

**Father Morriscy's "No. 11" Cures Stomach Troubles.**

Rev. Father Morriscy

When your stomach is working right you never know it is there. But when it feels as heavy as lead—when you have Heartburn, Belching of Wind, Sourness, a gnawing hunger, with distress after eating—when you feel irritable and depressed—then you may know that the digestive fluids in the stomach are not sufficient to digest what you eat.

Father Morriscy's "No. 11" Tablets supply these fluids in concentrated form. Each tablet, dissolved in the stomach, will digest 1 1/2 pounds of food, which is more than an average meal.

Read what Father Morriscy's treatment did for Mr. Gosline, of Salmon Lake. He writes Nov. 30, 1908:

"I was troubled with indigestion, so severe that I really thought I had cancer of the stomach. I took much doctors' remedies, till I was forced to seek another resource, and this was the Rev. Father Morriscy. His treatments worked miracles, until I have been entirely cured, so that now I do not look to the quality of the diet but to the quantity."

**SUNDAY SCHOOL LESSON**

S. S. LESSON. June 13th, 1909.

Heroes of Faith. Heb. xii:1-40.

Golden Text—Faith is the substance of things hoped for, the evidence of things not seen. Heb. xi:1.

Verses 1-3—In what respects are faith and hope similar?

If a desirable thing is possessed by faith, does that give as much, or similar satisfaction, as the possession of the thing itself?

What is the ground of our faith, that "the words were framed by the word of God"?

Why do we admire the men of faith for past years?

Verses 4-5—Abel had a truly religious nature; how was this the result of his faith, or was his faith the result of his nature?

Does this record mean that Enoch's translation was directly caused by a specific act of faith, or that this general life of faith made him such a good man that God translated him without death?

Verses 6-7—Faith is sometimes based upon outward evidence; sometimes upon personal revelation; sometimes upon intuition, and sometimes upon composite grounds, what moral or spiritual qualities, therefore, are necessary for becoming a man of faith? (This question must be answered in writing by members of the club.)

Why is faith necessary in order to please God?

Verses 8-12—What was Noah's faith based upon, and wherein was his faith meritorious?

Verses 13-14—What was the difference, if any, between Abraham's faith and that of the Pilgrim fathers, when they left the old country for the American land of progress?

I take it that Abraham, and the Pilgrim fathers, while in communion with God, felt a drawing to go to the rich country in the distance about which they had heard; that they too felt this drawing to be the voice of God; and in this faith they started out; what evidence is there that their faith was true, and that such faith is always dependable?

Verses 15-16—Why is it that all nations and peoples, in all times, so far as we have any record, believe in, and "desire a better country, that is an heavenly"?

Verses 17-19—Give from memory the account of Abraham offering up his son Isaac.

What is the particular virtue, in Abraham obeying God in the matter of offering up Isaac?

Would it be a virtue or a vice in these days, if any man should do the same thing as Abraham did?

Verses 20-21—Suppose the persons mentioned in these wonderful verses, Isaac, Jacob, Joseph, Moses and Rahab, had been lacking faith in God in these critical moments of their lives, what would have been the difference in the results?

Does faith in God always make the present happy, and picture in glowing colors the future?

Verses 22-24—Have men distinguished for their faith always been noted for their goodness?

This is a thrilling account of the exploits of the man of faith, give me an account of the achievement of men noted for their lack of faith.

**DECORATE YOUR HOME**

The advent of Spring is the signal for remodelling the house, and the usual house cleaning.

The dirtiest and most tiresome work is paper-hanging and re-papering—patching the plaster walls where they have cracked or chipped—replacing the torn and discolored paper. Dirt—dust—germs in everything.

Really it surprises me how people will stand a repetition of this drudgery year after year.

I stopped it five years ago. I had become tired of the papering and of continually fixing the plaster—tired of the dirt and the dust. I tried painting the ceilings and walls—but no relief—paint will not prevent the plaster cracking, and the dust and small pieces from falling.

At last, after trying most everything, without any improvement whatever, I called in my friend the METALLIC MAN. He showed me photographs of metallic ceilings and walls in many fine residences and stores. I was surprised at the great number of artistic designs, and they are so easy to lay—why I laid mine entirely by myself in a very short time, and what a relief—no more dust—no plaster falling—no vermin—so clean and sanitary—and more, absolutely fireproof. I went right down and had my insurance rate reduced. "Every sheet of Metallic laid increases protection from fire," said the Insurance Man.

My friends remark on the handsome appearance of the rooms—each one different, for the designs are so artistic and varied—pretty scrolls—dainty checkered patterns or deep massive effects—any style desired.

They are so easy to keep clean—soap and water makes them like new again, and a little paint gives you a new ceiling at a very small expenditure. Metallic will save you labor and expense every year.

Send measurements of your rooms to the Metallic Roofing Co.—they will give you good suggestions and designs.
