

Two Canadian Skaters Qualify At Lake Placid

(By Wallace H. Ward, Canadian Press Staff Writer)

LAKE PLACID, N. Y., Feb. 7.—Two Canadian skaters out of a field of eight qualified for the 10,000 metres Olympic speed skating championship final to be raced over the quarter-mile oval at the Olympic stadium here tomorrow afternoon.

Alex Hurd, of Hamilton, Ont., and Frank Stack, of Winnipeg, will carry the Maple Leaf into the 6.2 mile grind against such stars as Irving Jaffee of the United States, and the Norwegians, Ivar Ballangrud and Bertt Evensen.

Hurd won his place in the final with a magnificent spurt from the tail end of the pack to win the first heat yesterday in 17 minutes, 56 2-5 seconds. Marion S. McCarthy, of Edmonton, Alta., was entered in the same heat, but dropped out after the sixth lap.

Frank Stack, the Winnipeg flash, entered in the second heat, skated the 25 laps at an easy pace and his

green figure flashed suddenly from the rear at the end to take second place behind Irving Jaffee and qualify for the final. Bill Logan, of Saint John, N. B., finished fifth, just a few feet behind Bertt Evensen, but failed by those few feet to qualify for the final.

The 10,000 metres event tomorrow represents Canada's last chance to take an Olympic speed skating title this year. The United States took the five hundred, 1,500 and 500 metres championships and will make a strong bid for the fourth title.

The two heats of the 10,000 metres event were run off yesterday after more argument and bickering between the nations. The United States entries and the Finns and Norwegians declared they would not race the 6.2 mile heats over again. The officials of the race gave them five minutes to get on the starting line, threatening to let Canadians start without them. There was no more demurring.

Olympic Doings MAROONS 3 AMERICANS 1

LAKE PLACID, N. Y., Feb. 7.—Canadian competitors pressed close on the heels of United States stars for Olympic honors as the third Olympic winter games prepared to enter the second week in this Adirondack mountains resort. Though no titles were established yesterday or today, Canadian speed skaters sent two men into the finals of the 10,000 metres grind with a good chance to win on their past performance, and the Canadian Olympic hockey team beat Germany 4-1 yesterday morning and blanked Poland 9-0 here this afternoon to take a good grip on the leadership of the world's championship series.

Emil St. Goddard, of Le Pas, Man., won the dog sled derby, capturing both yesterday's and today's 25 mile legs.

second heat yesterday, edged out of a place in the finals by Bertt Evensen of Norway.

Winnipeg Trim Germans

The Germans, though plucky and extremely zealous, bowed to the Canadian hockey team yesterday morning with the final score at 4-1. The Germans tried hard despite their clumsiness, but the smooth working Winnipeg team had little difficulty turning aside their attacks and running in four goals.

Today the Canadians took on Poland and found the Polish defence like putty. The Winnipeggers rushed down three men abreast and tallied nine times in the three fifteen minute periods. Today's victory gave the Canadians 6 points on the series. With three straight victories, they meet Germany, Poland and the United States again this week.

Hooley Smith Chased For Slashing Lam Over Face With Stick.

MONTEREAL, Que., Feb. 7. (By the Canadian Press)—A goal a period gave the Montreal Maroons two vital points in their attempt to and a play-off position in the Canadian section of the National hockey league here Saturday night when they trounced the New York Americans by the score of 3 to 1.

Smith His Lamb

The Maroon's victory was offset by Hooley Smith drawing his third major penalty for slashing Joe Lamb in the face with his stick during the last few minutes of the game. Automatically he will be unable to play in Tuesday night's game here against the Canadiens and his absence will be felt.

The Americans got their only goal of the evening at the beginning of the first period. Attacking in three man formation the New Yorkers swept down on the Maroon cage and Himes passed the puck over to Filmore who shot from the right boards. As the puck rebounded off Walsh's pads Brydge rushed in through centre and scooped the puck into the net. Just over a minute later Northcott evaded the score for Maroons when he took Jimmy Ward's pass and shoved it past Forbes.

Abbes Determined

The Abbes returned Saturday evening from their Mainland trip, where they won from Moncton and Fredericton.

Although disappointed at losing at Fredericton, they are determined to wipe out this defeat on home ice Wednesday night.

The games in both Moncton and Fredericton were well refereed and the Abbes have no alibis to offer. They gave all they had, but Bubar, the Fredericton goalie proved their woe.

