## Pimples Kill Many a Romance

The lives of many young people are made miserable by the breaking out of pimples on the face.

The trouble is not so much physical pain, but it is *the mental suffering* caused by the embarrassing disfigurement of the face which very often makes the sufferer ashamed to go out in company.

The quickest way to get rid of pimples is to improve the general health by a thorough cleansing of the blood of its impurities.

—**LOBSTER SEASON OPENS TODAY**—The lobster season opens *today*, but so far the prospects for putting out traps and getting bait are *very poor. Owing to the ice* in the harbour no herring have come in and therefore bait is very scarce. The ice round the shore also makes it very bad for putting out the *traps.* A few catches of herring have been reported off Fifteen Point.—S.

—**NEWLY WEDS SHOWERED**—Mr. and Mrs. Cyril Hickey who returned last week from their wedding trip, were tendered a post nuptial shower at the Capitol Grill on Thursday evening. Over 100 invited guests attended and the bride and groom were the recipients of some very lovely gifts. Dancing was enjoyed until a late hour. Refreshments were served during the evening.—S.

## Are Flown From

(Continued from page 1)

left the isolated New Brunshwick Island yesterday but they decided to remain by their plane pending further instructions from Soviet authorities.

Conditions delayed today's rescue. The amphibian flew to Miscou this morning but after circling half an hour was still unable to find a safe landing place owing to ice and a stiff wind. The weather was cloudy.

The smaller planes of Canadian Airways succeeded where the large craft had little chance. Pilots Anderson and Jones made several trips each between Moncton and Miscou. Officials who went to the island yesterday returned on these planes and Jones also brought back ome of the Russian monoplanes equipment.

**Cause of Crack-up**

NEW YORK, April 30—(AP)—Freezing of the plane's radio compass and exhaustion of the fliers' oxygen supply caused the two Soviet airmen enroute from Moscow to New York to decide on a forced landing on Miscou Island, N.B., Soviet officials said Saturday *night.*

Constantine Oumansky, Charge *d'Affaires of the Soviet Embassy* at Washington, announced these reasons were given by Brigadier General Vladimir Kokkinaki, the pilot, in a telephone conversation with him.

General Kokkinaki called Oumansky from the Miscou Island lighthouse. The Charge d'Affaires reported the pilot said he "did not feel badly and that the doctor sent *from New York by plane found he* seemed to have only a slight contusion of one rib." His radio operator-navigator, Major Mikhail Gordienko, was unhurt.

"He said that flying between Labrador and St. Lawrence Bay he met complete overcast up to 27,000 feet and climbed to this level," Oumansky said. "He had continuous strong winds. The temperature at that time was minus 48 degrees centigrade (minus 118.4 Fahrenheit).

"The radio compass was frozen and the oxygen supply was exhausted and in spite of the fact the motors were performing perfectly and he still had 900 kilograms of gasoline he considered it unadvisable to continue and decided to land."

"He descended in darkness and landed on the coast of Miscou Island in soft ground," Oumansky continued. "During this landing the propellors and right engine nacelle were damaged. The rest of the plane was intact."

**Outstanding Flight**

MOSCOW, April 30—(AP)—Russian authorities said tonight the Soviet plane forced down 700 miles short of its goal on a projected Moscow-New York flight actually travelled 300 miles more than its route between the two cities called for.

A broadcast said General Vladimir Kokkinaki, the pilot, and Major Mikhail Gordienko, his radio operator-navigator, flew 3,000 kilometres (5,000) miles, when they came down on Miscou Island, N.B., Friday after more than 23 hours in the air.

Had they been able to follow the course set for the flight, they would have had to fly only 4,700 miles to reach New York. Adverse weather conditions were said to have forced them from the course.

The flight committee announced the flight under such conditions "appears to have been outstanding and one of unique heroism."

## Arrested For "Break" Into Liquor Store

**Walter Gallant, of Summerside was arrested in the early hours of Sunday morning as he was trying to make a get away after a break at the Vendor's store on Summer Street. Officer Schurman was on his rounds between three and four o'clock on Sunday morning when he noticed that the Vendor's had been broken into, the thief having gained entry through the transom above the door.**

***Gallant was caught in the vicinity with some bottles of liquor on his person. About a dozen and a half bottles including wine, whiskey and rum were missing. Gallant was handcuffed and locked up in the cells in the Town Hall but while the police were away investigating the break he broke out with the handcuffs still on him but was found about an hour later in the west end.***

**He was arrested a second time and lodged in the Prince County Jail. He will come up before Magistrate Darby this morning.**

## SEEKS TO SEAL

(Continued from page 1)

If the present flow of volunteers continues for the remainder of the year, Britain will build up a regular Army of 366,000, a Territorial field force of 340,000, an anti-aircraft *force of 115,000* and conscription reserves of 200,000.

