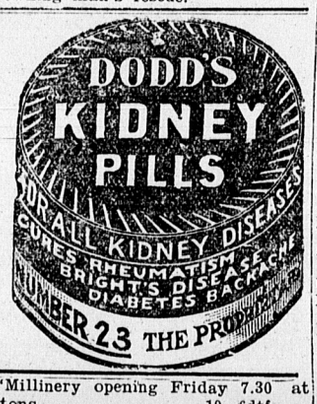
L SAVING CORPS' MEDAL

ROCHESTER, N. Y., Oct. 3—Miss Flora Stoll, of this city, has been presented with a United States life saving corps medal for jumping into Lake Ontario on July 31 and saving Evan D. Preston, seized with cramps far out in the lake where he was swimming. In a large crowd, Miss Stoll was the only one to go to the drowning man's rescue.



"Millinery opening Friday 7.30 at Patons. 10—6dtf.

"The new hats. The fine art of millinery this season is carried to a degree of perfection that impresses all who are at all interested in the "hat beautiful." For the milliner, two, this is a season of rejoicing. Materials are so desirable and fully come up to one's ideas of what millinery should be; rich velvets, felts, plumes, ribbons and dainty ornaments all contributing to the ultra-fashionable effects which will be here for your inspection Friday evening—7.30 Paton & Co. 10—6dtf.

"The loveliest fall hats. The hats for this season are more beautiful than ever before. All the rich colorings so suitable for the autumn are being shown. Velvets are very much in evidence, and French felts, the trimmings being graceful ostrich plumes, feathers, wings, ribbons and flowers. Shades are as first favorite, with greys, blues, greens and black and white following closely. See our opening display, Friday evening 7.30—Paton & Co. 10—6dtf.

"Refinement, distinction, smartness without bizarre effects—these are the characteristics which seem most noticeable in the new hats. But as for description—come and see Friday evening 7.30—Paton's. 10—6dtf.

MINERS TO TAKE LIBEL ACTIONS

HALIFAX, N. S., Oct. 4. — The United Mine Workers are preparing to turn the tables on the Dominion Coal Company in the matter of arrests for libel, and they propose also taking action on other charges. Dan McDougal, president of the U. M. W. in this district, is under arrest at Montreal, on a charge of criminal libel because of advertisements in La Patrie and other French Canadian papers in Montreal bearing his name and reflecting on conditions in the mines at Glace Bay.

An information has been laid for a warrant against Alex Johnson at Sydney, ex-M. P., for criminal libel in connection with articles he is said to have written for, or allowed to appear in the Sydney Record, of which he is editor or manager. The U. M. W. people also are preparing to arrest as many of the coal operators of this province as they can reach on a charge of conspiracy. They allege that the operators have formed a combine to keep up coal prices, that the consumer finds that wherever he turns the price is the same at the mines, and that this is done by an illegal combination in restraint of trade. There was a rumor that warrants had already been issued against the coal operators, but inquiry showed that nothing of this kind had so far been done. It is learned, however, that the issuance of such warrants is under serious consideration by the U. M. W., and developments may be expected in a day or two.

FRENCH OFFICERS NEW YORK POLICE

NEW YORK, October 3—Admiral LePord, commanding the French naval squadron anchored in the Hudson has made a protest to the authorities of New York against an outrageous bit of police brutality, of which one of the officers of the fleet was a victim.

Admiral LePord's secretary said: "A young ensign of the battleship Verite, who had been in the parade, was returning to the ship late yesterday afternoon with two sailors. They were in uniform and were ascending the steps of the elevated railway at Forty Second street and Sixth avenue, when near the top they encountered a policeman. His number was 448. Crowds of men and women were ascending and descending the steps and progress was slow.

"'Step lively, there, get a move on you,' shouted No. 448.

"Our ensign hastened his steps in obedience to the policeman, but while he was actually obeying the command the policeman struck him violently and knocked him down a flight of several steps. Several women were knocked down by the Ensign in his fall. The policeman helped neither the Ensign nor women.

"In France, the Ensign would have fought back against such cowardly, brutal treatment, but he is an officer and a gentleman, and he restrained himself. The Admiral does not want to make an international affair of the matter, as he is a guest of New York City. We Frenchmen ask of your own American sailors if that is the way they were treated while they were our guests."

This was the only instance, out of hundreds, showing a riotous, brainless "knock down" and "drag out" conduct of the police at the celebration.

WASHOUTS DAMAGE ALONG THE I. C. R.

