### Splendid Cup Presented West Royalty School in Grounds Contest by His Honour Lieutenant Gov. Heartz.

The presentation to West Royalty School of the Canadian Horticultural Councils magnificent cup, donated by His Honour Lieutenant Governor Heartz; also the donation to them of some one hundred and seven books, the nucleus of the school days library the foundation of which was due to the generosity of Mr. Adam Andrew, formerly an Islander, but now of California, took place yesterday.

The cup was formally presented by the Lieutenant Governor and the school days library by Mr. F. J. Nash, the chairman of the committee.

Other members of the committee concerned present at the ceremony were Messrs. H. H. Shaw, R. H. Rogers, J. A. Clark, W. Butler and C. Cavan Duffy. In addition there were present, beside the teacher and pupils of the school, many of the people of the district.

The ceremony was opened by the singing of "O Canada," after which the chairman Mr. Allan Fitzell, introduced the first speaker Mr. H. H. Shaw, Chief Superintendent of Education in a few well chosen words. Mr. Shaw, in the course of his remarks said that some forty two years ago he had been a teacher in the district. He referred to the wonderful improvement which had taken place in the school and its surroundings since that time.

Four years ago the Canadian Horticultural Society decided to offer a prize to induce the schools to beautify and improve their grounds but funds were not available for the purpose. His Honour Lieutenant Governor Heartz on being approached by their local representative, Mr. J. A. Clark, generously donated a cup for the purpose.

Mr. Shaw then went on briefly to outline the rules of the competition, and the way in which the judging had been conducted.

He alluded to how, in the past three years Hampshire School had so outdistanced all others that they

## CO-OPERATION OF SHIPPERS IS REQUESTED

Control and Distribution of Potato Production suggested as Means of Obtaining Satisfactory Prices—Other Suggestions Will be Welcomed by Committee.

The following letter speaks for itself:—To the Potato Shippers and Producers of Prince Edward Island. The undersigned Committee which was appointed at the conference of potato shippers held in Charlottetown on the 25th of October, 1928, beg to report, that after having secured much valuable information from western Canada and points in the United States as regards the working arrangements of the wheat pools and marketing organizations, we are thoroughly convinced that it is very essential in the interest of the future of the potato industry that some advanced method, in keeping with the times, be adopted by the producers and shippers to control production and distribution in order that the producers of Prince Edward Island may obtain a return commensurate with the quality of their product.

## SEVERE SET-BACK FOR N. Z. GOVERNMENT

New United Party Returned—Prohibition Defeated by 100,000 Majority.

(Special to the Guardian) WELLINGTON, New Zealand, Nov. 15.—Prohibition was defeated by a majority of around 100,000 and the government forces under J. G. Coates, prime minister, suffered a severe setback in today's election. Prohibition was on the ballot in the form of a referendum as to whether it should be continued or whether a licensing system should be adopted. The vote was overwhelming against continuance of prohibition.

A new United Party under the leadership of Sir Joseph Ward made its debut by gaining seats from Premier Coates' party all over the Dominion. The final standing by parties was: Government—28; United Party 26; Labor—22; Independents—8. Most of the Independents are opposed to the government.

The premier's party failed to gain a single seat. It held 53 of 80 seats in the last parliament. The New United Party combines Liberals, nationalists and others opposed to the reform and labor parties. Three ministers lost their seats. A. B. McLeod, Minister of Lands and C. J. Hawken, Minister of Agriculture, and J. F. Ralleston, Minister of Justice.

## WORK OF RADIO OPERATOR IS PRAISED

Radio Men Pay Tribute to Noel O'Loughlin of the Ill-Fated Vestris.

(Canadian Press) NEW YORK, Nov. 15.—The work of Noel O'Loughlin, radio operator of the ill-fated steamer Vestris, places him among the immortal heroes of sea disasters, in the opinion of veteran seamen and radio men. O'Loughlin, a young Irishman, under 30, and little known here, was, according to survivors of Monday's tragedy off the Carolina coast, one of the last to jump from the liner, but he undoubtedly was lost.

Leut. Elbert C. Rodgers, communication officer of the naval operating base at Old Plant, Comfort, has this to say of the Vestris operator: "His courage and his coolness, to my mind were superb and beyond any precedent. Had he been less than he was, doubtless more than the unfortunate number of lives lost would have been recorded. It is for all of us to reverberate his memory. I know the navy salutes him."