All these men with the exception of the anti-aircraft divisions are being trained for fighting on the continent.

The cabinet in a special meeting tomorrow before the House opens will hear a report on the Anglo-Russian negotiations and review the European picture in the light *of reaction to Hitler's speech.*

With conscription details to be prepared, the Cabinet faced several problems. One was whether the compulsory military service would extend to Northern Ireland and citizens of Eire who are in England. Prime Minister de Valera of Ireland has announced his opposition to the latter.

Another was the possibility of *compulsory registration of all citizens*, a proposal which Labour members of the House of Commons were expected to oppose.

**Broadcast In German**

The Foreign Office meanwhile instructed the British Broadcasting Corporation to broadcast in German that Britain's intentions toward Germany were pacific and her alliances definitely were not an attempt at "encirclement" of Germany.

A Foreign Office spokesman reiterated that Britain had no intention at present of negotiating a new naval agreement to replace the 1935 pact which Hitler denounced Friday.

Sir Neville Henderson, British *Ambassador to Berlin, has not* been given any specific instructions to seek clarification of Hitler's speech, it was said, but soon may see the German Foreign Minister, Joachim Ribbentrop, as a natural step.

The Foreign Office drew attention to a 1,500-word editorial in the Times of London, entitled "Herr Hitler's Reply," which said in part:—

*"Conference, indefinite deadlock* or war—these are the choices before the world and above all before Herr Hitler since it is certain there will be no war unless Germany elects to overthrow the peace."

## Claims Democracies Were "Betrayed"

MONTREAL, April 30—(CP)—Canada's foreign policy conforms to that of Great Britain's Nationalist *Government*, which has "betrayed democracy throughout the world," M. J. Coldwell, Co-operative Commonwealth Federation member of Parliament for Rosetown-Biggar, said here last night.

"I am not blaming the British people," he said. "Their hearts are sound. But the Nationalist Government has betrayed them as it has betrayed democracies throughout the world....and Canada, through successive Governments, has slavishly followed the leadership of that Nationalist Government."

Coldwell, national chairman of the C. C. F. spoke at a dinner tendered the party's members of the House of Commons. Other speakers were *J. S. Woodsworth, member for Win*nipeg north centre and C. C. F. national president; Angus MacInnis, (Vancouver East) T. C. Douglas, (Weyburn) and P. J. Rowe. (Arthabaska).

## Kensington And Vicinity

Mr. Charles McInnis and Mr. Preston Chappell motored to Tyne Valley on Thursday and report roads good.

Mrs. Erwin Champion accompanied by Mrs. Ivan Darrach were visitors to Summerside on Friday.

A large number of the younger element motored to Summerside on Friday evening where they attended and enjoyed the Double Bill, shown at the Capitol Theatre.

Her many friends will be pleased to hear that Mrs. Daniel Dunning is on the road to complete recovery from her recent accident.

Dr. R. D. McNeill, assisted by Miss Ross, R. N., Public Health nurse of Charlottetown visited the Kensington High School on Friday to read the results of the previous patch test for tuberculosis.

The Kensington Girl Guides Troop accompanied by a large number of citizens journeyed to Traveller's Rest on Friday evening where the Troop presented their variety concert to a large audience.

Mr. T. M. Howatt, was a business visitor to Charlottetown on Saturday.—H.

## PROROGATION

(Continued from page 1)

further expression of their criticism and suggestions, they may decide to discontinue any prolonged opposition to other measures still before the House.

Outstanding matters before Parliament of a nature tending to stir up debate, in addition to the budget, include the wheat legislation *having to do with the guaranteed* price. Great pressure is being placed upon the Government to increase the assured price from 60 cents a bushel to 70 or even 80 cents. Much depends upon the Government's stand on this point.

