## CHRONICLE SIXES

Some Important Facts Briefly Told.

In view of the large subscription and advertising clientele secured as the result of the publishing of the "Nova Scotia Chronicle" and "Echo," the Good-Will is alone worth more than the face amount of the bond issue.

The equity in the Chronicle Building

The plant and other assets covered by the mortgage by which the bonds are secured are worth several times the amount of the entire bond issue.

Thus the investors' principal is safe.

The average annual net earnings for the past five years, after making liberal allowance for depreciation, are more than four and a half times the amount necessary to pay the entire interest.

Thus the investors' interest rate is sure.

As these bonds are issued in denominations of \$100, \$500 and \$1,000 they are available for investors of small and large amounts.

Price 100 and interest, yield 6 per cent. on the money invested.

### CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this Province.

The following were registered at the Victoria Hotel, City yesterday:—W. H. Crocken, Montreal; H. A. McArthur, Sussex; F. L. Bowman, St. John; A. E. Yull, St. John; H. P. Spencer, Toronto; D. Wilson, Toronto; F. A. Young, St. John; F. O. Linton, Truro; F. A. Gillis, Halifax; W. J. Walsh, N. R. Lugar, Halifax; C. H. Rosskham and wife, Chicago; Stock Co. G. M. Reid, Summerside; J. B. Moore, Halifax; W. H. Fell, Toronto; E. L. Day, Moncton; E. B. Morris, Amherst and G. M. Binns, Toronto.

The firemen were called out yesterday evening about 8.15 to respond to an alarm for fire in a yard on Bayfield street. Their services were not required. They were called for in the rain which started at the bell rang. The alarm was given in or was originated by young children who thoughtlessly or perhaps anxiously sung out "fire." While it is necessary in the case of fire to get the alarm in as quickly as possible, it is fair to the firemen that they should be called out as they were last night when the real cause for alarm could not have been properly looked into by those who gave the alarm.

**SEARCHING FOR RELATIVES OF "APOSTLE OF PEACE"**

OTTAWA, Ont., May 27—Eric Brown, curator of the Dominion Art Gallery, is looking for relatives who will recognize the portrait by the famous Holman Hunt of a man named W. L. Monk, the "Apostle of Peace" who is said to have come from around Ottawa.

After negotiations with Mrs. Holman Hunt, widow of the late renowned artist, Mr. Brown acquired for the National Collection at a very moderate price the portrait in which such interest attaches. The portrait was executed by Hunt when both he and his subject were in Palestine together. It portrays Monk holding a Bible and a copy of the Times, on one each hand, and it is only one eccentricity of this remarkable man that he is said to have been of the opinion that the latter fully exemplified the teachings of the former.

**BOSTON NEWS AND JOTTINGS FROM NOTE-BOOK**

(By L. J. KITSON.)

The warm weather has not come to make its stay permanently with us. The thermometer has registered over 85 degrees in the shade. Electric fans are in use for those who are employed in clerical work. Where the electric fan is not found it is a habit for the employees to frequently invade the Ice-Chest if one is near and get relieved. Many tons of Beef and produce are stored in those underground chests, and the thermometer is very seldom over 50 degrees.

The Boston Red Sox are showing the fans how they can play ball when it comes to wallowing out a victory when defeat seems to be inevitable. They are now playing at Detroit. Detroit has been leading with a good margin since the league opening began. The Red Sox are holding with a comfortable lead over the rest of the teams. They shall receive a great reception from the Boston Fans when they open a home series here about June 1st.

Many Bostonians are preparing for a vacation to the Maritime Provinces. Also quite a number of Provincials who have spent the winter here. The Provincial Express which leaves Boston Daily is filled with tourists going to all parts of the Provinces. It is the annual invasion of Uncle Sam's sons and daughters who are convinced that there is no better recreation spot than P. E. Island with her sister Provinces with their cool climate and enchanting landscapes, where they are free from "the mobs" in the city to a place where each year the Down-East temptations are irresistible to the Yankee sportsman.

Police Comm. O'Meara of Boston, who was formerly a Provincial held a conference with Governor Ross recently. It was not made public what the purpose was but many were of the opinion that it referred to his re-appointment as Commissioner. Mr. O'Meara has made many political friends during his administration as Head of the Boston Police Dept. There are many aspirants for the office of Comm. and many business men in favor of Mr. O'Meara's re-appointment; but it is the same Political fever a public servant is criticized whether he endeavors to give a "square deal for all" or show a preference to any one.

I heard from a friend of mine that Miss Irene Shaw and Miss Elsie McQuarrie are visiting friends in Boston. I did not learn from what locality they came from on the Island but no doubt Boston will be a very entertaining town during their stay here.

At the Everett Y. M. C. A. Everett, Mass. a breakfast was served by some of the prominent ladies in one of the spacious rooms. Anyone could have the choice of menu of cold meats or if one was a vegetarian he could satisfy his appetite with fancy salads and other dishes of delicious taste. Many Young Men's Christian Assns are under taking this movement in the expectation of getting funds for to meet the expenses in the Y. M. C. A. work. It should have the heartiest support.

With broiled chicken or lobster at 35c, a plate and strawberry shortcake for a dime Boston is particularly a lovely place to live in now; Yes if you can keep cool; or know some remedy.

One of the most patronized Bath-houses in Boston will soon be open for the "Brownies". Some of the managing directors have started a fight to charge admission of 11c for the privilege of bathing. But quite a protest has been entered by the people, and it is especially in the interest of the poor people. It will no doubt be open to the public if the idea is backed up by some of the prominent men in that section.

## "SLEEPLESSNESS."

Thousands of people all over this land toss night after night on a sleepless pillow. The eyes do not close in the refreshing slumber that comes to those whose heart and nerves are right.

Some are troubled with weak and smothering spells; others palpitation of the heart; others have their nerves unbalanced; but whatever the cause—it comes entirely from a perangement of either the heart or nerves, or both. Milburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber. They do this by their invigorating effect on the heart and nerves and will tone up the whole system to perfect condition.

Mr. H. Jewel, Keswick, Ont., writes: "I am glad to have the pleasure of telling you what Milburn's Heart and Nerve Pills did for me. I would have weak spells, seemed to lose my breath, and would have to get up in the night as I could not sleep. I tried many medicines but found nothing good until I used Milburn's Heart and Nerve Pills. I took three boxes and it is three years ago since I did so, and I haven't been troubled since."

Milburn's Heart and Nerve Pills are 50c. per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
