STOCK QUOTATIONS

Stock Markets At A Glance

CHICAGO, Aug. 24 — (AP) — Grain futures rallied strongly today after an early setback, influenced by firm New York cotton and stocks, and a statement by Agriculture Secretary Anderson that the Government would continue to support prices.

WINNIPEG, Aug. 24 — (CP) — Rye futures prices closed 1 1-4-2 1-4 cents higher on the Winnipeg Grain Exchange today with Oct. at 150; Dec. at 141 5-8-3-4 and May 140.

Late in the session the market resumed its upswing in prices which began four days ago, after a period of idleness.

Only export business reported was the sale of 300,000 bushels of wheat for relief shipment to Europe and a small lot of flour for Manila. There was a distinct lull in the British cereals board following the heavy business last week.

NEW YORK, Aug. 24 — (CP) — Motors and rubbers led the stock market on a relatively strong advance today and put the industrials average at its highest level in more than eight years.

Transfers totalled 1,320,000 shares compared with 1,190,000 Thursday.

The Associated Press 60-stock average advanced .8 of a point to 65.9. The industrial composite climbed 1.2 points to 88.4, a top since Aug. 4, 1937. Rails limited their gain to .4 and the utilities to 3.

TORONTO, Aug. 24 — (CP) — Trading interest expanded in the gold stocks on the Toronto Exchange today, resulting in an index gain of .56 for the group. Western Oils firmed narrowly and the Base Metals finished the day .43 down.

The Yellowknife Stocks led the upturn, helped, possibly by reports of two new important discoveries east of Yellowknife. On improved buying volume gains of 10 to 15 cents were netted by Frobisher, Giant, Negus and Conwest and other issues of the group up 3 to 6 cents included trans-continental sources, Bear, Atlas, Lynx and Nib.

MONTREAL, Aug. 24 — (CP) — The Montreal Stock Exchange and Curb Market, with increased activity, today continued the upward movement begun yesterday. Averages for all groups improved, with papers leading on a gain of 1.96.

Gains of two points or better were posted by St. Lawrence Corporation A Preferred, International Power and Sicks Voting Trust, while Quebec Pulp and Paper Preferred, Aluminium, International Nickel, Canadian Industries B, Distillers-Seagrams, Celanese Preferred and Investment Foundation were up a point or more. Losses of a point went to Aluminum Preferred and Claude Neon Preferred.

Trading box score: 170,300 shares; mines 141,300; Industrials 29,000; stocks higher 58; lower 22; unchanged 55.

NEWSEY NOTES

(Continued from Page 3)

deaths due to heat here, though the crops suffered. Our brook was dry on Aug. 10th, but a rainfall of 1.02 inches on the 15th set it running for a day, then it stopped running again. From the North of England came news of a very wet season there). The above rainfall coincided with a conjunction of the Moon with Mars and Venus.

The heat was hard on tender crops, such as tomatoes. In the tobacco-growing districts the acreage had been increased 8 per cent over that of 1935, but the crop was considerably less. When the drought gave way a very stormy period ensued. On Sept. 15th a snowstorm levelled all uncut crops in Alberta, cars were stranded and lines down. Storms, gales, and hurricanes in various parts. Oct. 12, a 42 m. p. h. gale swept the Island, the same which ruined the Annapolis Valley apple crop. In the Maritimes, November, three deaths and many auto accidents, due to bad weather were reported. The Barometer rose and fell erratically all winter, and there were many violent earthquakes in certain countries. By January 1, 1937 the snow completely disappeared from off the roads here
