NEWS OF THE SPORT WORLD

Protest Of Willow Parks Is Upheld

DOWN THE BACK STRETCH

The curtain was rung down on horse racing in Prince Edward Island on Wednesday last, September 20th. Just a few years ago the Charlottetown Exhibition would be in full swing, the week usually selected being that of September 18-23 or 22-25, as the dates fell. We did not seem to mind the weather very much, probably because we were accustomed to looking forward to the dates and took the good or bad, cold or warm, as a matter of course.

The change to August was made in 1928. The previous year the Exhibition had been from September 7th to October 1st and the closing day was a beautiful fine day, rather warm, in fact. Had the old dates been continued the week now coming to an end would likely have been the dates for the Fair and what a disastrous one it would have been, with rain practically every day with the exception of Wednesday.

There was great racing at North Sydney last Wednesday, particularly the Free. For All where Calumet Brownie 2.01%, Darkey Grattan, 2.02% and Marjorie M. 2.07% clashed. The first heat was won by Darkey Grattan in 2.11. In the second heat Calumet Brownie outspurred Darkey in the last twenty-five yards. In the third heat Darkey led to the half in 1.02%, the fastest half ever stepped in Cape Breton. Calumet Brownie then came on and won out in the rush down the home stretch, setting up a new track record of 2.09%, which is also the fastest mile ever trotted by pacer or trotter in Cape Breton.

I'm Alone won the 2.17 class, the heat being in 2.14%, the second heat in 2.15, then Tease came on and won the third in 2.16. Joe the Great was 3-3-3 and Shenanah 4-4-4.

Lucky B. won the Named Race from five others, best time 2.21. There was a large attendance of spectators and brisk speculation on the result of the Free For All was indulged in.

The Great Axworthy, owned by Frank McKay, East Royalty, is making quite a showing as a sire. He had 20 colts on exhibit at the Provincial Fair recently and they won 12 firsts, four seconds and two thirds with only two unplaced. A remarkable achievement we would say. The Great Axworthy also won the prize for get of sire and won the Grand Championship for Standard Bred stallions.

His son, two months old, out of Kitty McKane, 2.17, owned by Notting and Ross, won the Reserve Championship. In addition to his local honors The Great Axworthy has won the Grand Championship

four years in succession at Amherst Winter Fair.

When Guy Axworthy, 2.06%, died at Walnut Hall Farm, Donnell, Ky., on July 3rd, he was thirty-one years of age. When he was twenty-eight years of age he was bred to a few mares and among the foals produced was Sturdy, who this year took a record of 2.06 1/2 trotting, as a two year old over a half mile track, which we referred to last week as a world's record. We have noticed where several other two year olds by Guy Axworthy have been doing big things this year and the thought struck us that perhaps it might seem remarkable to many of our readers that a horse at practically the close of a long life, or at the extreme age of twenty-eight, should produce such marvelous trotters.

The scientific explanation is that as life starts from a single cell and the cell commences to divide to form the foetus, that at the sixth division of the cell the germ plasma is set aside and this germ plasma never alters but remains the same through life. Therefore the produce of Guy Axworthy at three years of age would be no different from the produce at twenty-eight years of age.

We did not know until we noticed it in the American Sportsman of recent issue that the fastest daughter of Guy Axworthy is Selkowther, 2.02%, record made at Indianapolis this season. She was not taken out of pasture until April but came to her speed rapidly and acquired the above record in a race where she won all three heats.

Looking at the issue of the Sportsman which contained the above information, we find that Lord Jim, a two year old trotter, tall brother to Selkowther, 2.02%, took a record of 2.07% the week of September 7th over the Ohio State Fair grounds, which is a half mile track and in doing so set a new track record for age and gait in Ohio. It will be seen that he was not far away from the world's record made by Sturdy, also by Guy Axworthy, when he tramped Reading half mile track in 2.06%. Lord Jim's effort would have equalled the world's record of Calumet Delco 2.07%, made last year but which is now supplanted by Sturdy's.

