—INSTITUTE MEETING.—The annual meeting of Lake View Women's Institute met on Nov. 2nd at Mrs. R. D. McLaren's North Lake and opened with the singing of the "Ode" and reading of the "Creed." After the reading and adoption of the minutes the president gave an interesting report of the year's work. The secretary's report which showed a balance on hand of \$91.00 was read and adopted as was also the report of the Librarian. The following officers were then appointed: President, Mrs. H. G. Morrison; vice president, Mrs. S. J. MacDonald; secretary, Mrs. J. E. Dingwell; directors, Mrs. Herbert Rose, Mrs. S. J. Rose and Mrs. Wm. Fraser; auditors, Mrs. D. J. MacDonald and Margaret Rose; delegates to Convention, Mrs. S. J. Rose and Margaret Rose. The secretary was authorized to send \$10.00 to St. Vincent and \$10.00 to Mt. Herbert Orphanages. Roll call was answered by telling a short story or paying annual fee. The members of this Institute were entertained on Dec. 7th at Mrs. J. H. Baker's, after the regular opening exercises, school committees were appointed and bills for school supplies ordered to be paid. A number of letters from Miss Windsor was read, one of them in regard to the publishing of a Provincial Institute paper, was discussed and ten members decided to subscribe for it if published monthly. Program consisted of roll call answered by a verse of favorite poem, a paper on the enjoyments and privileges of the present day compared with twenty years ago and a reading by Grace Dingwell. The January meeting met at the home of Mrs. Alfred and Mrs. Livingstone Rose Lakeville. At this meeting, Mrs. R. D. McLaren and Mrs. E. D. Fraser were appointed school com-

Executive of P. E. I. Presbyterian Meet

The Executive of the P. E. I. Presbyterian met in Trinity Church, Charlottetown, on Thursday. The President, Mrs. W. A. Thomson, Charlottetown, presided, and opened the meeting with prayer. Roll call was responded to by the following: Mrs. F. E. Boothroyd, York; treasurer, Mrs. Lucas Allan, Summerside; secretary of work for young women, Miss Elma Inman, Carleton; secretary of Mission Bands and Baby Bands, Mrs. Keith Boswell, Victoria; Associate Helpers Secretary, Mrs. J. A. Moore, Charlottetown; Missionary Monthly Secretary, Mrs. F. H. Littlejohns, Pownal; Press Secretary, Mrs. D. M. MacLeod, Hunter River. Members of the Executive unavoidably absent were: Hon. Pres. Mrs. Neil MacLeod, Summerside; 1st. Vice-Pres., Mrs. John Stirling, Montague; Sec. of Christian Stewardship and Finance, Mrs. D. K. Ross, Bedeque; Supply and Literature Sec., Mrs. Geo. C. Gordon, Alberton; Strangers' Sec., Mrs. W. L. Colton, Kensington. Splendid reports from their respective departments were presented by Mrs. Thomson on behalf of the absent secretaries. While all the reports were full of interesting facts and most encouraging, that of the treasurer, particularly, showed that the year had been marked with a great degree of success—the allocation of \$11,250.00 for nine months (April 1 to Dec. 31) having been exceeded by upwards of \$300.00.

Mrs. Grant and Miss Inman were appointed to forward greetings from the Executive to Mrs. MacLeod, Summerside, and Miss Marion Townsend, Toronto, respectively.

Presbyterial will meet early in May and all auxiliaries, Mission Bands, and Young People's Societies are asked to appoint their delegates at the March meeting.

Other minor matters disposed of, meeting adjourned, after which a delicious lunch was served by ladies of Trinity Church.

All entries to be in by Feb. 3rd. W. C. Pooley, Rink Manager.

—PROHIBITION IN SUMMER-SIDE—As we go to press today (Tuesday) at noon the stock of wet goods is being transferred from the late vendor's (Mr. C. C. Dickie's) store to the new vendor's (Mr. J. S. Porry's) premises on Water Street, Summerside. The transfer is being made by open sleigh and from a hurried glance we got of the faces of some of the onlookers, it would be an act of common humanity on the part of the authorities to have a sheet of tarpaulin placed over it whilst in transit. (Summerside Farmer.)

—LENNOX ISLAND SCHOOL.—The Micmac school, Lennox Island, was inspected on Jan. 30th, by Hilda Gillis, B. A., Inspector of Schools. There were fifteen pupils present and one school officer, Mr. John M. Francis. The pupils by their intelligent answers to the various questions, and their marked politeness and good behaviour, reflect great credit on their painstaking teacher, Mr. John Sark—one of our returned heroes of the Great War. The skillful mastery of the English language was evident from their reading, writing and spelling. Geography, history and arithmetic are well taught in this school. Singing and physical drill are an important part on the teacher's time-table. To sum up, the people of Lennox Island should be justly proud of their school, its pupils and most of all their energetic teacher, who leaves no gaps in his daily programme of

Riding the girders—matching muscle against steel

But no stiff aching muscles for these construction men

WHETHER you're riding the girders a hundred feet up in the air, holding the drill, or tossing the red hot rivets—a construction man is using his muscles all day long.

Out in the open, too, mostly—sometimes in a biting wind or a chilling drizzle.

Unless you look out for yourself, your muscles are likely to get stiff and painful—or you find yourself laid up with a bad cold or an attack of rheumatism.

And yet, you'll notice, everywhere you go, that construction men are an especially fine, healthy-looking lot of men. We asked them what they do to keep in such splendid condition.

About half of them said, "Sloan's is our great standby."

It's the same everywhere on strenuous jobs

Active men and women on strenuous jobs all over the world have known for years that there is nothing like Sloan's Liniment for limbering up stiff muscles, for warding off the effects of exposure and for taking care of all sorts of minor injuries.

A painter tells this remarkable story of quick relief: "A severe pain came in my instep while I was on top of a roof painting. I was two and a half miles from home, and had to walk. How I suffered, no one knows. It was something terrible. A friend of mine gave me some Sloan's and by ten o'clock it commenced to quiet down and I rested well. The next morning I rubbed it on again. The way it hurt, I thought I never would be able to

finish my paint job, but I went right out and walked the two and a half miles and the pain left me entirely and I finished my job."

Frank Daton Hayes, St. Louis Park, Minn.

And read this story of relief from a painful injury:

"I tore a ligament loose in my hand. I tried

Other remedies, but none of them helped me, until I used Sloan's Liniment. It destroyed the pain completely. While I was trying other medicines I had to use my one hand, and by the time I found Sloan's it was very much fatigued so I applied Sloan's. In one-half hour it was all right. I wish you would inform everyone who is suffering. I cannot give Sloan's enough gratitude." Robert Whisler, 127 N. Benton St., Mansfield, Ohio.

Sloan's Liniment requires no tiresome rubbing. Just pat it on over the place where the pain is. At once you feel a pleasant, glowing warmth. Knotted tendons relax, stiffened joints limber up as fresh blood begins circulating through the aching spot. The pain stops because the cause is removed.

Get a bottle today—35 cents at all drug stores. Then tonight, at the end of your day's work, try it and see for yourself what quick, genuine comfort it gives. Use it for:

Rheumatism Lame muscles
Sciatica Stiff neck
Lumbago Colds and
Neuralgia congestions
Sprains and bruises

Here's what a company doctor who cares for the ills of hundreds of working people every year says of Sloan's: "People whose work exposes them to strain or to damp and cold usually suffer from a good deal of muscular soreness. We find that Sloan's gives them quick, positive relief."

One of the construction men who told us that they rely on Sloan's to keep their muscles fit for the job
