Missing Pilot Lived here

MONCTON, N. B., Nov. 3.—(CP)—Mr. and Mrs. Allen O'Brien were notified today that their son, Sgt. Pilot Charles O'Brien of the Royal Canadian Air Force, was reported missing after operations overseas last Friday.

O'Brien, 24, was born in Moncton but moved to Prince Edward Island when a child. In 1936 he won the Island junior tennis championship. He left Acadia University to join the R. C. A. F.

A brother, Robert, left here today for Toronto to become a member of the R. C. A. F. (Sgt. Pilot O'Brien was attended Prince of Wales College here. Several said they knew him in connection with tennis but did not know anything of his family. Several said they thought he lived in the rural sections of this Province for a time but did not recall where.)

To construct 50 Escort vessels

WASHINGTON, Nov. 3.—(AP)—Authorization for construction of 50 escort vessels for the United Kingdom under the lend-lease program, to cost about \$300,000, was announced today by the United States navy.

All the vessels will be built in navy yards—24 at Mare Island, Calif., 12 at Boston, eight at Puget Sound, Wash., and six at Philadelphia.

U.S. Navy plane In fatal crash

WASHINGTON, Nov. 3.—(AP)—The United States navy announced tonight that a navy bomber had crashed in the Atlantic and that its crew of 11 officers and men and an army officer were killed.

The ship had been missing since mid-morning Sunday. The army officer, Second Lieut. W. P. Robinson, was a passenger.

Reports Soviet Defences in Crimea split

BERLIN, Nov. 3.—(AP)—The Nazi high command claimed today that the Russian defenders of the Crimea have been split and are being pushed into the sea and military commentators contended the Germans soon would have control of the Black Sea to wage the fight for Caucasian oil.

Once more the German air force bent its fury upon ships attempting to transfer troops in what the Nazis described as a Dunkerque-like evacuation. German reports claimed dive bombers hammered Sevastopol, Russian naval base, and Kerch, on the southwest and east coasts of the peninsula-shaped peninsula.

The German command apparently was driving the Soviet Black Sea fleet from another home after its withdrawal from Odessa and Nikolaevo. Guessing where the Red fleet would go next, the Germans already are planning at the extreme eastern end of the sea, and included that Caucasian port in the zone of intense air operations.

Conservatives Prepare for Meeting Friday

OTTAWA, Nov. 3.—(CP)—Plans went forward today for the meeting Friday of the general executive of the Conservative Association called to decide the time and place of a Dominion-wide convention to select a national party leader.

Meanwhile it was learned that thought was being given to the suggestion from some Conservative members of Parliament that Senator Arthur Meighen be asked to accept the leadership of the party during the war and have the national convention postponed until the war is over.

One executive member questioned whether the executive would have authority to take such a step but admitted that a meeting of possibly 150 prominent Conservatives, if fairly unanimous for such a step, might consider its authority sufficient should Senator Meighen be prepared to accept.

R. MacNicol (Cons. Toronto-Davenport) chairman of the executive was non-committal on the proposal to ask Senator Meighen to take over the leadership but with the experience of organizing two Conservative national conventions he said it would be possible to hold a national convention in January if the executive so decided, it would be a rush job but it could be done.

Two U. S. Subs For British Navy

NEW LONDON, Conn., Nov. 3.—(AP)—Two United States submarines will be turned over to the British and Polish navies under the terms of the lend-lease act at a ceremony here tomorrow. Britain will get an R-class boat of 1918-19 vintage, while the Polish navy will take over an S-class patrol boat built during the 1921-1923 program.

The House adjourned after Mr. King's speech and Conservative Leader Hanson will lead off tomorrow. Then, according to an

Japan to act On own views Re Berlin charge

TOKYO, Nov. 4.—(Tuesday)—(AP)—A Government spokesman said tonight Japan would act "with independent judgment" on Berlin's charge that Germany had been attacked by the United States.

Koh Ishii, the spokesman, said further that Japan would withhold any conclusions until she has received exact and correct information on what actually occurred in the Atlantic clashes between United States destroyers and German U-boats.

As partners of the Axis pact Japan, Germany and Italy are pledged to help one another in case of attack by a power not involved in the western and far eastern wars.

Asked whether Japan approved or concurred in the German government's declaration, Ishii said:

"As has already been said by Japan, the tripartite pact will be interpreted by the Japanese government with independent judgment. Therefore we must interpret article three after getting the exact and correct information of what occurred."

Rand Matheson Gives details in Feed freight plan

MONCTON, N. B., Nov. 3.—(CP)—Rand Matheson, manager of the Transportation Commission of the Maritime Board of Trade, tonight amplified details of a Federal government decision to pay the cost of transporting feeds grains and mill feeds to the Maritimes.

