

# Your doctor advises internal cleanliness

HE WILL tell you that the first results of constipation—headache, sleepless nights, biliousness, backache, etc.—warn that the body is flooded with intestinal poisons. In time these poisons may cause the breakdown of health and lead to serious disease.

Laxatives and cathartics do not overcome constipation, says a noted authority, but by their continued use tend only to aggravate the condition and often lead to permanent injury.

### Why Physicians Favour Lubrication

Medical science has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus, Nujol brings internal cleanliness.

Nujol is used in leading hospitals and is prescribed by physicians throughout the world. Nujol is not a medicine or laxative and cannot gripe. For sale by all druggists.

—FATHER AND SON BANQUET.—The Y. M. C. A. Hall, Summerside presented an animated appearance last evening, the occasion being the annual Father and Son Banquet. There were over 100 present. Mr. G. B. McNutt, ably presiding. The tables beautifully laden with a splendid array of good things were washed upon by the Ladies of the Women's Auxiliary who rendered splendid services. An enjoyable feature of the occasion was the singing led by Mr. A. M. Greig, Secretary of the Y. M. C. A. at St. John, N. B. The various choruses went with a snap and vim that put

a spirit of good cheer into the subsequent proceedings. A series of toasts followed comprising "The King" with the National Anthem heartily sung by all. "Our Fads" proposed by Mr. George Makie in a brief and fitting speech and seconded by Rev. E. E. Boothroyd in an address marked by wit and humor and some very pointed and effective remarks in regard to the responsibilities of fathers as concerning their sons; "Our Sons" fittingly proposed by Mr. C. B. Jolly and capably seconded by Mr. Roy Smallmann; "The Y. M. C. A. and Our Co-operative Work" proposed by Master Alexander, Home and seconded to by Mr. A. S. McKay in a capital address; "The Ladies Auxiliary" proposed by Mr. L. R. Grewe and seconded by Mr. L. A. Moore, both giving witty addresses. Interspersed between the toasts were musical numbers comprising vocal quartettes by Messrs. Schurman, Forbes, Stultz and Bowness which were heartily enjoyed. Toyness which was most effectively given, the two voices blending very harmoniously. The accompanying were Miss Jenn Gordon and Prof. Kerr. A feature of outstanding importance on the programme was an address by Mr. A. M. Greig, Secretary of the St. John, N. B. Y. M. C. A. outlining something of the great work which the institution is endeavoring to carry out among boys the world over. Instilling the spirit of manliness and right living. He heartily congratulated the local "Y" upon the strides which had been made since his last visit to Summerside four or five years ago and also congratulated the members upon the good fortune which has recently come to them through the splendid gift of one of our citizens. This meant the opening of a new era in the work here and with everyone lending a hearty cooperation the future held much in store for the success of the work in Summerside.

—G. D. Robertson.—Death, like time is no respecter of persons, many have passed from our midst among them was my honor-able friend has said, probably the oldest yet and the youngest in point of service in parliamentary life, and in this House—men ripe in experience and in years and men in the prime of their usefulness.

The late Senator Murphy, the member for East Prince, was a pioneer in the life of his own province, engaging in business activities that were most useful in the de-

velopment and upbuilding of that part of the Dominion. For nearly forty years he served his native province as a member of the Legislative Assembly and a member of the Provincial Government part of the time as Speaker of the Legislature. His services were so appreciated that he was sent to Parliament, first to the House of Commons and subsequently to this Chamber. He rendered conspicuous service in both business and public activities, for more than half a century, and at the close of a long life, rich in service and honor, he like many a staunch ship which he built, crossed the bar and went out to sea.

Senator Murphy was well known both here and in his native province. He was in the prime of life, out before his time in the midst of an active and useful service to the people of the community in which he lived. Senator Murphy was a man of high character and long business experience. He was a man of high character and long business experience. He was a man of high character and long business experience.

—Mr. Forier.—Our departed colleague was true Christian, who he doubt served their Master faithfully, and they all have gone to their eternal reward; but they also served the country well, and have left a heritage of which we, their survivors and the legatees and beneficiaries, a heritage consisting of lives spent in the performance of good and useful works. Each of them in his own province stood in the front rank, not only in the performance of good works, but in all the activities that pertained to industry, commerce or the practice of liberal professions. This much can be said of good works, honorable gentlemen. They preside and remain behind us, serving as a beacon to younger generations as they pass. ### Splendid Tributes

In the debates of the Senate of March 10th, under the heading "Obituary Expressions," tributes to the late Honourable Senators Bolduc, Yeo, Godbout, Fowler, Murphy and Cote were paid by Honourable N. A. Belcourt, Honourable G. D. Robertson and Honourable Pascal Forier. Referring to the late Honourable Senators Yeo and Murphy, they said:

—Mr. Belcourt.—The late Mr. Yeo was one of the most affable and lovable men who ever sat in either of the two branches of this Parliament. He sat in both. His record for continuous service, first in the Legislature of his native province, then in the elective chamber of this Parliament and finally in this honorable House, is probably unequalled in the political annals of Canada. Contemporaneously with the attainment of his majority he was elected a member of the Legislative Assembly of Prince Edward Island, the Province in which he was born, and in this assembly he sat without interruption for 33 years. For 32 years thereafter—8 in the House of Commons and 24 in this House—he was an assiduous and ever deeply interested member of this Parliament. Altogether he rendered 65 years of continuous public service. From the beginning he won and until the end he retained and richly deserved, the confidence, admiration and affection of everyone in his own community and here, irrespective of party, religious or ethical affiliation. What a noble, patriotic and inspiring example of public service, well and faithfully performed, our dear departed friend and colleague has left to us all and to those who after we have served our time, will be called to "carry on!"

The late Senator Patrick Charles Murphy was an almost perfect specimen of that great and chivalrous race whose main habitat is in the Green Isle of the North Sea, whose sons have penetrated to the four corners of the earth and have taken in many parts a conspicuous share in the conduct of public affairs; who have won and received very generous support from other ethical groups, and nowhere more than in our own country, where they have been very frequently selected for political representation and honor by the honest and patriotic groups to which I have the honor to belong. His powers of observation, his analytical mind, his wit and humor made of him a worthy and dangerous opponent in any debate. Like so many of his compatriots he was an active part in public affairs and long before he came to this House was known and beloved by all in his own community, because of his many qualities, his professional ability and constant disposition to be of great service to every one. This was the rare distinction of having four sons engaged in active service during the Great War.

—G. D. Robertson.—Death, like time is no respecter of persons, many have passed from our midst among them was my honor-able friend has said, probably the oldest yet and the youngest in point of service in parliamentary life, and in this House—men ripe in experience and in years and men in the prime of their usefulness.
