Panic Averted In Big Chicago Bout

Fight Between White Man And Negro In Which Pistol Is Drawn Throws 10,000 Fight Fans In Uproar—Lights Go Out.

(Canadian Press)
CHICAGO, Ill., March 27—A panic broke out in the Coliseum last night during the eighth round of the Jackie Fields-Young Jack Thompson fight, when the lights suddenly went out and a rush for exits began. Spectators screamed and shouted "that gangster had taken possession of the place."

As Fields and the negro stood toe-to-toe throwing punches at each other in the eighth, a thunderous rumbling sound, growing in volume, each second, suddenly started from the south end of the Coliseum. In a twinkling the crowd of 10,000 was in a riotous uproar, with hundreds dashing out of the exits, and others storming toward the ring. A hundred or more, panic-stricken spectators climbed or crawled over the ring'siders and swarmed between ropes, filling the ring.

The battle had to be stopped until police and firemen restored order. Twelve to fifteen persons were injured in the crush. Newspaper correspondents at the ringside trying to report the battle, lost their typewriters in the jam and telegraph wires were broken. After the police and others had restored order, the battle

One person was dead and two others reported dying today as a result of panic and the stampede of spectators at the bout here last night between Jackie Fields and Young Jack Thompson, Californian.

ST. FRANCOIS-PORT ARTHUR TILT THRILLER

Allan Cup Finalists Battle 90 Minutes To One All Deadlock

WINNIPEG, March 27—Two tired hockey teams, battling for the Allan Cup and Canada's amateur title, are still on even terms after a 90-minute struggle to open the two out of three game final series.

St. Francois Xavier, intermediate champions of the east, and Port Arthur, seniors, western title holders, finished their first game last night, deadlocked at one goal apiece, after 30 minutes of overtime.

The eastern champions tallied first and it looked to be all over but the shouting. The Saints' triumph, however, was short lived and shortly after the puck had been faced up again Port Arthur drew a mighty shout from the spectators by forcing in the tying tally.

Both teams worked hard to break the deadlock but play toward the finish lagged a little as the players were too weary to maintain top speed any longer.

Brightened by a stirring opening session to the overtime, when both goals were scored, the contest provided thrills for well over 5,000 Winnipeg fans at their first Allan Cup final in four years. Tony Baril, a burly-haired eastern winger who learned his hockey in St. Boniface, Man., sent the St. Francois crew ahead with only a minute of overtime gone.

But Jimmy Creighton, whose hockey tuition was gained in Brandon, another Manitoba city, put the squads on even terms just two minutes later. He batted in Bud Jarvis' pass from left wing as Gagnon, Saints' cool-headed goalie, was about to kick the disc out of danger.

PYLE STARTING SECOND BIG BUNION DERBY

NEW YORK, March 27—A bigger and better edition of the 1928 Bun-ion Derby—the 3,400 mile foot race, across the continent, that started amid laughter and ended in dead earnest—is blooming again under the direction of Charles P. (Cash and Carry) Pyle.

Tall runners, short ones, fat and slim, from Sweden, Italy, Belgium, Poland, Spain, Australia, Canada, and all parts of the United States, are piling daily into the headquarters of the promoter. They are working out in Pyle's training camp on Long Island, almost a hundred of them waiting the gun that will send the spic and span troupe away Sunday on the first leg of the 3,900 mile grind to Los Angeles, Calif. For eight days the hearties will pound pavement and concrete, struggle up and down mountain, through dusty country roads and across deserts, chasing the \$25,000 pot of gold that awaits the winner June 18 on the other side of the continent. Prize money will total sixty thousand dollars.

Pyle has gathered \$300 from each of one hundred entries and the runners must pay their own expenses in transit. Chambers of Commerce and business men in eighty cities and towns where the caravan will stop during the flight have posted \$60,000 in banks along the way, Pyle says.

BIG LEAGUE BALL GOSSIP

AVALON, Santa Catalina Island Cal., March 27—(C.P.)—The clashing of cymbals and brass attend the preparations of the Chicago Cubs for the National League pennant race.

They have been widely proclaimed as favorites to carry off the bunting. Pre-season clamor already has vested the Chicagoans in the garb of the champions, and now all that Manager Joe McCarthy has to do is win the flag. If the prognostications of the various and sundry critics prove to be right, the Cubs will annex their first pennant since 1918.

One of the most colorful aggregations in the club's history and one of the snappiest outfits seen in many seasons, has been in spring training on this pleasure isle. The inclusion in the lineup of Rogers Hornsby and his mighty bludgeon appears to have much to do with the Cubs' envied position as favorites, and the spirit and pep with which they have gone through their conditioning toll indicates that they are imbued with the pennant spirit.

The punch that was lacking in the final days of last year's hectic campaign, resulting in the loss of the gonfalon by a four game margin, the Cubs hope will be contributed by Hornsby, seven times leader of the National League in hitting. Then, such swatmasters as Hazen "Kiki" Cuyler, "Hack" Wilson, and Jackson Stephenson will be there to aid in boosting the Cubs over the top with their long range shelling.

Percy Lee Jones, he of the south-paw slants, and Freddy Maguire, infielder, went to the Boston Braves, together with a mint of money, for the much bartered Hornsby. That Cub officials looked upon him as one to lead the Cubs to a championship may be seen in the fact that a quarter of a million dollars in cash and players were expended for him and his potent bat. Manager McCarthy holds that the youngsters in the infield will work the better with his in.