Since the above was written regarding Selkowther we find that she won the third heat of the 2.10 trot in 2.02, which is a new world's record for a four year old trotting mare. The previous record of 2.02% was held jointly by Ethelinda and Etta Drulin.

(Continued on page 9)

WINS SECOND CANADIAN WOMEN'S TITLE

Toronto Star Again Vanquishes Margery Kirkham to Retain Close Golf Title.

ST. CHARLES COUNTRY CLUB, Winnipeg, Sept. 22—(C.P.)—Ada Mackenzie, brilliant golfing star from Toronto, tonight wore the 1933 crowns of the Canadian Women's Open and Close Golf Championships.

In a 2 and 1 victory over Margery Kirkham of Montreal, the Toronto star earned the close title today to add to the open championship she won from Miss Kirkham at the Pine Ridge Golf Course here a week ago. Victory in the close title gave Miss Mackenzie her fifth championship in this tournament.

Two holes forfeited when she grounded her club in hazards, prevented Miss Mackenzie winning the final earlier for she was never down to the former open champion. From the fourth hole on Miss Mackenzie kept steadily ahead to victory.

Miss Mackenzie displayed unusual steadiness on the greens and consistently outdrove Miss Kirkham, who frequently overran the cup and over approached. But the Toronto golf and tennis club member could not avoid hooking her ferns and her ball found bad resting spots on several occasions.

Hal Schumacher, right hander—His favorite is an overhead sinker, almost unique. He gets it by snapping his entire arm like a buggy whip. The ball comes up low, then drops straight down as though it had rolled off a table. Hitters have been topping it all season, rolling into easy double plays.

Freddy Fitzsimmons, right hander—Another fellow with a toss the hitters say no one else possesses, a fast knuckler. He's John McGraw's choice as pitching hero of the series, a veteran whose only weakness is a tendency to irritation and loss of effectiveness if something goes wrong behind him.

Leroy Parmelee, right hander—Suffering right now from a slight case of "nerves," because his fireball, which jumps inward, has broken bones in the hand or arm of Randy Moore of Boston Braves, and Stanley Hack of Chicago Cubs, both left hand hitters, in the past month. Both Terry and McGraw believe he'll be the greatest pitcher in baseball some day. He lacks just enough control and polish to make him a doubtful starter now.

Lefty Watson Clark, old Adolfo Luque and Herman Bell probably will see action. Clark, with a fine curve ball and speed, will get the time with sinus trouble, will get another chance to win a place as a possible series starter. The veteran Luque has a fine down curve and control. Bell has a four-inning complex. Both are relief pitchers.

Arguing pitching, all the Giants' players emphasize that the Senators are high ball hitters, while all the Giant pitchers are low ball heavers. Hubbell's screw ball, Fitz's fast knuckler, Schumacher's sinker, all are new to American League batsmen.

Most of the Senators' hitting strength is from the left side of the plate—Heinie Manush, Buddy Myer, Joe Kuhel, Goose Goslin, Sam Rice—favoring Hubbell and working to the disadvantage of Fitz and Schumacher. Sheriff Harris, Joe Cronin, Fred Schulte, Luke Sewell and Oscar Bluege are the Senators' right hand hitters.

At the close of the sports Mr. Bruce, of the Tip Top Tailors presented the school winning the relay race with a beautiful silver cup. This cup becomes the permanent possession of the school winning it three times, not necessarily in succession. Ribbons were presented to the winners in the other classes.

Joe O'Brien again broke the record for 100 yard dash. The following is a list of the winners: 100 Yard Dash, boys 13 and 14 years: 1. Gordon Murray, Vernon. 2. Stanley Wats, Hunter River. 3. Tommy Jackson, West Royalty. 4. Norman Wright, Central Bedouin.

