Chamberlain Delivers  
Sensational Speech

(Special to The Guardian.)

BIRMINGHAM, Oct. 13.—Austin  
Chamberlain the government leader  
in the House of Commons in a  
sensational speech to the Midland  
Conservative Club here today de-  
clared the coalition government  
must be continued thereby indicat-  
ing the line upon which Lloyd  
George will make his fight for  
political life in the next general  
election and removing doubts as to  
whether Mr. Chamberlain as a  
Unionist party leader would sup-  
port his chief.

Special significance is attached to  
the speech inasmuch as the Prime  
Minister himself was said to be  
awaiting the pronouncement to  
learn what support he had before  
writing the speech he is to deliver  
at Manchester tomorrow.

PRISONER FEIGNS DEATH  
BUT DOCTOR REVIVES  
HIM WITH SLAP

ST. HYACINTHE, Que., Oct. 13  
—Joseph Robert, prisoner in the  
jail here, shamming death today in  
an endeavor to escape. The doc-  
tor of the prison being summoned,  
he was recalled to life by a few  
sharp cuffs. It was then found  
that he had removed some bricks  
from the wall of the cell, but find-  
ing that the aperture thus made  
only led to the jailer's room had  
given up the attempt and pretened  
to be dead. When first admitted  
to jail Robert begged food and it  
was only under threat of the lash  
that he abandoned this hunger  
strike. He will be examined as to  
his sanity.

Methodism has chosen 150 dele-

Rev. Dr. S. D. Chowan, as General  
Superintendent of the Methodist  
Church in Canada, at the winding up  
of the discussion of reports  
between the Method Book Room  
and its printers, were the principal  
features of the 70th Metho-  
dical conference held this morning.  
Chowan entered upon his third  
year as head of the Church, hav-  
ing been first elected to the asso-  
ciation with the Rev. A. B. G.  
Cairns, "The Grand Old Man of  
Methodism" in 1910. The dispute  
between the printers' dispute was  
brought to an end by the adoption  
of an amendment to the Book  
Committee's report presented by  
Dr. James Smythe, of Montreal,  
which expressed its "fullest sym-  
pathy with all just claims of la-  
bor," and directed that the matter  
could better be dealt with by the  
Book Committee "which has all  
necessary authority in the mat-  
ter."

Earlier in the business of the  
session the delegates named Dr.  
Chowan, N. W. Rowell, K. C. Rev.

Church.

LONG LIVE KING OTTO  
HEARD IN BUDAPEST

BUDAPEST, Oct. 13.—Shouts of  
"Long Live King Otto!" came  
from ten thousand members of  
the National Congress of Catholic  
Associations, as clad in rich Mag-  
yar gala dresses, they paraded to  
the Franciscan Church for the opening  
of their convention.  
The session was opened with a  
speech delivered by the President  
of the Congress, Count Zelych who  
paid tribute to the memory of the  
late King Charles. The assembly  
stood in an impressive silence  
and listened to the address.  
Then, after other speeches in  
which the materialism of the age  
was denounced, Monsignor Sclop-  
pa, the Papal Uncia, read a mes-  
sage from Pope Pius, later Arch-  
bishop Czernoch, at an open-air  
service, blessed the throng.

MRS. MABEL  
FRANCIS

"Tanlac helped me back to good  
health two years ago and I am  
still feeling fine," recently said  
Mrs. Mabel I. Francis, highly re-  
spected resident of 628 S. Linwood  
Ave., Baltimore, Maryland.  
"Before taking the medicine I  
suffered from a nervous break-  
down and was in an awful con-  
dition. I scarcely had strength and  
energy to handle a broom and my  
housework was drudgery to me."  
"The first bottle of Tanlac made  
such a wonderful improvement in  
my condition that I was both sur-  
prised and delighted. So I stuck to  
it and a few bottles built me up ten  
pounds and made me feel as if I  
had never had a sick day. My  
health has been fine ever since."  
NOTE—The International Pro-  
prietaries Co., distributors of Tan-  
lac, have on file in their offices at  
Atlanta, Georgia, over fifty thou-  
sand signed statements from rep-  
resentative men and women from  
every State in the Union and every  
province of Canada. Many of these  
are from prominent people in this  
city and section and have been  
publicly published in this paper.  
Tanlac is sold by all good drug-  
gists.

