

Begin when the Cough Begins

An irritation or inflammation of the air passages is quickly marked by the warning cough, that is the time to begin curing, so that the later and more stubborn stages may be avoided. The remedy to use is our

Syrup of White Pine and Tar

It goes directly to the seat of trouble and removes the inflammation. It stops coughs in the beginning if used in time and cures in the shortest possible time in any case.

J. G. Jamieson Druggist

To the Electors of Charlottetown

Ladies and Gentlemen:— I have been requested by a number of the electors of the City to become a candidate for the Mayoralty at the coming election and I have decided to offer my services to the citizens.

If you do me the honour of election to that honourable position, I promise that I will give to the work the best service of which I am capable, keeping in mind the interests of citizens throughout the whole City.

As it will be impossible for me to make a personal canvass of electors I take this means of soliciting your influence and support.

To the Electors of Ward Three

Ladies and Gentlemen:— Having been again invited to come forward as a candidate for the representation of your ward in the City Council I have decided after due consideration, to consent.

My experience as a member of the Fire Department for the past twenty-two years enables me to speak with authority on the requirements of the city in this connection, and I recognize the necessity of keeping the department up to the highest possible standard of efficiency consistent with economy.

The question of improving the conditions of the streets will receive my best attention. While a great deal is being done towards improving these, much still remains to be done. I would make it part of my duty to see that the streets in Ward No. 3, especially the side streets, received a fair share of the expenditure for this purpose.

I have always considered that Charlottetown ought to be one of the foremost cities in Canada and my aim shall be, if elected, to do everything in my power to make it so.

I am, your obediently, R. B. RATTARY.

To the Electors of Ward Five

Ladies and Gentlemen:— About two years ago you honoured me with a seat at the Council Board of our city to assist in representing your interests, and the time is soon arriving for you to give expression to the selection then made.

In the most hearty co-operation with your other representatives I have done my very best to carry out your wishes in extending civic improvements, particularly in Ward Five, and how faithfully that duty has been performed, you are the best judges.

Every section of the large Ward bears evidence of attention particularly the centre where long standing wants have been attended to such as surface drainage, new lights, macadamizing Bay Street, laying new sidewalks, opening up School Street and giving our children a sidewalk on which they can reach their school without wading through mud.

As I have not heard a complaint from a single elector on the Ward, on the contrary, many words of commendation I am encouraged to ask you for re-election on February 9th, instant, that I may be of service in further assisting in extending improvements required and under consideration.

I have repeatedly stated from my place at the Council Board that "Ward Five is the hope of the city, although long neglected, and that civic improvements should keep pace with private enterprise. In fact, the former should precede so as to encourage the latter. This requires money, and more money we must have, for Charlottetown must take her place among the most inviting cities in Canada. To accomplish this end I do not propose any increase in our taxes, but I do propose that a most vigorous representation be made for a re-adjustment of our account with the Province, and it seems to me that at the present time is ripe as at the present time."

I am persuaded that we shall find a sympathetic Government, and we have in ex-Mayor Paton a representative who thoroughly understands our case and our needs.

Electors! The ballot is designed to afford you the greatest liberty of conscience and action. I shall not violate it by asking you personally for support; but, if you believe your interests are satisfactorily served by me, I respectfully ask you to so mark your ballots.

Thanking you for your confidence in the past, which I feel I have not forfeited, I am your obedient servant, L. B. MILLER.

To the Electors of Ward Three

Ladies and Gentlemen:— At the request of a large number of the Electors of Ward Three, I am a Candidate for Councilor at the forthcoming Civic Election.

I am a property holder in the Ward and my place of business is centrally situated in the Ward also. I elected I will use my best endeavours for the good of Ward Three in particular and the City in general. Soliciting your support.

I am, Very respectfully yours, F. W. HUGHES.

To the Electors of Ward One

Ladies and Gentlemen:— At the request of a large number of taxpayers of the Ward I have consented to become a candidate for election at the forthcoming civic contest with a great many others. I claim a better treatment for Ward One. A portion of the very large amount of tax paid by the property holders in the Ward should be spent therein which has not been done. King Street, from east to west has been neglected and the surface drainage of the Ward never attended to. It is so desirable that a resident of the Ward should represent it at the Council Board. If I am your choice for the honour I will do my utmost for the Ward, not forgetting the best interest of the City in general.