The amount of assistance will be on the basis of \$4.50 per ton, he said, plus the balance for shipment beyond the Montreal zone. This makes the allowance to Saint John and certain other New Brunswick points \$7.50 per ton.

Assistance to some points in the Halifax zone, which includes Sackville, N. B., Charlottetown and Summerside, P. E. I., Amherst, Truro and New Glasgow, will be \$7.00 per ton, and to Kentville, Lunenburg, Sydney and Yarmouth, \$8.50.

Mr. Matheson estimated total payments of this freight assistance from the need of the Lakes to Maritime points would total more than \$1,000,000 for the period ending June 30 next.

War—25 Years Ago Today

NOV. 4, 1916—French on the Western Front, made gains near strongly-fortified St. Pierre Vaast Wood, south of Saliselle; German counter-attacks repulsed. Italians captured nearly 10,000 prisoners in four days' fighting on the Carso plateau.

Makes No Guess At Early Victory In War Review

Says Japan is uneasy at prospect of fighting U. S. and Britain; Tells of aid to Russia.

OTTAWA, Nov. 3.—(CP)—Prime Minister Mackenzie King today proclaimed the cause of freedom in the present war to be the "highest it has ever been given to man to defend", predicted increasing bloodshed and human suffering and stressed the interdependence of all free nations in the face of the military might of Nazi Germany.

In his war review with which he opened the resumed sittings of the House of Commons Mr. King made no predictions of early victory and announced no triumphs for allied arms or strategy in the four months which elapsed since the adjournment of Parliament.

He ended with the sharpest denunciation of Nazi doctrine and practice he has yet delivered and a declaration that the issue in the war was a moral one of profoundest concern not only to every nation but to every individual.

The House adjourned after Mr. King's speech and Conservative Leader Hanson will lead off tomorrow. Then, according to an

Cost of living Index advances

OTTAWA, Nov. 3.—(CP)—The dominion bureau of statistics' cost-of-living index rose from 114.7 to 115.5 during the month ending Oct. 1, the bureau announced today.

The index means that the cost has increased a total of 14.6 per cent between Aug. 1939 and October this year.

The index is the basis upon which cost-of-living bonuses under the dominion government's wartime wages policy are calculated.

The bonus payable under the recently-announced extension of the wage policy to all industry will be calculated on the increase in the index from Oct. 1 to next February.

For the first time since last May, the food index declined fractionally but other group indexes all showed increases. The food index moved down from 123.3 to 123.2 between Sept. 2 and Oct. 1, due to small price reductions for dairy products, eggs and vegetables, while other food groups recorded minor increases.

The rent index advanced from 109.7 to 111.2 for October. Higher prices for coal and coke caused the fuel and light index to rise from 110.9 to 112.1. The clothing index moved upward from 117.4 for September to 119.6 for October, while home furnishings and services advanced from 115.8 to 117.3.

The miscellaneous group index changed from 106.4 to 107.5, due mainly to an increase in gasoline prices.

Mr. G. T. Hardie Heads local Air Cadet Committee

Mr. George T. Hardie, Charlottetown, was elected president of the Local Permanent Committee in connection with the proposed Air Cadet Unit in the City, at a meeting held last night. The secretary named was Prof. George Patterson of Prince of Wales College teaching staff. Other members named to the committee were: Messrs. H. F. McPhee, K. J. Martin and J. J. Leightner. The meeting was at The Charlottetown.

A large group of representative citizens gathered and following the naming of the committee by chairman J. E. Sterns, plans for the formation of the unit were discussed. Mr. George Hardie, who presided, explained that formal application must be made to Ottawa before it could be formed. It must be designated whether the new unit would

Bag 4 enemy Ships carrying War supplies

Canadians Credited With Two Of Night's Catch.

LONDON, Nov. 3.—(CP)—British and Canadian bomber crews aiding the Red army by intercepting enemy shipping carrying supplies to the German forces in northern Finland, knocked out four Nazi ships in last night's operations to bring their total since last Friday to 24 vessels sunk or seriously damaged.

Canadian airmen bagged two of last night's catch, bringing their three-day total to 10, not including a vessel claimed yesterday as a "possible." One of the ships attacked in the Canadians' latest foray was a larger tanker, intercepted off the Netherlands coast. The pilot who hit it with two bombs said it was "burning very nicely as he went back home."

The second ship was smaller. Sparks and smoke shot up as a delayed-action bomb dropped on it exploded.

Most members of the all-Canadian squadrons of the coast command have been participating in the offensive. PO J. F. Cordville,