Time—13 seconds. 75 Yard Dash, boys 9 and 10 years: 1. Richard Vessey, York. 2. Athol McDonald, Mermaid. 3. David Seaman, Brackley Point. 4. Alton Younker, Winsloe North. Time—11 4-5 seconds. 50 Yard Dash, girls 8 years and under: 1. Muriel Jones, Pownal. 2. George Hughes, Millcove. 3. Eileen Albert, Central Royalty. 4. Ruth McKinnon, West Royalty. Time—8 1-2 seconds. 75 Yard Dash, boys 11 and 12 years: 1. Garth Hooper, North Milton. 2. Henry Hurry, West Royalty. 3. Gordon McDonald, Mermaid. 4. Thomas Butler, York Point. Time—9 4-5 seconds. 50 Yard Dash, girls 9 and 10 years: 1. Joyce Newsom, Harrington. 2. Dolores MacDonald, Mermaid.

Giants Relying Largely On Brilliant Hurling Staff

(This is the first of a series of stories analyzing rivals for world's baseball championship.)

By Edward J. Neil, Associated Press Sports Writer. NEW YORK, Sept. 22—(A.P.)—Just what has this brilliant four-man pitching staff of Carl Hubbell, Hal Schumacher, Freddy Fitzsimmons and Roy Parmelee got that New York Giants could wing so steadily through the National League and come down to the world series with Washington Senators almost even money to win?

The answer comes from players who have hit against them, from men like coaches Tom Clark and Frank Snyder, old-time catchers who have helped in their development, and experts who have watched them day in and day out through a trying pennant race. In tabloid form it goes like this.

Carl Hubbell, southpaw—A baffling "screw ball," the only pitch of its kind in the Major Leagues today.

Clark, who saw Christy Mathewson's fadeaway, says Hubbell's screw ball is almost identical. It's a knee high ball that breaks down and away from a right handed hitter, exactly opposite to the normal curve of a left hander. Hubbell throws it nine out of ten pitches, but he has a sweeping natural curve he used chiefly against left handed hitters. He seldom throws a fast ball. His control is almost perfect.

Hal Schumacher, right hander—His favorite is an overhead sinker, almost unique. He gets it by snapping his entire arm like a buggy whip. The ball comes up low, then drops straight down as though it had rolled off a table. Hitters have been topping it all season, rolling into easy double plays.

Freddy Fitzsimmons, right hander—Another fellow with a toss the hitters say no one else possesses, a fast knuckler. He's John McGraw's choice as pitching hero of the series, a veteran whose only weakness is a tendency to irritation and loss of effectiveness if something goes wrong behind him.

Leroy Parmelee, right hander—Suffering right now from a slight case of "nerves," because his fireball, which jumps inward, has broken bones in the hand or arm of Randy Moore of Boston Braves, and Stanley Hack of Chicago Cubs, both left hand hitters, in the past month. Both Terry and McGraw believe he'll be the greatest pitcher in baseball some day. He lacks just enough control and polish to make him a doubtful starter now.

Lefty Watson Clark, old Adolfo Luque and Herman Bell probably will see action. Clark, with a fine curve ball and speed, will get the time with sinus trouble, will get another chance to win a place as a possible series starter. The veteran Luque has a fine down curve and control. Bell has a four-inning complex. Both are relief pitchers.

Arguing pitching, all the Giants' players emphasize that the Senators are high ball hitters, while all the Giant pitchers are low ball heavers. Hubbell's screw ball, Fitz's fast knuckler, Schumacher's sinker, all are new to American League batsmen.

TIMELY TIPS ON SPORT

N. S. Playdowns

The decision of the M.P.B.A.A. U. in upholding the Halifax Willow Parks protest and giving them another chance at the Maritime title will cause a flurry in sport circles. Almost immediately, on the announcement of the decision, the Yarmouth Gateways and the Springhill Fencebusters intimated their intention of withdrawing and letting the Parks continue on alone.

On top of the decision of the M. P. B., comes the announcement that Abbies and St. Stephen may play-off for the N. B.-P. E. I. title. If both teams are agreeable while waiting for the Nova Scotia finalists to be decided.

P. W. C. Athletic Club

The Prince of Wales College boys have organized their Athletic Club, and are making preparation for the season's sport activities. There is an abundance of football material in the college this year, as last year's team remains almost intact, and a large number of newcomers, and players of former years have enrolled.