**Mortgage Rediscount Bank**

Another outstanding piece of *legislation, and the last in the* Government's sessional program, *is the proposal to set up a mortgage* rediscount bank. Only vague details of this measure have been made known. It will appear formally on the order paper tomorrow but will probably not be discussed until the budget debate is over.

It is the definite decision of the Government to adjourn Parliament from May 12 to May 19 when the King will visit the Senate chamber either to prorogue Parliament or to give royal assent to such bills as are ready, thus assuring an unprecedented spectacle within the walls of Parliament in either case.

In the latter contingency, after royal assent, members will return to their chamber and adjourn until *June 19, the first Monday after the* departure of Their Majesties from Canada.

One thing Prime Minister Mackenzie King is determined upon, he has stated, and that is not to put any pressure upon members to conclude in time for royal prorogation. He is not expected even to initiate any move for longer daily sessions with that end in view, unless he is advised it is the general wish of the members.

## Flier's Flying Boots Stolen

MONCTON, N.B., April 30—(CP)—Harold S. Vanderbilt's airplane was ready to take off for New York this evening with the two Moscow long distance fliers when Albert Lodwisk, Vice-President of the Aviation Corporation of America, jumped from the big plane and rushed back to the ground.

"Kokkinaki's flying boots have been stolen!" he exclaimed to R.C.M.P. Inspector John Bird. The Brigadier-General had worn the boots on all his flights, explained Lodwick. "It's not the value of the boots that matters but the sentiment attached."

A quick inspection of nearby persons and buildings showed no sign of the fur-lined boots, presumably snatched by a souvenir hunter.

Kokkinaki, "hero of the Soviet Union," removed the boots shortly after landing here from Miscou. Apparently they were stolen while he was walking across the field.

**BRIGHT COLOR VOGUE INFLUENCES BRIDE**

Paris spring collections featuring blue and red color combinations have inspired one spring bride with ideas for her retinue.

A tiara of orange blossom will be worn by a fashionable bride here with her white brocade gown woven with silver roses.

Two grown-up bridesmaids will wear pale blue brocade gowns scattered with little red and silver flowers. Their headdresses will be made of twists of the same material. They are carrying bouquets of red amaryllis lilies.

## Liberal Candidates For 3rd, 5th Prince Nominated Saturday

A joint nomination meeting of 3rd and 5th Districts of Prince County Liberals was held in Summerside Saturday, in connection with the provincial election to be held May 18. Harold Schurman, vice-president of the East Prince County Liberal Association, presided.

For the 3rd District, Thomas Linkletter was nominated to represent the Liberals for Councillor in the Legislature and Hon. Marin Gallant was nominated for Assemblyman. For the 5th District, B. W. Robinson was nominated for Councillor and E. P. Foley for Assemblyman. Nominations of the *four candidates*, all of Summerside, were unanimous.

All except B. W. Robinson, a new man in the political field, sat in the Provincial Legislature for the last four years. Mr. Robinson, former mayor of Summerside, filled the vacancy made by the retirement of Hon. L. R. Allen, member without portfolio of Premier Thane A. Campbell's Government.

Nomination of Mr. Robinson was moved by Dr. H. E. Clark, Summerside, and seconded by Major Moase, St. Eleanors, while E. P. Foley's nomination was moved by Victor Travers, Summerside, and seconded by Frank Callbeck, Sherbrooke. Nomination of Mr. Linkletter was moved by George Lockhart, Spring Valley, and seconded by *Augustus Arsenault*, St. Gilbert. Mr. Gallant's nomination was moved by Stanley Champion, Spring Valley, and seconded by F. T. Gallant, St. Gilbert.

Speakers included the four candidates, Mr. Allen, Mr. Robinson, and Premier Campbell.

## Lobster Season Along Strait Opens Today

PICTOU, N. S., April 30—(CP)—The lobster season opens along the Northumberland Strait tomorrow, *but it won't open with the usual* bang. Ice conditions on the narrow strait tonight precluded the possibility of the annual race for the choicest grounds when the season opens at dawn.

The yearly race for the prime *spots is something to see.* Hours before the sun peeps over the eastern horizon fishermen are in their boats bound for bearings often prized by their fathers before them. When dawn finally comes the winners drop their traps and buoys. They fish at the spot thus chosen for the remainder of the season.

While small areas in other sections sometimes yield richer harvest of the crusty catch, the Northumberland Strait supplies most of the lobsters packed in Canada during the season. The two-month season is followed by a fall season along the New Brunswick shores.

