It is well known that the music held in Morell Hall seems to be better than the one before but one can safely say that this latest affair was superior to the others and goes to show that with a little co-operation, a rare treat can be accorded to those who are lucky enough to be present. The music was furnished by Messrs. Aeneas McEachern, West, St. Peter's, Mark McCormick, Point De Roche, and others and dancing was carried on with increasing merriment till the wee sma' hours when all departed taking with them pleasant memories of the enjoyable and up-to-date time spent in Morell Hall on Easter Monday night.—S.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of othine, double strength, from your druggist, and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of February and March have a strong tendency to bring out freckles, and as a result more othine is sold in these months. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.

LAW STUDENTS' UNION.—Another lecture was held under the auspices of the Law Students' Union in the Court room on Friday evening, the president, Mr. A. Hession occupying the chair. Mr. George S. Inman, K.C., spoke on the "Constitutions of our Courts" and held the attention of all the students for nearly an hour. He started on the principle that a court is a place where the king dispenses justice, and that, in fact, kings sat on the bench in early days. He showed the origin of the various courts in England, the purpose for which each was instituted, the changes made from time to time to adapt them to the requirements of society and traced their progress down step by step until they exist in their present form. He concluded his remarks by giving some suggestions on the study of law and the way in which a new student should begin. At the close Mr. J. A. McDonald moved a vote of thanks, which was seconded by Mr. Chester McCarthy and tendered by the chairman, to which a fitting acknowledgment was made.

NURSES LEAVE.—Miss Elsie Nicholson, daughter of Mr. Donald Nicholson, M. P., and Miss Holmquist, trained nurses who have been selected for overseas service, left last night for Halifax, where they report before leaving their remarks by giving some suggestions on the study of law and the way in which a new student should begin. At the close Mr. J. A. McDonald moved a vote of thanks, which was seconded by Mr. Chester McCarthy and tendered by the chairman, to which a fitting acknowledgment was made.

PHILAPHEA CLASS.—About 28 young ladies of the Charlottetown Baptist Sabbath School have organized themselves into a Philaphea class with the following officers:—President, Miss Jessie Bruce; Secretary, Miss Ethel Norton; Treasurer, Miss Vina Wood; Teacher, Mrs. J. A. Clarke; "Philos," meaning friend or lover and "Aethia," meaning truth. "We do things" is the inspirational motto, which carries these classes to success. They are interdenominational and world-wide. The Philaphea platform is "Young women at work for young women, all standing by the bible school and the Church." There is ample opportunity for work even in a community such as this and it is hoped the movement will grow. A very busy year's work has been mapped out. If any other Sabbath School in Charlottetown desires to organize a Philaphea class the necessary information will be gladly furnished by any of the officers of the above-named class. Visitors are cordially invited to come any afternoon at 2.30, where a hearty welcome will be given them.—SUCCESSFUL STUDENTS.—The parish of Mont Carmel, since it has been entrusted to the able and zealous pastorate of Rev. P. P. Arnsault has duly been credited with the successes of many talented young men who are today in offices more or less remunerative and at no time, as at the present time is the future of young men of Mont Carmel more promising, especially when Mr. Benoit Gallant, St. Gabriel, who with very little college education has at the issue of his examination of last College has come out 4th in his class of many; showing that Mr. Gallant can compete successfully with many class mates, a fact which does not come unexpected to the people of this section. Mr. Gallant's progress in his classes with as much success and perseverance as he did heretofore (and no doubt he will), he will certainly obtain his B. S. A. with high honours. The same can be truly said of another prominent young man of Mont Carmel, Mr. Cyrus Poirier, who is attending classes in the Agricultural College at Truro, N. S. He also has distinguished himself as a perseverant and studious character, who will certainly bring credit to his home and parish. Mr. Poirier is competent and no doubt will obtain his degree with high honours. Mr. Poirier was employed in connection with the Department of Agriculture at Ottawa and Mr. Gallant was employed in a Buttery farm, in St. Louis, P. E.

A SLIPPY SPOT.

"I thought that with a bit of luck I should get through, so I tried the South Staffordshire regiment, and, whistler, by raising myself a little on my toes I made the necessary height and was sent to the depot at Lichfield the following day. Burning the Candle at Both Ends

You cannot burn a candle at both ends without greatly shortening the period of its existence. The same applies to the nerve force—the power which drives the machinery of the body. The supply is limited. The waste resulting from the activities of the day is replenished by the night's rest and sleep—for sleep is Nature's greatest restorative.

When the hours of activity are greatly increased and those of restoration cut down you are burning the candle of nerve force at both ends, and sooner or later nervous collapse must follow. There will be warning symptoms, such as headaches, sleeplessness, irritability, indigestion and feelings of fatigue and depression. If you will heed this warning take things easier and use Dr. Chase's Nerve Food. You can prevent serious developments.

Fainting Spells—Sleeplessness

Miss Emma Scott, Athens, Ont., writes:—"Dr. Chase's Nerve Food has done me a world of good. I was troubled with fainting spells, bodily weakness, and great restlessness, sleeplessness, and frequently had cramps in the stomach, and would at times become entirely insensible, not knowing what was going on until others told me afterwards."

"I doctored with several doctors, and they told me I was threatened with paralysis. They gave me relief, but could not cure me. After suffering for three years I began the use of Dr. Chase's Nerve Food, and it has done me more good than all the medicines I ever used."

"These letters bring a message of good cheer to all who suffer from exhaustion of the nervous system. They tell of the most successful nerve restorative of modern times—Dr. Chase's Nerve Food. There is new hope and courage, new health and strength for you in the use of this great food cure. It has proved its efficiency in so many thousands of cases that it can scarcely fail to benefit you.
