

## Old Dutch Cleanser

For Quality and Economy

Keep your Kitchen Cabinet clean and sanitary with Old Dutch.

It also cleans everything throughout the house. Old Dutch is more economical and cheaper than anything else and does better work.

"You'll like the Flavor"

# KING COLE TEA

Makes a Friend of Every User.

Perfectly packed in bright lead foil, and price marked on every package.

Every Barrel, Just Like Every Other Barrel

One reason why the Pies and Cake, Bread and Rolls always turn out right when you use

## BEAVER FLOUR

is because the flour is always the same. It is milled from blended wheat, Ontario fall wheat, strengthened with western spring wheat. Being blended in exact proportions, Beaver Flour is always the same in strength and quality; and always gives the same results, no matter what or when you bake.

It will be a change for the better when you change from western wheat flour to Beaver Flour, milled from blended wheat.

DEALERS—write us for prices on Be. Flour, Cake Flour and Cereals.

THE T. H. TAYLOR CO. LIMITED, CHATHAM, Ont.

CANADA FOOD BOARD FLOUR MIL L LICENSE NO. 10.

## Gold Soap

Gold soap is the best thing in laundry soap. It is also the largest cake for the money. It goes farther and does more work. If you should forget the name, just think of the metal that is most precious and goes farthest. That will call to mind the word gold, and the soap that is most precious and goes farthest.

Gold Soap is made in the Procter & Gamble Factories at Hamilton, Canada

The Big Good Laundry

**THURSDAY**

**WEDDING**—The marriage took place at Mount Carmel Church on Tuesday morning, of Mr. Gerald Mulligan, of Summerside and Miss Mary Rosaline Gallant, daughter of Mr. Matthew Gallant, of Mount Carmel. Rev. P. P. Arsenault celebrated the nuptial Mass, in the presence of a large number of friends of the contracting parties. Mr. Mulligan is one of the most popular young men in Summerside, and his bride is well known, having graduated as a nurse from Prince County Hospital.

**A BAD LOSS**—Lieut. L. J. McDonald of Glenfinnan met with a serious loss Tuesday afternoon. While driving to the City, accompanied by his sister, something went wrong with the carriage while crossing the bridge at Fullerton's Marsh. Lieut. McDonald got out of the carriage to make the necessary repairs and his mare, a spirited animal, impatient at the delay, reared and plumped sideways and threw herself over the side of the bridge, falling in head foremost. Fortunately the carriage caught in the railing and went no further, Miss McDonald escaping unhurt. The mare was drowned before she could be extricated. The carriage also was badly damaged. Lieut. McDonald's loss is heavy, the mare being a valuable one.

Ewen MacSwain a resident of Milton, Mass for fifty years, and prominent in business here for a large part of that time, died at his home, 245 Blue Hills parkway, June 5th, after a long illness. He was born at Prince Edward Island, May 18th, 1843, and lived there until he was about 18 years old. For a time he was in the West, engaged in the tannery business. When he came to Milton he became interested in carpentering and building and for many years was foreman for G. H. Burt. About fifteen years ago he engaged in business for himself, in which he was active up to the time of his recent illness. He was a member of Forest Lodge of Odd Fellows. Surviving him are his wife, a daughter, Mrs. Alexander J. MacLeod of Mattapan, and a sister, Miss Flora MacSwain, of Charlottetown, P. E. Island. Funeral services were conducted at the residence last Saturday by Forest Lodge of Odd Fellows assisted by Rev. Edgar Crossland, of St. Paul's Presbyterian Church, Mattapan. Burial was at Milton cemetery.—Milton Record.

**SUCCESSFUL DENTAL STUDENTS**—The Sunday edition of the Baltimore Sun just to hand contains a "head-line" account of the commencement exercises of the University of Maryland, the principal dental college in America. Foremost in the list of graduates appears the names of Arthur J. Bell, son of Mr. and Mrs. Ephraim Bell of Cape Traverse and Edward G. McQuaid, son of Mrs. Thomas McQuaid of Charlottetown. Because of the great research work being done in the field of surgery it has become customary for the regents of the University of Maryland to recommend certain students for a special course at Columbia University. It is pleasing to note that both Dr. Bell and Dr. McQuaid have been honored in this way and will enter upon their further studies in Columbia during the coming year. It is interesting to learn that also that Dr. McQuaid has been invited by one of the directors of the Bethlehem Steel Works, who has followed his college career with special interest, to locate in business in Bethlehem.