## Will Take Charge Of Refueling Base

QUEBEC, April 30—(CP)—Flight Lieutenant D. D. Atkinson of Imperial Airways arrived here Saturday in the Liner Duchess of Richmond en route to Botwood, Nfld., to take charge of a refueling base for Trans-Atlantic planes there.

Trans-Atlantic service will be started in June, Atkinson said, but date of the first flight has not been definitely set.

The two planes—converted Harrow Bombers—that will be used to carry on flight-refueling over Botwood arrived here last week in the Freighter Beaverford. They will be assembled in Montreal before being flown to Botwood.

Originally built for the Royal Air Force, the refueling planes will meet incoming Trans-Atlantic planes and cruise along above them as the refueling operation is being carried out. The Harrows are capable of transferring 1,000 gallons of fuel in flight.

**PLEASANT GROVE W. I.**

The regular monthly meeting of the Pleasant Grove W. I. was held at the home of Mrs. John C. Harding on Wednesday evening, April 5, with ten members and six visitors in attendance. The meeting opened with singing, "The More We Get Together" and the roll call was answered with a question. The minutes of the previous meeting were read approved and signed by the Vice-Pres. Reports of committees were heard and a bill for fruit was presented and paid.

Correspondence from the Red Cross Society and The Society for Control of Cancer was read and a short discussion followed.

It was moved and seconded that a gift be purchased for Mr. and Mrs. Edison Hardy's baby daughter.

Committees were appointed as follows:—

Sick Committee, Mrs. Randolph Murray, Mrs. Florence Matthew.

Entertainment Committee, Mrs. Arthur Wyatt, Mrs. W. E. Hardy.

It was decided that the Secretary write to the Experimental Farm concerning the distribution of bulbs and seeds. The questionnaire on Home Economic was discussed and completed at this meeting.

The program for the evening consisted of readings by Miss Doris Taylor and a contest put on by Mrs. R. Murray and won by Mrs. Hubert Morrison and Miss Marie Doyle.

The meeting closed with the National Anthem, after which a delicious lunch was served by the hostess.

The next meeting will be held at the school where the roll call will be answered with gardening hints.

## *Special Fares To World Fairs*

MONTREAL, Que., April 29—"A *grand circle" tour of Canada* and the United States, visiting both the New York World's Fair and the San Francisco Golden Gate International Exposition is now possible at a cost ranging from $90 to $115 coach class, and $135 to $162 first class, for railway fare, according to starting point and depending on the type of accommodation desired, stated C. P. Riddell, chairman Canadian Passenger Association. These fares will be in effect from April 28 to October 28 inclusive. "Holders of first class rail tickets may obtain a lower berth at a cost from $45 to $55, plus tax for the entire trip," said Mr. Riddell.

These circle fares are good via any of the many combinations of routes from and to your home as well as between New York and Francisco, over which fares ordinarily apply. You may go first to New York, thence to San Francisco and back home via the Canadian west if you wish, or you may reverse the trip and go to San Francisco first, via various western routes, thence to New York and back home," Mr. Riddell said.

"The passenger will naturally determine upon those particular places he is most desirous of visiting en route, and then select through routes going and returning as will best meet the individual requirements. Other points may be conveniently reached by short side trips at moderate additional cost.

Passengers purchasing a coach *class ticket may enjoy the latest* type of accommodations coaches operated by all principal railroads. Where desired coach class tickets can be exchanged to provide for over-night journey in a sleeping car upon payment of an additional railway fare and sleeping car charge. Passengers purchasing accommodation in standard sleeping and parlor cars may enjoy the *most modern conveniences for both* day and night travel and also have access to observation, lounge and club cars attached to all principal trains both in Canada and the United States. Dining car services will be available to all travellers. Rail and sleeping car tickets will provide the generous time allow*ance of two months for the round* trip and will be good for stop-over at any point enroute.

**CUT HIS PIPE SHORT**

SYDNEY, Australia — (CP) — Calmly preparing for a long drive, a golfer here was a bit perturbed when a golf ball, driven from another tee, struck his pipe, breaking it off at the stem.

## Communist Appeal Against Fascism Issued To Workers

MOSCOW, April 30—(AP)—The Communist International issued an appeal today to workers of all countries to "unite now for the overthrow of their oppressors" as *Soviet Russia's 170,000,000* people prepared to celebrate the 50th anniversary of international May Day tomorrow.

