THE EXHIBITION.—The Provincial Exhibition which will be held in Charlottetown this month, beginning 21st, promises to be of unusual interest, an excellent programme being in store for those who attend. One of the principal features will be a trained animal circus comprising bears, lions, monkeys, kangaroos and ponies. There will also be some clever motor-cycle performances, such as men riding at full speed along the side of an almost perpendicular wall. 5486.

RECITAL AT VERNON RIVER.—The spacious C. M. B. A. Hall at Vernon River was filled with an appreciative audience on Thursday night at the recital in aid of the Red Cross Society given by Mrs. L. R. Ings, pianist, Mrs. G. R. McLeod, vocalist, and Mr. Milton Furness, reader. The programme was one of exceptional merit. There were about fifteen numbers altogether, including four instrumental selections by Mrs. Ings, seven solos by Mrs. McLeod and readings by Mr. Furness. That the audience heartily enjoyed the different numbers was abundantly evinced by enthusiastic applause and numerous encores demanded, and eloquently responded to. The musical and dramatic part of the programme was high class throughout, as the names of some of the numbers tell. The instrumental selections included "The Polish Dance," by Scharwenka, "Die Acolshafte" by Janes and "Polonaise" by Chopin. Among the vocal numbers were "The Gipsy Trail," Galloway, "Love's Rhapsody," D'Hardelot, "Forgetfulness," Hildach; while Mr. Furness delighted the audience with his spirited rendition of "The Burial of a Hunter" and "Shamus O'Brien." It is voicing the sentiments of all to state that it was one of the best concerts ever given in that part of the country, or indeed throughout the province. Just before the concluding number Mrs. McLeod sang with splendid spirit and effect, "Rule Britannia" the audience rising to their feet and joining in the chorus. The hall rang with melody, and "Rule Britannia" floated out in sweetness upon the summer air. Mr. F. J. Nash, of The Patriot, spoke in the interests of the Red Cross Society. The sum realized, which was very substantial, will be handed to Mr. Pope, Treasurer of the Society, and a branch of the Red Cross will be organized at once in Vernon River. The National Anthem brought the splendid entertainment to a close.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 7c. Take Hall's Family Pills for constipation.

RED CROSS SOCIETY.—A meeting of the P. E. I. Branch of the Red Cross Society will be held in the Board of Trade rooms on Monday afternoon at three o'clock.

BOUNTIFUL HARVEST.—The farmers in Scotchfort and vicinity have nearly all made a commencement at the harvest and the hum of the binder is to be heard from morning till night—reaping the golden harvest which is such a bountiful crop.—S.

THE CHEESE BOARD.—The Cheese Board held its regular meeting yesterday afternoon in Charlottetown. There was a fair attendance, with the President, Mr. L. McDonald, in the chair. The following cable message was read from Brockville: "2,500 cheese offered, all sold at 15%." The following local factories then offered cheese: Stanley Bridge, 20; New Glasgow, 300; New Perth, 100; Kensington, 300; Union, 250 (flats); Hazlebrook, 200 (flats); Lakeville, 50. Mr. Biffin offered 14 1/2 on bid and made a call later at 15c., but the bid was refused. It was decided to hold a special meeting of the Board on Friday next, Sept. 11th. Some complaints were made by the buyers that cheese were not of uniform size, that in several cases cheese were marked 60 lbs. and in other boxes 84 lbs., causing the boxes to be crushed in some instances and uncovered in others. This, however, was claimed by factories to be true in only a few cases.

WEDDING BELLS.—The marriage of Miss Marjorie Louise Turner, daughter of Mr. Woodford Turner of Sackville, N. B., to Mr. Lloyd Everett Welner, of Charlottetown, took place at the residence of the bride's parents, Sackville, N. B., on Tuesday last.

The church was beautifully decorated for the occasion with autumn flowers interspersed with golden glow and golden rod. The bridal party stood under an arch of golden rod. The bride was attended by her cousin, Miss Annie Ford, and was prettily gowned in brocaded silk crepe de chene with pearl trimmings. She carried a beautiful bouquet of bridal roses. The bridesmaid was becomingly attired in a gown of pink satin with cream over-dress of shadow lace and carried a large bouquet of sweet peas. The groom was supported by his brother, Mr. William Welner, of Charlottetown. The ushers were Mr. Harrison B. Titus, and Mr. H. A. Ford. Prof. Whitehead of Mount Allison Conservatory of Music, presided at the organ. A quartette composed of Miss Jane Estabrook, Miss Marjorie Bates, and Messrs H. M. Wood and C. G. Steadman sang "O Perfect Love," while later Miss Estabrook rendered most effectively "Beloved It is Morn." After the customary a largely attended reception was held at the home of the bride, where a delightful luncheon was partaken of. The wedding gifts were numerous and costly. The happy couple left on the Ocean Limited for Toronto and Niagara Falls amid showers of congratulations and best wishes for a delightful honeymoon trip. On their return they will reside in Charlottetown. The best wishes of a host of friends were extended to Mr. and Mrs. Welner.