Signed The New  
Coal Contract

(Special to The Guardian.)  
SYDNEY, October 13.—With  
the exception of some minor ad-  
justments over which the Company  
and the U.M.W. have been confer-  
ring for several weeks, the con-  
tract signed is practically the  
same as the agreement announced  
at the close of the strike.  
For the British Empire Steel  
and its constituent companies the  
contract was signed by H. J. Mc-  
Cann, assistant general manager,  
and for the mainland colliers, J.  
McDougall, assistant general  
manager there, President Living-  
stone, International Board mem-  
bers, Alex. Stewart and Secretary  
J. B. McLachlan signed for the  
U.M.W.

The Nova Scotia coal industry  
is in for a long period of pros-  
perity, at least that is how I view  
the situation in District 22, de-  
clared Dan Livingstone, President  
of the United Mine Workers, to  
the Record on Wednesday morn-  
ing, after formally signing the  
Besco-U.M.W. wage contract rat-  
ified by the referendum that ended  
the August strike.

"The contract has been signed,  
there is a feeling of optimism  
throughout the district and pros-  
perity seems to have turned the  
corner," where it loitered for such  
a considerable length of time."  
President Livingstone declared  
today that he considered the con-  
tract signed a fairly good settle-  
ment. Certainly it was not all the  
U.M.W. representatives would like  
to have secured, but on the whole  
it is a contract which well war-  
ranted the fight put up by the Dis-  
trict for better wages.

Practically all the small opera-  
tors in the Province have signed  
contracts containing the wage  
rates agreed upon at the Sydney  
conference. The executive officers  
will visit the mainland within a  
few weeks to complete contracts  
with one or two of the smaller  
companies, but at present the new  
rates are in effect at the Interna-  
tional Coal Company's mines, the  
Emerson Mine in the River Her-  
bert District, Joggins, and Victo-  
ria Mine, River Herbert.

College Merger Would  
Be Boom To Maritimes

ST. JOHN, N.B., Oct. 13.—The  
amalgamation of all of the institu-  
tions of higher education in the  
Maritime Provinces into one large  
university was the best means of  
overcoming the present chaotic  
condition of university instruction  
in the east, was the opinion ex-  
pressed by Rev. E. D. Meader, of  
St. Thomas College, Chatham, for-  
merly registrar and treasurer of  
the St. Michaels College of the Uni-  
versity of Toronto in an address  
to the Canadian Club here last  
evening. Father Meader said that  
in the meantime colleges the pro-  
fessors were overworked and poorly  
paid.

Prince Edward Island Hospital

TO THE PEOPLE OF QUEEN'S AND KING'S COUNTIES  
We are making the usual annual appeal for financial support and ask you to  
remember that Hospitals are recognized as an absolute necessity in every community.  
That they can only be maintained through the generous assistance of the public  
they serve.  
That our cost of operation is as low as any hospital in Canada and our rates on  
the average not more than half what is charged in the Hospitals of Montreal, Toronto  
and other cities.  
That the Hospital receives no part of your doctor's fees.  
That the responsibility of maintaining this Hospital is as much yours as ours;  
we are only your servants temporarily elected to carry on the work.  
That while the widow's quarter or half dollar may be a most generous gift for  
her, we must get large contributions from the well to do. We should get five dollars  
where we have been getting one. Ten where we have been getting  
Ten where we have been getting five.  
The collections will be made as usual through the school district organizations  
and the collectors will call on you shortly. Please be ready for them with a most  
generous donation. We have a deficit of Eleven Thousand Dollars which is an ac-  
cumulation of the last three years operation. This is due the Bank and must be paid  
off this year.