There fell asleep in Jesus at Little Sands on Friday the thirteenth a veteran of the American Civil War in the person of Mr. Malcolm D. Blue at the advanced age of eighty years. Mr. Blue spent the early years of his life in Glasgow Scotland, but emigrated to P. E. Island with his parents at an early age, where they took up a large farm which is still in possession of the family. Having a roving disposition Mr. Blue naturally took to the one chief occupation of those early days sailing. He was on his ship in an American port when hostilities broke out between the North and South States. He had but two things to do, get out of the country or enlist. After but little consideration he chose the latter course and became a soldier of President Lincoln's.

He fought through the entire Civil war, but was unfortunate enough to become wounded in the back, which caused him much suffering then and since having of late months broken out into a malignant sore causing his death. He was buried with military honors as far as it was possible to carry them out, his casket being draped with the Union Jack and Old Glory the pall bearers consisted of six stalwart ex-soldiers of the present great war, namely, Daniel A. Munn, Harold McLean, Colin H. McNeill, Lemuel McLean, John Fraser and Murdoch McNeill. The last post was sounded over his grave by ex-bugler Duncan Blue of Hopefield. He now awaits the time when reveille will sound in Heaven on the resurrection morn. The muffled drums—  
Sad role has beat  
The soldiers last tattoo  
No more on life's parade shall meet  
That brave and fallen few.

**FRIDAY**

**A NARROW ESCAPE**—A very serious accident happened to the little fellow of twelve years, one of the boys of Merrill a few evenings ago. The little fellow got entangled in a rope he had hitched to a young bear and was dragged some distance until he struck the house and then came in contact with a wire fence and for the assistance of his little party who was with him at the time and helped to free him from the rope, the accident could have been a serious one. The result was a dislocated ankle and a broken leg, and some serious cuts caused by the wire, but under the skillful treatment of Dr. Walsh of St. Stewarts the little fellow is doing as good as can be expected.

**FUNERAL SERVICES**—The funeral of the late Mrs. Clark, Summerside, wife of Mr. Thomas Clark, driver on the P. E. I. Railway, was held on Tuesday from her late residence to St. Paul's Church, interment in the R. C. Cemetery. At the church a requiem high Mass was sung by Rev. Father McLean, who officiated at the grave. Deceased who was 51 years of age, was an honorable lady, kind and of a quiet disposition possessing many fine qualities. Besides a sorrowing husband, four daughters are left to mourn viz.—Mrs. Walter Green, Mrs. James Sheehan, Summerside and the Misses Birdie and Lilly at home. The pall bearers were: Mayor Morrison, Messrs. J. M. Noonan, M. F. Schurman, J. J. McNally, J. L. McQuilough and Fred Blizard.

**PLACING WIRES UNDERGROUND**—The P. E. Island Telephone Company are having their tubed wires on the West side of Queen Street from the Telephone Office as far as the City Hall corner placed underground. This is the method pursued now in all the principal cities. Ten men have been employed in digging a trench line and although they have only been working five days have got the trench already dug as far as the Bank of Commerce corner at which point a large manhole is being placed. There will also be another at City Hall corner. Six tubes of fibre conduit are being laid containing 200 wires to a tube. These tubes are enclosed within a boxed in space, and are "floated" in concrete and completed covered in this way which means that they are there to stay. Six men are employed in doing the concrete work and placing the conduits. The placing of wires underground will do away to a large extent with the unsightly cables overhead. The work is being done under the supervision of Mr. Joseph McAulay who thoroughly understands his job.