I remain, yours etc., P. A. SMITH.

To the Electors of Ward Five

Ladies and Gentlemen:— Having been requested to again nominate as a Councilman in Ward Five, I have decided to do so, and take this means of soliciting the same generous support that you have heretofore accorded me, and if you do me the honor of re-electing me I will do my utmost to further the best interests of the City, paying special attention to the welfare of Ward Five.

As Chairman of the Street Committee during the past two years, I have been interested in having performed the important work of laying down the storm sewer which has proved such a boon especially to the central part of the Ward, and if re-elected I will continue in the future the same policy of making permanent improvements in the Ward, as the means at the City's disposal will permit.

I remain, Yours respectfully, JOHN McNEVIN.

To the Electors of Ward Two

Ladies and Gentlemen:— I herewith present myself as a candidate in the coming Civic Election to represent Ward 2. If you see fit to favor me with your support in my election, I will do anything in my power for the best interests of Ward 2 and the City in general.

Respectfully Yours, R. J. LEDWELL, M. D.

To the Electors of Ward Five

Ladies and Gentlemen:— Having been requested by a large number of the electors of Ward Five, and particularly of Ward Five Central, to become a candidate for Councilor at the coming election, I have decided to become a candidate, and offer my services to the public and especially Ward Five, Central. Should you see your way clear to elect me I shall consider it my duty and my pleasure to work in the interest and promotion of the city and especially Ward Five.

As it will be impossible for me to make a personal canvass, I take this opportunity of soliciting your influence and support.

Yours respectfully, BENJ. CARTER.

Mr. P. S. Brown's Card

TO THE ELECTORS OF CHARLOTTETOWN. Ladies and Gentlemen:— I am in the field as a candidate for the Mayoralty of Charlottetown, having been duly nominated on the second, inst.

If you honor me with election, I shall endeavor to forward to the best of my ability the best interests of the city.

With the co-operation of the Council, my aim shall be, if elected, to place before the citizens a complete and correct statement of the civic finances.

Without increasing the taxes I shall endeavor to maintain and advance the system of permanent public works, which was inaugurated during the period in which I held a seat at the Council Board.

Every measure tending to improve the financial position of the city will have my careful deliberation.

In conclusion, I would respectfully solicit your votes and influence for me at the forthcoming election.

Sincerely yours, P. S. BROWN.

To the Electors of Ward One

Ladies and Gentlemen:— Having decided to nominate for re-election, I take this opportunity, of asking for your support. If elected I shall endeavor to give the Mayor and Council all the assistance in my power towards advancing the interests of the city, advocating necessary improvements in all departments consisting with our present rate of taxation.

I believe the time has arrived when the financial relations between the Provincial Government and the City require re-adjustment. In this regard the income tax collected from our citizens should be used for the medical inspection of schools and the improvement of our parks, squares and public buildings.

The incoming Mayor and Council should arrange with the Electric Light and Power Co., to make substantial reduction of their rates. In the event of no satisfactory arrangement being made the city proceed to the expiration of the present contract, a modern plant for the production of electricity for power and lighting purposes.

If I have the honour to be re-elected as your representative I will continue to devote as much of my time and attention as possible to the cause of good city government.

I remain, Yours very respectfully, JOHN MCKENNA.

To the Electors of Ward Four

Ladies and Gentlemen:— At the earnest solicitation of a large number of the voters, I have consented to contest the ward at the forthcoming civic election.

On two previous occasions, you, Ladies and Gentlemen have done me the honour of electing me as your representative and while I sat at the Council Board, I have, as the City records will carry out your wishes to the best of my ability.

Should you again see fit to return me I will in the future as in the past protect your interest as well as the interest of the city in general.

As the time is very short, I may not be able to see you all personally but I take opportunity of respectfully soliciting your support and influence.

I am, Respectfully Yours, J. D. TAYLOR.