Following are the officers who have been appointed to comprise the executive of the Athletic Association: President, Maitland Owen, Vice-president, Kenneth MacDonald, Secretary treasurer, Gordon Stewart.

It is understood admission to the senior rugby league will be sought and it is safe to predict that the wearers of red and blue will give a good account of themselves on the gridiron this fall. The college boys have always played the fast and heady style of game which spectators find interesting to watch, and which on many occasions has won championships.

FOOTBALL

While the Maritime baseball playdowns are holding the spotlight the football season is rapidly approaching with hardly any talk of the pigskin game being heard about the city in regards to the Abbies. If the Abegweits intend fielding a team this year now is the time to get organized and get the boys in shape.

With prospects of Prince of Wales entering a senior team this year the gridiron game should be in for a big season with a three team league in operation.

According to reports the Red and White clad warriors of Saint Dunstan's have already started training and expect to have a strong team in spite of several severe losses through graduation.

STEWART'S BAKERY AND THE HI-Y. CITY softball finalists, are awaiting a break in the weather to commence their three game series for the Pickard Trophy. In all probability the game will be played Monday evening.

Today, providing the weather man changes his mood, the second stage of the P. E. Island ladies and men's golf championship will be played. The ladies tournament will be held in Summerside while the men will continue their play on the Belvedere Links.

BRYANTON IN FINE SHAPE FOR GRIND

HALIFAX, N. S., Sept. 23—All eyes will be trained on a line of youthful bike riders today as the second annual Chronicle-Star bicycle race gets under way from the Wanderers Grounds at 2.30 sharp. Lloyd Bryanton, Charlottetown boy, arrived in Halifax Thursday night and is in perfect condition for the long grind today. Twenty-nine boys have entered their names in the race and 25 are expected to go to the starting line. All those taking part in the race will be the guests of the Orpheus Theatre. Bryanton told Halifax fans that he thought it was the best course he ever raced over. Minard's Liniment removes stains.

IMPRESSIVE DISPLAY GIVEN BY TILDEN

United States and France Divide Opening Matches of Professional Tennis Series.

(Associated Press) PARIS, Sept. 22—Henri Cochet made his debut as a professional tennis player today but William T. Tilden stole most of the spotlight as the United States and France divided the first two singles matches of a professional series played along Davis Cup lines.

The former rivals of amateur tennis wars each was victorious but Tilden played more impressively as he ran over Martin Pila, veteran French pro in straight sets after Cochet had barely squeezed through to victory over Tilden's partner, Bruce Barnes. Cochet won at 6-4, 5-7, 0-6, 6-3. Tilden by 6-3, 6-4, 6-2.

"Tilden never played more magnificently," Cochet said, as he watched the tall American from the sidelines. "Pila never had a chance."

The victory of the old rivals has increased interest in their meeting Sunday when they will face each other across the net in singles for the first time since the Davis Cup campaign of 1930. They will be opponents in doubles tomorrow, Tilden pairing with Barnes against Cochet and Pila.

BROUILLARD GIVES GERMAN BAD BEATING

French-Canadian Middleweight Champ Wins By Technical K.O. in Eighth.

(Canadian Press) BOSTON, Sept. 22—Stepping out of his class, Lou Brouillard, French-Canadian middleweight champion of the world, tonight gave Adolph Heuser of Germany such a terrific beating that the ranking light heavyweight defaulted at the end of the eighth round of the Boston Garden's 10-round feature bout.

Both of Heuser's eyes were cut by the terrific left hooks that steamed from the shoulder of the titlist, a native of St. Eugene, Que., now living in Worcester, Mass.

With the German's vision badly hampered as the result of the injuries his manager, Johnny Buckley, announced the surrender. Brouillard weighed 163, seven pounds less than his opponent.

GAME AGAIN POSTPONED

SPRINGHILL, N. S., Sept. 22—(C.P.)—Today's game between Springhill Fencebusters and Yarmouth Gateways could not be played because the diamond was still wet from yesterday's heavy rains. It was to have been the second of a three-out-of-five series for the Nova Scotia senior championships, Springhill having won the first tilt.