SKUNK RANCH.—Scotchfort as well as other sections of the Island can boast of having its share of wild animal ranches, for besides the large fox ranch of Mr. John A. McDonald there is also a skunk ranch owned by Mr. John F. McBride containing two pairs of choice (A) skunks. This ranch, which has been recently built

S. A. McDonald The Island's Leading Store New Fall Goods

For the past few weeks we have been extremely busy opening up our large shipments of fall goods. Every nation in existence have added their quota to this stock. Orders for most of these goods were placed by us many months ago, and were safe on their way across the Atlantic before the declaration of war, and consequently the pressing situation in price will not affect us in the least this season. Strange to say, our German and Austrian goods were on the ocean some days previous to the declaration of hostilities in that foreign land.

New Silks Direct from the Orient Everything that is New in Silks is here now

A few days after receiving our large shipment of fall silks, we received a note from the largest manufacturer of silks in Japan, stating that, owing to the fact that their country is now in a state of war they will be unable for the present to execute further orders for silks.

Ladies' Winter Coats

From our own Canadian Factories, copied from the New York and Parisian Models, we have received all the new ideas for Fall and Winter. You ladies will agree with us in buying, that they are the most nifty being shown in the City. An exact duplicate of any coat shown by us will not be seen in any other store in the City this season, that is owing to the fact that we have been buying these goods in very large quantities, and have been able to control the output of some of the largest mantel houses on the continent.

The new cloths are pretty indeed. The designs into which they are manufactured are equally good, making particularly effective garments, of which we have many hundreds now to choose from.

Some of the New Goods

Following is the list of some of the new goods we opened in the past few days:

Ladies' Coatings; Dress Goods; Silks from the Orient; Golf Coats for Ladies and Gentlemen; Kid Gloves from France; Underwear; Children's Coats; Boys' Suits; Men's Coats; Mufflers; Frilling; Children's heavy Dresses; Ladies' Cashmere Delaine Waists; Raincoats; Fur Robes; Fur Ruffs; Fur Coats; Men's Hats and Caps; Oil Coats; Shirts; Coating Cloth; Hosiery; French Flannels, Linens; Towing; Wool Wraps; Blanketing; etc, etc.

JOHN R. DINNIS PEDIGREED FOXES LTD.

Description of Ranch

The chief point of interest for the thousands of tourists who visit Charlottetown is the Dennis farm. It is situated about ten minutes' drive from the city on an eminence overlooking the harbor and consists of one hundred and sixty acres of land. It is chiefly of interest because the fox ranch which occupies it is the largest in the Province and its owner has the reputation of being the most successful of fox breeders up to the present time.

Situated as it is on a wooded hilltop it is ideally located for a fox farm. The natural drainage of the ground is perfect, so that there is no danger of spring freshets so fatal to young foxes. The air is always pure and fresh, for the winds which sweep the hilltop carry away all harmful and disagreeable odors and tumble the chilling fogs into the valley below. The fact that Mr. Dennis has never had a single case of sickness among his animals since he acquired the present ranch (three years ago) is sufficient evidence of the healthfulness of the ranch and surroundings. The ranch has an enviable history of success. Last year seven per cent of the Island's increase of young foxes were born in this ranch. This year Mr. Dennis has raised fifty-eight young foxes. It is not much wonder that he is called the "Wizard Rancher."

The Dennis Ranch

The largest on Prince Edward Island, containing at present 110 foxes.

Guarding The Dennis Ranch

Standing out prominently is the night watchman's house which overlooks the ranch and the public road. Supplementing the eye of this officer is the vigilance of another watchman whose especial business it is to patrol the ranch. There are brilliant lights surrounding the ranch which are turned on every night to enable the trained night watchman to protect the foxes from disturbance.

The equipment is the largest and most up-to-date in the Province. The pens of the PEDIGREED FOXES number one to eleven and occupy the premier position in the ranch. Every convenience that ingenuity can suggest and money procure has been incorporated in the construction of their dens. The pens in which they take exercise are very large, and no pains have been spared to assure absolute comfort to the valuable occupants of these de luxe dwellings. The shareholders of the JOHN R. DINNIS PEDIGREED FOXES LIMITED have sole use and control of Mr. Dennis' name so long as the Company carries on business.

Description of Foxes

DINNIS PEDIGREED FOXES are regarded as the type, "par excellence" of silver black fox. They are characterized by thin mobile ears; a full neck, short and arched from the back; width over shoulders and through the heart; a long, delicately turned head; a springy pelt, and pink skin covered with a wealth of fine lustrous fur, particularly marked on limbs and under body; and a large heavy "brush". These are the Hall marks of health and vigour.

The foundation stock of the DINNIS PEDIGREED FOXES was selected from the pens of the Pioneer Ranchmen, Charles Dalton and R. T. Oulton, Alberton, and from the famous Rayner Ranch, Alberton, Prince Edward Island. The crossing of these two noted strains has produced a beautiful, vigorous, large animal that combines the fine rich lustrous fur of the one breed with the high quality blood and phenomenal productiveness of the other. The pelts of ancestors of some of these foxes sold for the highest prices on the London market.

The litter reared last year by the mother of Queen Mary (one of the Company's foxes) sold for forty-five thousand dollars (\$45,000), while another litter reared by the dam of the Duke of Connaught sold for forty-six thousand dollars (\$46,000).