SABKVILLE, N. B., Oct. 3—The washout that occurred on the I.C.R. at one o'clock yesterday afternoon delaying 7 trains for over 12 hours and five for over six and flooded four thousand acres of marsh land along the Memramcook River broke through the embankment again this afternoon and delayed two through expresses for five hours.

Owing to the heavy gale blowing up the Bay of Fundy the tides were unusually high breaking through the dikes on each side of a ten mile stretch of river to the extent of about fifty feet every fourth or half mile and flooding the marshes on both sides of the railway. The dyke broke and the water carried away the railway embankment in two places, one near Upper Dorchester extending for about three hundred feet and one near Dorchester about half that size.

A wrecking train was sent from Moncton at six o'clock and fifty men were at work all night and this morning at 9.30 the first train passed east The men were kept busy all day only to have their work wrecked at high tide this afternoon. The water came through at both places once more making a swift current under the track at a larger break over four feet deep. Another twenty car ballast train arrived from Moncton and emptied its contents into the torrent. It took four hours to fix the second break at Dorchester.

A conservative estimate figures that about five hundred tons of broadleaf was lost besides the same amount of hay in stacks and barns surrounded by water will be destroyed with the first frost.

The penitentiary at Dorchester is the chief loser, having lost over eighty tons hay.

BOUGHTON ISLAND RESIDENT DEAD.

The death occurred at Boughton Island on Sept 1st, 1909, of John F. Allen in the 56th year of his age. Although deceased had been in ill health for some time the end came very unexpectedly.

He leaves a wife, one daughter and four sisters to mourn the loss of a kind husband and brother.

A precious one from us is gone,
A tender voice is stilled,
A place is vacant in our home,
Which never can be filled.

AN OPEN LETTER.

Results so Surprising That They Seem Marvelous Are Common to Mi-o-na the Old Dependable Stomach Remedy.

Mrs J. A. Pillow of North Street, Gananoque, Ont, says: "Mi-o-na is worth its weight in gold for quickly and permanently curing dyspepsia. I became so bad that I was unable to leave my bed. There was a conetant burning in my stomach. I would belch up gas every few minutes and could eat but very little, as the food would quickly ferment and make gas that caused a serious depretsion of the heart. Prespiration would break out all over my body, I would become so weak that I could not stir and would often fall on the floor in a helpless state. The pains in my stomach were terrible. I could find no position in which to sit or lie without suffering, and I was so nervous that the least noise affected me. Headaches were constant. I would become dizzy and spots would appear before my eyes. I had no ambition to get around and everything seemed to tire me. The first box of Mi-o-na gave me more relief than anything I had previously tried. The second box of Mi-o-na cured me. I am well and strong and I have not had an hour's suffering since. I will always feel grateful to Mi-o-na for the cure given me and glad to recommend."

In the face of such evidence it is easy to understand why Geo. E. Hughes feels assured in saying to you money back if Mi-o-na fails to relieve either trivial or serious stomach trouble.

HAT BEAUTIFUL

"The show for our fall millinery grows more interesting day by day as additions are made to the collection. Our milliners are busy creating and evolving new and pretty styles and large numbers of them are being brought forward just as fast as they are completed. But the hats that are attracting particular attention just now are those made for early fall wear, trimmed in admirable fashion and in shapes, styles and colors in variety sufficient to please practically every taste. MOORS GHECK THE SPANIARDS

MELILLA, Morocco, Oct 3—A Spanish forces from Zeluan, reconnoitering yesterday in the direction of Sokkal Jemis, encountered the Moors, and met with a serious reverse. General Diaz Vicario, three other officers and fourteen men were killed and 182 men were wounded.

THREE VITAL QUESTIONS.

Do you feel yourself full of energy, vital force, good temper, and general good health? Or, are you really not as bright and active and strong as you would like to feel? And, lastly, do you understand and know that good digestion is the very foundation stone of good health; while indigestion is the source of scores of bodily pains and ailments?

When you feel pains and oppression in the stomach and chest after eating, with perhaps constipation, headache, nausea, dizziness, palpitation of the heart, you may be sure Indigestion is at work. Mother Seigel's Syrup, the great herbal remedy and tonic, will cure you.

Mr. Allan Macfarlane, Rockland Farm, Vale Perkins, P.Q., writes:—"Previous to my taking Mother Seigel's Syrup I always suffered sharp pains after eating. After using the Syrup a few days I felt great relief and I was completely cured by taking two bottles of it."