The final of the 50 metres free style swim at the International University games at Turin, Italy, was won by a Canadian, F. M. Bourne. Hungary had the crack team in the fencing events at Turin, their best competition coming from an English team which had previously defeated Germany. The women's foil championship for teams was won by Denmark who defeated Italy in the finals. Over 80,000 people attended one of the recent cricket matches between England and Australia at Westham Stadium. England won 74 points to 52. Known as the "grand old man of athletics" J. E. Fowler-Dickson has just completed his 83rd birthday in England. On December 29th, 1884, he was one of the competitors in a fifty mile race at Birmingham.

Halifax Team To Be Given Chance At Maritime Title

I.P.B.A.A. Of C. Overrules Decision Of Nova Scotia Baseball Association - Winners Of Springhill - Yarmouth Series Will Not Meet Parks.

(Canadian Press) AMHERST, N. S., Sept. 22—Nova Scotia baseball was disorganized tonight as Halifax Willow Parks were authoritatively given a chance at the championship title for which Springhill Fencebusters and Yarmouth Gateways already have begun to play.

The Halifax team was eliminated by the Gateways in the semi-finals but protested the match on account of interference. The protest was turned down by the Nova Scotia Baseball Association, but today the Executive of the Maritime Provinces Branch of the Amateur Athletic Union of Canada over-ruled the N. S. B. A. and the winners of the Springhill-Yarmouth series to play a sudden-death game with Willow Parks at Middleton or Truro for the title.

Teams Astonished. Having one game of the "final" series on the records, 7-0 in favor of Springhill, players of both the Yarmouth and the mining team were astounded by the decision. Representatives of both teams flatly declared they would not play the Willow Parks.

Late tonight it appeared that Springhill and Yarmouth would finish their series and hang up their spikes, leaving the Halifax team to compete for the Maritime championship. Today's game was rained out, and it was stated that if the weather was not favorable tomorrow the teams would proceed to Yarmouth for the remainder of the series.

Vote Is Four to One. The decision to give Willow Parks a berth in the finals was reached after three hours of discussion during which the Baseball Association was on trial. The vote was four to one, Thomas L. MacDonald of Halifax, Gus Chisholm of Moncton, D. W. Fraser of Amherst and Sheriff C. D. Shipley of Amherst favoring the motion and James Wry of Amherst opposing it.

The executive seemed to base the decision on the point that the baseball chieftains had erred in over-ruling the judgment of Umpire Bobby Goodhue of Halifax. Staggered by the result of the meeting, President H. A. MacQuarrie of the Baseball Association declared: "The Nova Scotia Baseball Association has been broken by the decision made here today." "I think the judgment of the M. P. A. U. of C. is terrible," said A. J. Mason of Springhill. "As President of the Springhill Amateur Athletic Association, I state that we will not play the Parks." Dr. V. Burton, President of the Yarmouth Amateur Athletic Association said: "Sorry, but we will not play Halifax if we defeat Springhill."

Abbies and St. Stephen May Meet. Meanwhile officials of the St. Stephen and Charlottetown Clubs, champions of New Brunswick and Prince Edward Island respectively, will be asked if they care to play off while the Nova Scotia champions are named.

HOME RUN STANDING. Home Runs Yesterday—R. Moore Braves, 1. The Leaders—Foxy, Athletics, 47; Ruth, Yankees, 30; Gehrig, Yankees, 30; Klein, Phillies, 27; Berger, 26. League Totals—American, 587; National 438; Total, 1,025.

Sport Briefs

Paavo Nurmi, the great Finnish runner, and Jules Ladoumègue, each of whom has held the world's record for one mile running meet in a special one mile race in Paris, France, September 24th in an endeavor to lower the world's record of 4:07 6-10 made this year by J. E. Lovelock.

Only three horses in the history of the running turf have greater earnings than Equipois, C. V. Whitney's great thoroughbred, Pharlap, the Australian sensation, who came to an untimely death by poisoning in California a year ago, won over \$330,000, while Gallant Fox exceeded that amount by over \$10,000; but the record winnings of all time belong to Sunbeau, who won upwards of \$390,000. The greatest money winner competing on the American turf today is Equipois who has grossed over \$300,000.