This same Bubar, in the 22 league games played this year, has allowed only 22 goals to be scored on him.

The Fredericton team at the present time are at their peak and are playing whirlwind hockey, but the Abbes are confident they will secure two more points Wednesday night, so that in the event of the protest re Moncton-Campbellton game being allowed, they will still be in a position to win out.

Seat sale for Wednesday's game opens this morning at 10 a. m., at the Forum.

Due to the brand of hockey played in the Northern League, which has aroused such tremendous interest, the Forum management decided to put plan on sale one day earlier to accommodate the enormous crowd expected.

minutes and 12 seconds. Three years later he astonished everybody by making good his boast to become a marathon runner. He was on the U. S. Olympic team in 1924. Since then his triumphs have lessened, but not his queer, extraordinary courage.

He took part in C. C. P. trans-continental derby and later ran a six-day race against a horse in Philadelphia. In 1931 he put on snowshoes for the first time and finished seventh in the Montreal to Quebec race.

Ray never had a greater admirer or worshiper than himself, but his self-adulation did not prevent him from sustaining the most intense punishment. After his first marathon his shoes had to be cut from feet. Doctors prophesied that he would never run again, but a few weeks later he conquered Clarence De Mar in a marathon on Long Island. Now he plans to come to Canada for a snowshoe derby.

TROUBLE AT LAKE PLACID

Canadians Treaten To Withdraw From Winter Sports Because of Disqualification Of Two Skaters.

(By Wallace H. Ward, Canadian Press Staff Writer)

LAKE PLACID, N. Y., Feb. 6.—An impasse was fast being reached at tonight's protest meeting over the disqualification of two Canadians and two others in the 10,000 metre heats on today's Olympic programme.

Joseph K. Savage, Chairman of the Olympic speed skating committee and Referee, whose ruling brought on the turmoil, found himself the target of bitter protest. He said he understood Finland was considering withdrawing her skaters. He added that he also understood Canada would not skate in other events scheduled. Then he spoke P. J. Mulqueen, President of the Canadian Olympic Committee in support of his boys. The veteran Canadian sportsman said twenty words:

"Canada would take a more drastic step than that. By tomorrow night there wouldn't be a Canadian flag in town."

QUEEN HOTEL 3 MOHAWKS 2

On Saturday night on Forum ice the Queen Hotel team turned back the Southport Mohawks 3-2 in a junior league fixture. The fighting Mohawks, minus their regular goalie, showed marked improvement and the Queens were hard put to edge a win. The Queens were without their regulars and had only six men of whom played the entire game without a relief. The work of the Mohawks defence was outstanding. McKee checking hard, blocking and clearing well. His fast rushes were always dangerous. The Southport captain has great speed, which he uses to advantage. With good coaching, there is a future for this boy and also some of the other juniors. The Mohawks forwards were not Saturday night, carrying well and taking their opponents out of the play. Cudmore, Mohawk centre, played a useful game in mid ice. Tony MacMillan played a splendid game for Queens. This boy is fast and a fine stick handler. Lund and Ber. Queen wings, were fast and effective. Due to the heavy ice, Acorn's carrying from the defence was not as spectacular as usual. Storey, the other Queen defenceman, did some useful checking, while on the offence, he stick handled well but seemed to "hog" the puck too much. Both goalies were good. Mel Diamond refereed Saturday night and his work left nothing to be desired.

Lund scored two goals for Queens in the first period unassisted, McKie rifling in one for the Mohawks on a long shot. The second canto was scoreless. In the third period, Beer on a solo rang up Queen's third, Balderson scoring Southport's second.

The lineups were:

Queens

Goal—Johnson.

Defence: Storey, Acorn.

L. Wing—Beer.

Centre—MacMillan.

R. Wing—Lund.

MCGILL TRIMS U.S. OLYMPICS

(Canadian Press)

LAKE PLACID, Feb. 7.—The McGill University hockey team defeated the United States contenders for Olympic hockey honors by the score of two goals to one, in an exhibition match here Saturday.

The Canadian college team played only three short periods of ten minutes each as they had to catch a train to Montreal.

Jack McGill scored for the Canadians in the opening period with a tricky shot from the left boards.

Then Gordie Crutchfield notched their second goal when he found a loose puck in the corner and swerved through the defence to beat Farrell.

