What's Wrong With Your Eyes?

Do you suffer from headache? Do your eyes tire? It is a signal of overwork. Perhaps, unconsciously, you strain your eyes.

Don't tamper with the precious gift of eyesight. Heed Nature's call for help. Have your eyes examined.

Why not see us about it tomorrow?

That one point of weakness in much of our resolving is that we try to grasp too much of life at one time. We think of it as a whole instead of taking the days one by one. Life is a mosaic, and each tiny piece must be cut and set with skill.

That no one, however great his genius or high his position, is all important to the world; its work will go on without him. This truth may be painful to personal vanity, but it is comforting to every generous soul who cares more for others than for self.

ABOUT RHEUMATISM

What Thousands Have Found Gives Relief From This Painful Trouble. Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment.

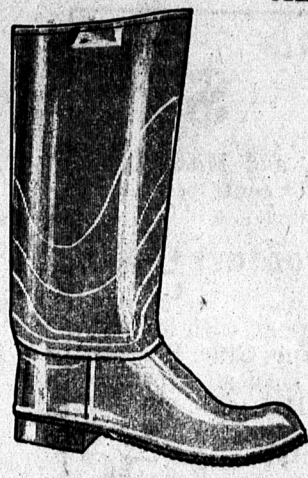

Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent alternatives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease. If cathartic or laxative is needed take Hood's Pills. Purely vegetable.