While McCarthy is depending considerably upon the star second sacker, he also lays great stress on the reserve material which he describes in enthusiastic terms. Believing that strong reserves form a necessary adjunct to a squad, the Cubs plot has lined up an able substitute for each department.

Clarence Blair, a youngster from Little Rock, Ark., club, is a third base sub with a fairly hefty wallop and good fielding ability. He should prove valuable as relief man for Clyde Beck at the "hot corner."

Elwood English, 21, possessed of two seasons' experience with the club, will hold down shortstop. Charley Grimm will be at first, Hornsby at second, Beck at third and Norman McMillan again filling the general infield utility role.

Cuyler, Wilson and Stephenson to all appearances will occupy the outfield berths, with Clifton Heathcote and John Moore, other veteran fly chasers, carried. Dan Taylor, from

Referees To Have Wider Scope In Handling Major Offenders, Says C. A. H. A. Meeting.

(Canadian Press)
WINNIPEG, March 27—Aiming at the rough hockey player and illegal tactics, generally, rules allowing a referee wider scope in penalizing were adopted by the Canadian Amateur Hockey Association at today's meeting. Stick throwing to prevent an opponent from shooting on goal and abusive language, were moved into the category of major offences, by the amateur hockey moguls, after hearing recommendations from a special resolutions committee. A player who throws his stick in an effort to stop an opponent from scoring may be penalized five minutes on his first offence, but during the balance of the same game, any player on his team who commits the same foul, may be sentenced to ten minutes. Heretofore a referee was empowered only to serve three minutes penalties for stick throwing. Abusive language directed at a referee by a player at present calling for a five minute penalty, will permit the official to lengthen the rest to ten minutes according to a motion carried this morning. Ten minutes will also be meted out to a player who strikes an opponent on the head or face with his stick rather than five minutes.

ACTION IS CENSURED

WINNIPEG, March 27—The action of the Trail Smoke Eaters, British Columbia senior hockey champions, in using player Howard Anderson in their Allan Cup semi-final series with High River Flyers and Port Arthur, was censured yesterday afternoon by delegates to the Canadian Amateur Hockey Association in annual session here. After hearing all available information regarding the case of Anderson who while unsigned, played with Trail in both series, the meeting promptly commended the British Columbia Hockey Association for its stand in pressing the case to the notice of C.A.H.A. officials. Later the delegates show ed their disapproval of methods employed by the Trail team to use Anderson, by unanimously passing a resolution censuring R. B. Dimock, manager of the team. The player

Mr. John Willard, President Isle, arrived in City last night—Will Look Over Promising Colt

Mr. John Willard, one of the oldest and best known trainers in the Eastern States, particularly known on account of his famous exploits with John R. Braden, 2-2-3-4, and who it will be remembered drove that horse to the track record of 2:08 3-4 at Charlottetown some years ago, arrived in the city last evening and will look over a Longset colt out of Anna Pratt, owned by Lieut. Col. J. S. Jenkins, D. S. O. of this city.

About a year ago Mr. Willard purchased Devilset, 2:12 1-3 from the Colonel and is tremendously pleased with him.

Colonel Jenkins also was a passenger returning from Halifax last evening to meet Mr. Willard.

SAYS S'SIDE WILL GET THE PLAYOFF GAME

ST. JOHN, March 27—The Argonauts Club has been advised that their proposed junior game at the Halifax Forum cannot be played there as the ice has been removed from that enclosure. Therefore it has been decided that the Argonauts will play against Victoria Unions in Summerside, P. E. I., this series to decide the junior championship of the Maritime Provinces.

The New Brunswick champions left here early this morning in order to arrive in Summerside in time for a game against the Island winners Thursday night. A guarantee has been offered the Argonauts sextet but they still will require financial assistance.

The Fairville six know very little regarding their opponents but they are said to be a very fast aggregation. After meeting and downing the snappy Sunny Brae six, however, the locals feel that they can take the measure of the Unions.

Farm tractors have been developed in both Germany and Sweden with semi-diesel engines.

SENATORS HAVE FAST PAIR OF BASE STEALERS

TAMPA, Fla., March 27—It's going to be just too bad for any catcher who goes to sleep when his team is playing the Washington Senators this season.

The Senators have the best base-stealer in the league on their club in Buddy Myer, third baseman, and one of the greatest base-runners the game ever has known in Clyde Milan, coach.

These two are giving Manager Walter Johnson a hand in teaching the Nats how to pilfer an extra base and, with the majority of probable regulars fast on their feet it looks like the Senators will be one of the best base-stealing teams in the league this year.

TORONTO, March 27—Leaving for Boston late this afternoon, Frank Calder, president of the National Hockey League, stated he was still unable to announce the date and place of the second game of the Stanley Cup series between Boston Bruins and the New York Rangers. Protected Cigars

"When you offer a man a cigar and then find it's broken—that's concentrated embarrassment. When you take a cigar from your pocket for personal consumption and it's cracked—that's waste and annoyance. So to protect against this Tucketts pack Marguerites in handy pocket packs containing 5 cigars. And each cigar is also foil wrapped. I've put many a man right on how to buy protected cigars."
