TO DISCARD FRECKLES TAN, PIMPLES, BLOTCHES It is said that creams containing animal grease cause hair to grow. You run the risk of acquiring superfluous hair from using ordinary mercerized wax. There is nothing better for a discolored skin, as the wax actually absorbs the offensive cuticle. The latter is naturally replaced by a clear, smooth, healthy complexion, full of life and expression. It's the sensible way to discard a freckle, tan, lined, over-red, blotchy or pimply skin. Get an ounce of mercerized wax at any druggist's and apply nightly like cold cream, erasing in the morning with soap and water.

Abd-el-Krim the fallen chieftain of the Rif, will get a short glimpse of Southern France when he lands at Marseilles on September 1 on his way to exile on Reunion Island. The French government has chosen that isolated spot in the Indian ocean as Krim's future home.

Extra freights have, and are, taking large amounts of ties to Montague and 48 Road. A new turntable is to be built at Montague and a siding at 48 Road which will mean quite an amount of work for the C. N. R. employees.

R. C. Clark, general merchant, received a shipment of coal last week so a number of citizens began putting in their winter supply.

Mr. John A. McAulay mate aboard dredge No. 12 D. P. W. now working in Port Elgin, N. B., arrived home here Saturday evening but intends returning again after the election.
