIGHTING BOTH CIVIC AND DOMESTIC, MORE EQUITABLE ASSESSMENT, THE EXTENSION OF GRAVEL SURFACING OF CLAY STREETS, THE IMPARTIAL ENFORCEMENT OF ALL LAWS, AND EVERY MEASURE FOR THE IMPROVEMENT OF SANITARY CONDITIONS.

If elected to the honorable position of Mayor of Charlottetown, it shall be my aim, throughout this term of office, to promote in every way within my ability the progress of the City and the interests of the citizens, to which end time and effort shall be given willingly and unhesitatingly. A wise and careful economy shall always be held in view.

With gratitude for your kind support, I remain

Very respectfully yours,
I. J. YEO M. D.

To the Electors of Ward Two

Ladies and Gentlemen:— I have decided to accept the nomination as a candidate for councillor in Ward Two in the coming Civic Election.

Should you honor me by election I will use my best endeavour to further the interests of Ward Two and also do my part to assist in carrying on the civic administration with efficiency and with due regard to economy.

M. W. REARDON.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

To The Electors Of Ward One

Ladies and Gentlemen:— I am again in the field as candidate for Councillor-for Ward One. If elected it shall be my endeavor to faithfully discharge my duties as your representative, giving special attention to the needs of the Ward and at the same time doing my part in carrying on the civic administration in an efficient and economical manner.

I thank you for the generous support accorded me two years ago, and respectfully solicit your votes at the coming election.

Yours sincerely,
DR. F. C. DOUGAN.
2081-dly.

ELECTION CARD

LADIES & GENTLEMEN,

Electors of Ward 2.

According to the request of a large number of taxpayers I have consented to become a candidate for Councillor in Ward 2, at the forthcoming election.

If elected I will, as I always have done, see to it that the strictest economy is practised, but not to the extent that would retard proper progress.

My experience as herein set forth should be sufficient proof of my qualifications:

During the building of the P. E. Island Railway I was on the engineers staff, accepting the contract of grading four miles of clay road. I continued contracting for five years and never had less than twenty-five men employed at one time—often as high as one hundred.

Many years ago I bought a lot on Richmond Street. The house was said to be seventy-five years old and was one of the first school houses in the city, known as Miss Bulpi's school. I built a fine three storey building on the site which is one of the best building sites and erecting fine dwellings on many of those sites and which greatly improved the western section of Ward III. These properties bring in a nice income in taxes to the city.

Later I bought and operated the Mount Edward Road Stone Quarry and secured the contract for straightening the curve at Blue Shank.

My next contract was the building of a large wharf at Annandale, then followed the contract for completing the Hillsborough Bridge. After this was the building of three miles of railway from Souris into the gravel pit and then the Railway Wharf in this city.

I had the honor of occupying a seat at the Council Board for three terms—six years; the first two years as Chairman of the Light Committee; the next two as Chairman of the Market Committee and the last two Chairman of the Street Committee.

This will show that I am well qualified to occupy a seat at the Council Board. I am satisfied that the taxpayers should be thus informed and will no doubt see to it that they have a man with such experience to represent them.

THOS. CAMPBELL

To the Electors of the City of Charlottetown

Ladies and Gentlemen:

As publicly announced some weeks ago, I will be a candidate for the Mayoralty at the Civic Elections to be held on Wednesday next, February the 8th, and as it will be impossible for me to see you all personally during the few remaining days of the campaign, I hereby respectfully solicit your votes and influence in that contest.

I was first elected to the City Council in 1920, as the representative of Ward Two, and I have had the honor of representing that division ever since. During those eight years I have, at different times, served as chairman of the Finance, Tender and Public Property, and Light Committees and as an evidence that my constituents approved of my conduct in these different capacities, I may be permitted to point out that in the elections of both 1924 and 1926 I had the additional honor of being returned to the Council unopposed.

As a member of the Council I have served the citizens to the best of my ability. I have consistently supported every measure for Civic advancement which has been brought before the Council, and in all matters calling for the expenditure of public money I have never failed to insist upon the strictest possible economy consistent with the efficient maintenance of the civic service. I have endeavored to be particularly vigilant in the matter of safeguarding the public health, as evidenced by my efforts to secure milk and meat inspection and I have constantly advocated the establishment of open-air rinks, public bathing houses and other means of giving healthful recreation to our children and young people.

I have always been a supporter of permanent public works, but we have now reached the stage where the continuance of such work means a further increase in our debt or higher taxation, to either of which I am unalterably opposed. It shall, therefore, be my policy, if elected, to proceed in a cautious manner in such matters, until our revenue has been increased. Such an increase can, I believe, be brought about by a more equitable assessment of our taxable property, and I shall cooperate, in the fullest measure, with the members of the Council, in evolving a workable plan for that purpose.

In the matter of public ownership of electric light and other utilities, I may say that I shall endeavor, when the proper time arrives, to deal with such matters in a manner that will prove advantageous to the taxpayers and citizens generally.

In short, if you do me the honor of electing me your Chief Magistrate, it shall be my constant aim to make the next term of civic government one of unequalled progress, efficiency and economy.

Thanking you in anticipation of your support, I am,

Yours faithfully,
WILLIAM MORAN.

To the Electors of Ward Three

LADIES & GENTLEMEN:—

By request of a large number of Electors, I have nominated to contest Ward Three in the coming Civic Elections.

There are many promises one could make, but the only one reasonable is, that I will, if elected, do all in my power to make Charlottetown more beautiful and sanitary, with due regard to economy.

As it is not possible to call on each voter personally, I take this opportunity of respectfully soliciting your support on Election Day.

Yours for a clean Civic Government

Arthur H. MacDougall

To the Electors of Ward 4

LADIES & GENTLEMEN:—

Two years ago I solicited your support for a seat at the Council Board. Although I received a splendid vote I was defeated. Again you are called upon to elect those to whom you wish to entrust the business of the City for the next two years, and again I place my services at your command.

The City Council is simply your Board of Management, selected by you to look after your financial interests, and carry on the business affairs of the City. The Ballot is yours. You have the privilege of electing two Councillors. Select those whom you believe responsible, and best qualified to represent and protect you.

I am actuated solely by a desire to be of service to my City, and fellow citizens. Should you do me the honor of electing me I will use such ability as I possess, and will on all questions of whatever nature they may be, exercise my Judgment in a manner that I believe to be right, and in the best interests of the City, ever keeping in mind the necessity for safe, sane, but progressive civic advancement.

Very respectfully yours,
PERCY W. TURNER
