Vaudeville Acts

Our Program of Vaudeville is one of the finest ever offered, and will certainly please you. Each act is a specimen carefully selected from the best available. Don't fail to see these amusing and entertaining features brought here at great expense. Some are recent European Importations.

Kirk's Comedy Circus

The largest trained Dog Act in the world presenting eighteen dogs of various breeds going through an unusual and tricky routine. Also finely trained ponies doing a number of stunts that show almost human intelligence. This act has been presented in several of the Capital Cities of the world and has pleased immense audiences in the Great Cities. All members of the family to the smallest tot should see KIRK'S COMEDY CIRCUS.

Athos And Company

This artist is making his 2nd year's appearance in America after brilliant European tours. His tricks are amazing and seem absolutely impossible to perform. For instance he balances on one hand atop bottles, swords, and all kinds of unsteady objects. Leading Magazines have carried pictures of this act. See it in real life and be amazed too.

Bill Lynch's 1949 Midway

With New Features Costing Thousands of Dollars
FUN FOR THE WHOLE FAMILY

Mike Munroe

Mike is one of the most versatile performers we know of. With the aid of a Trampo Line he springs through the air with the speed of a jet propelled object and performs amazing manoeuvres in mid-air. One of his stunts, "The Cork Screw Twist", has never been performed except by himself. He is also an accomplished comedy juggler. Watch Mike closely. You will think his tricks clumsy but don't let that fool you; he's as supple as sponge rubber.

Our Purses and Prize List

is the largest we have ever offered. Upwards of \$28,000.00 in Purses, Prizes and Premiums for Harness Racing, Live Stock, etc.

Our Harness Racing Program

Will bring together upwards of 200 of the fastest trotters and pacers in the Maritimes. A galaxy of trotting and pacing stars that will set your nerves tingling and give you the thrills of a life time. An unexcelled program of afternoon and night racing. Don't miss a single event.

Night Racing

Night Racing introduced for the first time in the Maritimes at this track last season, has gone over BIG. It is the fastest growing sport in the United States with the new investments of plants totalling over \$15,000,000 this year.

Night Racing is seen at its best at our track. It's situation is unexcelled. The view from the Grand Stand looking over the water is restful. The brilliantly lighted course, the handsome horses with drivers in their attractive regalia on their sulks, the flashing starting gate, the tense moment when the word "GO" is given and the even more exciting finish which the Photo Finish Lights bring out so perfectly are something to remember. It cost over \$20,000 to put in Lighting Equipment, Starting Gate and other accessories but it is worthwhile!

See the Races both night and day, with Vaudeville Program. On MONDAY, WEDNESDAY and THURSDAY nights.

British Consol's Trophy

British Consol's Trophy will be awarded to the driver securing most points during the meeting. Several hundred dollars will be distributed to drivers and groomers of winning horses and fastest horses during the meeting.

Race Events are sponsored by leading Merchants in Charlottetown and Summerside. Each race will have a Merchant as sponsor.

Potas and Folsom

POTAS AND FOLSOM—the Long and Short of a hilarious comedy team. Every movement of these artists is a "Play it for Laughs". Their bag of tricks includes eccentric dancing, body bumps, gags, and all sorts of balancing feats in which they almost demolish themselves and give the stage a thorough dusting.

Livestock Exhibition

For 60 years the Association has carried on the finest Livestock Exhibition in the Maritime Provinces. It has set a standard for all breeds and has been the means of raising the quality of our animals and making them famous all over the American Continent.

The purpose of our show is to entertain and educate. Every morning Livestock will be shown in two separate rings with plenty of comfortable seating accommodation.

Watch the best Horses, Cattle, Sheep and Pigs Judged in their various classes and see for yourself what the farmers of the Garden of the Gulf can accomplish.

Mr. Kohler excels in Novelty Variations as well as Overtures, Popular Ballads and Trick Numbers.

In addition to the above another outstanding Vaudeville Act is being secured which will round up a program that will amuse, entertain and thrill you. Remember our Vaudeville is the best obtainable from Leading Booking Agencies.