With deep regret citizens learned yesterday of the death at his home Longworth Avenue, of Mr. Alexander B. Campbell, Vice-Principal of West Kent Street School. Mr. Campbell had been in ill health for the last six months with diabetes and within the past few weeks it was apparent that his condition had reached a critical stage. His death removes an excellent citizen and one who was foremost in matters educational in this province. Mr. Campbell's career in teaching began at the early age of sixteen years his first school being at Riverdale, Lot 30. By close application to study he made an excellent record for himself and after obtaining his first-class certificate taught in the three Crapaud Schools, Hampton, Victoria, and Crapaud for about eighteen years. In 1891 he was appointed Inspector of Schools for Queens County, which position he held until 1905 when he was appointed Secretary of the Board of Education. In 1912 he accepted the Vice-Principalship of West Kent School. In all his work he discharged his duties faithfully and won the respect of all with whom he came in contact. He was a life-long member of the Church of Scotland and took an active interest in the work of that Church and Sunday School. He is survived by his widow and family of five sons and three daughters. The sons are Allison, Principal of a High School in Victoria, B. C., Herbert of this city, Chester and Irving overseas, Principal of Spring Park School. The daughters are Mrs. Henry Nort

**Baby Loves It**

It's hard to bring up a baby without MENNEN'S TALCUM POWDER. It relieves and cools his tender skin. It makes him "comfy" and happy.

Be sure it's MENNEN'S—then you know it's pure, sanitary and safe. For 40 years MENNEN'S has been the baby's best friend.

**MENNEN'S TALCUM POWDERS**

## PAINT is Life Insurance For Your Home

A house, covered by a "Paint Policy", is protected against wear and weather.

Decay always starts at the surface. Decay cannot break through when the surface is guarded by paint.

"Save the surface and you save all" Paint & Varnish

The most reliable "Life Insurance Policies" you can put on your house and your furniture, are

# MARTIN-SENOUR PAINTS AND VARNISHES

Their 100% purity makes protection complete. Their economy lies in the fact that they spread easier, cover more surface and last longer.

When you paint this spring, be sure to use the old reliable Martin-Senour Paints and Varnishes.

**The MARTIN-SENOUR Co. LIMITED**

**"Varnoleum"**  
beautifies and preserves Oil Cloth and Linoleum.

**"Marble-ite"**  
The one perfect floor finish.

**"Wood-Lac" Stains**  
Improve the new—renew the old.

**"Neu-Tone"**  
The sanitary, washable Flat Oil Paint for interior Decorations.

McLure received an urgent request to be present. He reports the fur market in general most encouraging. There is at present a good demand for all kinds of furs at higher prices. The bereaved the Guardian extends sincere sympathy.

**WIDENING EMBANKMENT**—The widening of the embankment on the north side of the Hillsboro Bridge is in progress. That part where the embankment has been carried away to a considerable extent by the action of the tides is being filled in with carloads of clay from the Suffolk pit. The widening process will be attended to at other points of the line where required.

**BACK TO THE WEST**—Rev. Bernard McDonald, formerly of the staff of St. Dunstan's College, and who recently returned from overseas where he was chaplain with the rank of captain with one of the western battalions leaves today on his return to Calgary where he had been residing for some years previous to enlistment. "Father Bernie," by which name he is popularly and fondly known to his many friends here takes with him the best wishes of all for continued success in the western field.

**BACK FROM TRIP**—Mr. Chester McLure returned Wednesday night from his trip to New York, Chicago and Washington. He left here on business from the standpoint of the development of the fur industry in America. A number of meetings had been called in New York and Chicago with this purpose in view and Mr.

December they paid an 8 per cent cash and 100 per cent stock dividend and at its annual meeting, notice of which appears elsewhere in this issue, held yesterday the directors declared a cash dividend payable July 1st next at the rate of 8 per cent.

This company holds the record of any large fox company on the Island for the payment of regular dividends and Mr. Muzzy says the credit of this performance is due largely to the able and honest management of the Directors here in Charlottetown, Messrs. John Anderson, R. E. Spillett and Dr. Dewar as well as the caretakers Mr. John R. Roper, of Sherwood and Mr. Shaw McMillan, of Alberry Plains, both of whom know how to feed and care for foxes and have always made good. Both are financially interested in the company.

This company has always done all it promised and usually more and instead of promising 25 or 50 per cent, annual dividends they only promised 8 per cent annually which has been paid and usually more every year. They own their own ranches and are considered among the best operated on the Island and have nothing but high quality foxes.

COUGHS, COLDS, BRONCHITIS, LA GRIPPE AND LUNG TROUBLE

# OLIVEINE EMULSION

THE GREAT TONIC

Run down Business Men and Women, overworked Mothers, delicate Boys and Girls, and Invalids will show permanent improvement from using Oliveine Emulsion.
