The failure of any of the vital organs to do its work properly affects the action of all the others. A forced bowel movement does not help constipation; it only helps to help constipation. It only helps for a few hours the condition that constipation brings about.

### AGENCIES WANTED.—The Pall

Mall Gazette, refers to Canadian complaints regarding prices of apples as a specific instance of profiteering by middlemen. The Canadian grower, it says, gets 27 to 37 shillings per barrel for apples sold in London at 130 to 140 shillings a barrel. The Pall Mall says that what is required is a system of co-operation bringing producer and customer together, and it asks why the Canadian apple growers do not establish their own agencies here and so cut at the root of the evil against which they protest.

### Ordination of Elders At Zion Church

At Zion Church, this city, on Sunday evening, at the close of the regular services, in the presence of a very large congregation, eight new elders were ordained and admitted to the session as follows: Dr. C. C. Archibald, Abram Bonnell, J. Lester Douglas, Ambrose D. Fraser, Roderick Gillis, Sidney T. Green, B. W. LePage, W. B. Robertson.

This increases the number of active elders to twenty. The minister, Rev. Geo. C. Taylor, preached from the text in Ecclesiastic 7:10 "Say not Thou, 'What is the cause that the former days were better than these?' for thou dost not enquire wisely concerning this." He deprecated the idea that the Golden Age was past and maintained that the world, in spite of all that spoke to the contrary, had never reached a higher level than that of the present day. He stressed the salient of the various periods of human history and showed that their conception of goodness and even the practice of it was very much below the present day standard. The saints must be judged by their historical setting. He spoke of the religious ideas of the Puritan age, when although in-tensely earnest about the salvation of his own soul each man sought to make his escape from the City of Destruction ignoring the while that his neighbor also had a soul to save.

After the sermon and hymn the minister read the warrant and attending the doctrinal statement with regard to the Office of Elders and explaining that the ceremony of the "laying on of hands" carried in itself no efficacy, but that the blessing came from God in answer to the prayer offered at that time; he then addressed the usual questions to the elders-elect which were answered in the affirmative. He brought the service to the point where the session with imposition of hands and prayer and later by the extension of the right hand of fellowship welcomed the brethren to take part with them in the ministry.

The Minister then addressed both the Session and congregation and appealed for a great forward movement on the part of all. The choir rendered the Congregation Anthem in splendid form. Miss Ethel Coffin taking the solo. Miss Hilda Barnes as organist did much to make the impressive service a thing long to be remembered.

### Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