The United States team scored when McGill was a man short, a McGill pass in front of their own goal giving Garrison the opportunity to divert the puck into the cage behind Maurice Powers.

That ended the scoring and it was fast hockey till the end.

Hughie Farquharson, of McGill, was injured by the butt end of a bent stick, and left the ice during the last period.

"Did you ever dance the old year out and the new one in?" he asked.

"Yes, indeed, scores of times," she replied.

And then she was sorry she spoke.

ICE RACING WINNIPEG POLAND 9-0

(Special to The Guardian)

The first race of the season of the Summerside Driving Club was held on Saturday afternoon on the harbour ice. Friday night's storm caused the horsemen some anxiety as to whether the race could be held, but through the courtesy of the Town Council, who gave them permission to rent the tractor to clean off the speedway, the course was in splendid condition by race time. The club was rewarded for their efforts by having a record attendance from town and country. Mr. Justice Saunders was present; also Captain J. L. and Mrs. Read, from Borden. The Summerside Club are changing their race day to Thursday to accommodate the racing circuit of Prince County. The next meet will be held on Thursday, February 11th. The races were all keenly contested. The three-year-old class brought out three new starters, namely: Lillian D. Witty, Lindy and Don Forbes. New speeders to the Summerside race course are: Sungleam, Aubrey Cope, John F. and others. These horses will make the racing at Summerside interesting this season.

LAKE PLACID, N. Y., Feb. 7.—The Polish hockey team offered little opposition to Winnipeg, Canada's representatives, in an Olympic match here this afternoon, and the Canadians had little trouble in piling up a 9 to 0 score in the three fifteen minute periods. The victory this afternoon gave Canada a total of six points towards the Olympic winter games series. The midwestern team has met and conquered the United States, Germany and Poland, but must play each team once again.

The Winnipeg team did not make the mistake of underestimating the Polish team, and kept a careful defence even when they were eight and nine goals ahead. The Polish players skated as fast as anybody on the ice, but their puck carrying was poor, and they could not get their shots off on the wing.

MAPLE LEAFS 6 BOSTON 0

TORONTO, Ont., Feb. 7.—(By the Canadian Press)—Getting the jump on Boston Bruins in the first seven seconds of play, Toronto Maple Leafs went on to bury the team from the "Hub" under a 6 to 0 score in a National Hockey League game Saturday night. The game was one of the cleanest played on a local rink, only three penalties being awarded, two of which went to the Leafs.

Coacher led the local sharpshooters with two goals, Jackson, Finnigan, Levinsky and Bailey netted the others.

The Career of Jole Ray

If there ever was a pathetic figure in sport it is Jole Ray, one time king of the American track world. The man who at one time ran into the ground everybody who measured sprinting shoes with him, yesterday fell in a marathon dance at Newark, N. J., all because of the whim of a woman. Ray had surprised the public a hundred times with his unexpected performances, and when he entered one of the contests that have made the sanity of the great Union suspected in the eyes of the rest of the world, people were not particularly surprised.

Confident of his ability to an extraordinary degree, the running idol of America, when discovered by reporters as an entrant in a dance-hall marathon, where the contests had been going on for more than 14 weeks, had this to say: "You can't keep the wolf from the door with medals. I have to eat and that's why I am doing this. And you can take it from me, I've got this dance marathon thing sewed up. I passed through the squirrel stage, when you get hopeless and exhausted, long ago. I could go out and break 4.25 for the mile right now. That \$1,000 is as good as in my pocket right now. This thing is in the bag."

The Final Chapter

When you who rule the battle, look down upon the field, With glory in your battleax and triumph on your shield, Before the head starts swelling from fame's elastic thrill Look out against the skyline—on halfway up the hill; Look out against the skyline, where training for the day A better man than you are is always on the way.

And when you hear the tumult that rings against your name, That far-swept, rolling thunder that heralds growing fame, Don't breathe it in too deeply, don't let it sink too far, Don't think your future on it, however high you are— For you'll hear louder cheering when in your final fling You fade into the shadows before the new-crowned king.

So let this thought, in passing, sink swiftly in your soul— The fun is in the battle, but never in the goal; And when the way seems easy, put this down for a bet, No matter what the booty, you pay for what you get; Through darkness look to sunlight, but when the sunbeams flock, In place of picking laurels—get ready for the shock.

—Grantland Rice.