The final of the 50 metres free style swim at the International University games at Turin, Italy, was won by a Canadian, F. M. Bourne. Hungary had the crack team in the fencing events at Turin, their best competition coming from an English team which had previously defeated Germany. The women's foil championship for teams was won by Denmark who defeated Italy in the finals. Over 80,000 people attended one of the recent cricket matches between England and Australia at Westham Stadium. England won 74 points to 52. Known as the "grand old man of athletics" J. E. Fowler-Dickson has just completed his 83rd birthday in England. On December 29th, 1884, he was one of the competitors in a fifty mile race at Birmingham.

A letter mailed by the Mayor of Vancouver, Canada, to the Mayor of Southampton, England, reached its destination in record time recently. The total miles travelled was 6,300 and the time consumed 7 days, 15 hours, 9 minutes, an average of about 800 miles a day. The letter was flown by Captain Hawks from Vancouver to Quebec, a distance of 3,300 miles and caught the Empress of Australia en route to Southampton.

Miss Jean Wilson, champion speed skater of Canada and the holder of several American skating championships, died recently at Toronto at the age of twenty-three from a mysterious disease contracted while at the Olympic winter games at Lake Placid last year.

In an attempt to win a \$5,000 bet against \$5,000 which he had put up, Captain George Morria nearly lost his life when he attempted to swim the English Channel. He had been out four and three-quarter hours and had covered ten miles. They evidently pay pretty well for footballers in the old country as we note where Jack Beattie of Aberdeen has been released to Wolverhampton Wanderers for a consideration of \$20,000. The defeat of Jack Sharkey by King Levinsky was not such a great surprise to many of the ex-

(Continued on page 9)

Cricket Team To Tour India

LONDON, Sept. 22—(C. P. Cable)—Under the captaincy of D. R. Jardine of Surrey, who led the team which captured cricketing honors in Australia last winter, a side composed of six amateurs and ten professionals left Tilbury Docks today for a tour of India, aboard the liner Mooltan.

The team will play 32 matches including three tests each of which will last four days. Other members of the team are: C. P. Walters, Worcestershire; C. S. Marriott, and B. H. Valentine, Kent; J. H. Human, Cambridge University and W. H. V. Levett, amateurs; A. H. Bakewell and E. C. Clark, Northamptonshire; L. Townsend and C. Elliott, Derbyshire; H. Verby and A. Mitchell, Yorkshire; James Langridge, Sussex; C. O. Barneto, Gloucestershire; M. S. Nichols, Essex and R. J. Gregory, Surrey.

Major Ricketts, in charge of the Indians tour of England last year will manage the team in India.

AUSTRALIANS WILL TOUR ENGLAND

SYDNEY, Australia, Sept. 22—(C. P. Cable)—Announcement was made today by the Australian Cricket Board of Control that it had been decided to send a team of fifteen players to tour England

WIN WAYS TO FINALS

(By Paul Zimmerman, Associated Press Sports Writer)

LOS ANGELES, Sept. 22—Repeating their performances of a year ago, Frederick Perry of England and Jiro Sato, Nipponese netster, took comparatively easy strides into the finals of the Pacific Southwest men's singles tennis championship today.

Perry, the defending champion, defeated Lester Stoeven, tall Los Angeles youth 6-0, 8-6, 6-1. Sato also won in straight sets, defeating Jack Tidball, United States intercollegiate champion, 6-3, 6-4, 6-2.

The first championship of the tournament was decided when Miss Elizabeth Ryan of California and England and Miss Alice Marble of San Francisco defeated Miss Dorothy Round and Miss Mary Heeley, feminine doubles team from England, 6-1, 6-2.

next year. H. Bushby, Tasmanian member of the Board of Control was named manager of the team. It is expected 36 matches will be played in England including five tests. The tests will be four-day matches unless the rubber is dependent on the final game which in that case will be played to a finish.