To the Electors of Ward Four

Ladies and Gentlemen:— Having already represented Ward Four, and being again solicited to accept nomination, we take this opportunity of presenting ourselves as candidates at the forthcoming election. Should you see fit to elect us it shall be our duty as well as our pleasure to advance the best interests of the City generally and of Ward Four particularly. The franchise is your sacred right; use it to the City's best interests and none will have cause to regret.

We are, Ladies and Gentlemen, Yours respectfully, G. D. WRIGHT.

FAMILY RESEMBLANCES

Striking Characteristics an Expert Looks For in Determining Relationships.

(London Lancet.) Had the "Slingsby Case" been tried in less stirring times, it certainly would have attracted a greater share of public attention, particularly from those who are interested in the inheritance of physical characteristics.

James Bargevine Deane recognized the boy defendant and his father, Charles Slingsby, particularly in the case of the lower jaw; Sir George Frampton detected a likeness between the ears of the boy and his mother. On the day on which the learned Judge gave his judgment of the degree of resemblance between the boy defendant and his father, the boy defendant, particularly in the case of the lower jaw; Sir George Frampton detected a likeness between the ears of the boy and his mother.

On the day on which the learned Judge gave his judgment of the degree of resemblance between the boy defendant and his father, the boy defendant, particularly in the case of the lower jaw; Sir George Frampton detected a likeness between the ears of the boy and his mother.

young; it becomes fully developed after adolescence, and this is especially true in the case of the nose, and is also the case with the lower jaw. The boy defendant is four years of age; in the next sixteen years his jaw will be remodelled over and over again to make room for the permanent molar teeth, the teeth which will replace his milk set, and to fit the growth of the upper jaw; it would be at maturity we should expect a real, not an apparent, resemblance of the paternal form of jaw to appear. The ear offers a more certain means of identification of likeness, but very few men have studied this complex structure so closely as to be in a position to offer an expert opinion as to degree of likeness. In the photographs which have been published of the parties in the Slingsby case an expert has little difficulty in recognizing what was apparently regarded as a striking feature of the "Slingsby" ear. The resemblance lies in the degree to which the hinder border of the ear is folded over so as to form a welt. It is well known that the folding of the ear margin is a result of retrogression; the more the border is folded over the greater is the degree of developmental retrogression. There is no folding of the border of the ear in the more primitive apes; in some of the higher apes, especially in the orang, there is a high degree of infolding, for the ear of the orang is more retrograde than that of most human races. A considerable degree of infolding of the ear is so common that an anthropologist would give it only a slight value in working out resemblances. Sir George Frampton's method of observation we do not know, but we must admit that sculptors have certainly a right to express an opinion. It was Thomas Woolner who drew Darwin's attention to the presence of a notable on the welt of the human ear which the great evolutionist recognized as a remnant of the ancient pointed tip. That all parties concerned in the Slingsby case should show a trace of the ancient tip is not a matter of surprise; the ear is exceptional which shows no sign of this ancient mark.

HOW SHE SPENT THE AFTERNOON. A young married couple, who lived near a famous golf course, were entertaining an elderly aunt from the depths of the country. "Well, Aunt Mary, how did you spend this afternoon?" asked the hostess on the first day. "Oh, I enjoyed myself very much!" replied the guest with a beaming smile. "I went for a walk across the moors. There seemed a great many people about!" and some of them shouted at me in a most eccentric manner; but I just took no notice. And, by the way," she went on, "I found such a number of curious little round white things, I brought them home to ask you what they were." And he dear old lady produced from her handbag about a dozen golf balls!

When Grip is prevalent LAXATIVE BROMO QUININE should be taken, as this combination of Quinine with other ingredients, destroys germs, acts as a Tonic and Laxative and thus keeps the system in condition to withstand Colds, Grip and Influenza. AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

Grand Concert at Khaki Club, Tuesday, February 8th

PROGRAMME. 1. Address—Mr. W. F. Tidmarsh. 2. Vocal Solo—Mr. W. J. Brown. 3. Reading—Miss Elmer Lowe. 4. Chorus—Men of 105th Battalion. 5. Vocal Solo—R. Finol. 6.