Asserting that Fascism "like a mad beast runs amok over Europe," the appeal continued:—

"British and French reactionaries are paying now for their policy of war provocation against the U. S. S. R.

"With great obedience they opened the doors of Austria and Czecho-Slovakia to the Fascists in order to push them toward the east. They permitted Fascism to take Spanish ores, Austrian and Czecho-Slovak gold reserves, the Skoda munitions plants, Rumanian oil and Hungarian wheat in order to strengthen the Fascist aggressors for war against the country of Soviets.

"But they have exorcised spirits which now have turned against them..... The indignation of the masses grows against the policy of Munich and against those who led peoples into war under the hypocritical banner of saving peace."

*Defence of the Soviet Union as* the stronghold and safeguard of workers will be one of the keynotes of the May Day celebrations.

What such defence means in terms of trained men and modern weapons will be symbolized in a great May Day parade of the armed forces in Moscow.

## Author-Explorer Buys An Island

PLYMOUTH, England, April 30—(AP)—Rosita Forbes, British author-explorer, announced today she had bought an island in the British West Indes called Eleuthera, "eight miles from civilization," where she would make her home.

Mrs. Forbes arrived Saturday on the liner Orduna fom a visit to the West Indes. She has conducted numerous expeditions in Africa and is an honorary member of the French, Italian and Antwerp geographical societies.

**SMOKING NOT RESPONSIBLE FOR CHILLED FINGERS**

**By HOWARD W. BLAKESLEE**
**Associated Press Science Editor**

TORONTO, April 29—Smoking was exonerated today from most of the responsibility for the light chill that appears in fingers and hands after a cigarette.

Deep breathing is mainly the cause. The cooling for several years has puzzled medical men. Finger temperatures may drop until the skin is 10 degrees below the body's normal.

The new studies of cigarette smoking were reported to the Federation of American Societies for Experimental Biology by Israel Shulman and Michael G. Mulinos of the College of Physicians and Surgeons, Columbia University, New York City.

The cooling is due to construction of blood vessels in or near the skin, which slows circulation there. In the new tests 17 persons took 10 deep breaths, whose effects were compared with inhalation of cigarette smoke.

There was no difference, it was declared, from this short test. The decrease in blood flow was also equally great whether the cigarettes were denicotinized or standard.

**ONE HONEST MAN HEARD FROM**

OTTAWA, April 29—(CP)—The conscience of a man who has been filling his fountain pen from post office inkwells for 20 years has finally caught up with him.

Postmaster-General McLarty today received the following letter forwarded by the postmaster at Winnipeg:

"Enclosed please find 10 cents. My conscience is bothering me as I have been filling my fountain pen for 20 years from the inkwells in your post office. I think the 10 cents should about cover the cost as the ink is not of a very good quality anyway."

The letter was signed: "An honest Scot."

## Probe Death Of Quebec Farmer

WAKEFIELD, Que., April 30—(CP)—Curious circumstances surrounding the discovery of William Bate's body hanging from a rafter of his barn today prompted Quebec provincial police to explore the possibility the 63-year-old Gatineau district farmer had been slain.

Dr. Joseph Isabelle, district coroner, said a superficial examination ruled out strangulation as the cause of death. There was a deep wound over the man's right temple, and on the floor were a bloodstained sledge hammer and an open pocketknife with bloodsmeared blade.

## Polish-Lithuania Army Talks Planned

WARSAW, April 30—(AP)—General Stanislas Rasztikis, chief of the Lithuanian Army, is scheduled to come to Warsaw in mid-May at the invitation of Poland's Army Commander, Marshal Edward Smigly-Rydz.

The announcement of the visit was received here as an indication of increased cooperation between Poland and Lithuania.

**LONG FLOODLIGHTS**

PHILADELPHIA, Pa. — (CP) — The lights at Shibe Park for night baseball have sufficient candle power to illuminate a highway for 465 miles.

**DIES AT NEW GLASGOW**

NEW GLASGOW, N.S., April 30—(CP)—Captain James T. Carmichael, Pictou County shipmaster whose career saw the decline of sail and the growth of steam navigation, died during the week-end. A native of Loch Broom, N.S., he was 69 years of age.