Chief radio man H. N. Harris, of the naval radio station at Hampton Roads, a veteran of 16 years said this: "Only a man who has been in trouble at sea can understand just what O'Loughlin accomplished. There was not a radio operator anywhere who did not realize long before the Vestris went down just what a magnificent stand this fellow was making. He worked under the worst conditions and came pretty close to accomplishing the miraculous. God, how cool and level-headed he was with everything against him. I don't know of anything like him in my experience."

## Tablet Unveiled In Memory of Rena McLean

(Special to the Guardian) SACKVILLE, N. B., Nov. 15.—As a fitting memorial to an alumnus who gave her life in the great war, a bronze tablet was today unveiled at the Mount Allison Ladies' College in memory of Miss Rena McLean by her father, Senator John McLean of Bourke, P. E. I.

In a brief but impressive service, Principal Ross paid tribute to the heroic young woman who had been one of the first to answer her country's call and in four years of service abroad had distinguished herself in her devotion to duty under the most hazardous conditions. Miss McLean had served at Laibouss, France, at Saloniki and at Taplow Lodge, England when she volunteered for duty on the hospital ship Landsever Castle, carrying the wounded from England to Halifax, N. S.

## BIRKENHEAD IS CRITICAL

Exception Taken to Armistice Day Speech of President Coolidge.

(Special to the Guardian) TORONTO, Ont., Nov. 15.—A report carried in yesterday's editions of the Star that Hon. R. E. Bennett's visit to Toronto might be in connection with the demand for a probe into the affairs of the defunct manufacturers' Finance Corporation, is entirely without foundation. Mr. Bennett's visit had nothing to do with the affairs of the company whatsoever and never has had. His visit to Toronto was strictly on private business.

## ST. DUNSTAN'S ALUMNI WILL CELEBRATE

Extensive plans are under way for the celebration of the 75th anniversary of the founding of St. Dunstan's University which will take place here on June 25th and 26th, 1929. The occasion will be marked by the reunion of former students of St. Dunstan's, many of whom hold prominent positions in Church and State throughout Canada, Newfoundland, United States and Cuba. There will also be a celebration, on the following day, of the 100th anniversary of the Diocese.

Distinguished churchmen from many parts of the continent, former Islanders and students of St. Dunstan's, are expected to attend the anniversary celebration, including Archbishop Sinnott, of Winnipeg, Bishop Morrison of Antigonish, and Bishop Kelly of Oklahoma. A number of prominent Quebec men are planning to attend in a body, and it is expected that a representative number will also be present from Boston.

The ceremony on June 25th will be in proud memory of Nursing Sister Rena M. McLean, student at the Ladies' College 1891-92. Enlisted in the first Canadian contingent, 1918. This tablet erected by the Red Cross for length of service and devotion to duty. Gave her life in the service of her country June 27, 1918. This tablet erected by the classes of 1928-29.

## USED BEFORE TRINITY CHURCH WAS BUILT

Trinity Church, Charlottetown, P. E. I.

### A RARE BIRD

A few days ago, while Mr. William Hatherly of North Wiltshire was cutting mangels in a field owned by Mr. William Clark he picked one up and as he did a tiny grey bird flew out of the leafy top. Upon examination Mr. Hatherly discovered a nest with three tiny eggs in it, still warm, where the frightened mother had just left them. The name and species of the bird is unknown to the finder. Perhaps some ornithologist will throw some light on this curious incident, which has created a great deal of interest in the community.

## TRINITY CHURCH ANNIVERSARY ON SUNDAY

Special Services Will be Held to Commemorate 69th Anniversary of Opening of Church.

On Sunday, the 18th, instant, the congregation of Trinity United Church of this city will celebrate the 64th Anniversary of the opening of the Church.

This historic edifice is the oldest church building of any denomination in Charlottetown. It was built by the Methodists in 1863-4 when the Society was under the Conference of Eastern British America, and worshipped in the old "Meeting house" that stood on the corner of Prince and Richmond Streets. During the history of the Brick Church many changes have taken place. In 1874 the Conference of Eastern British America was divided into three parts and became the conference of New Brunswick, the conference of New Brunswick and P. E. Island, and the conference of Newfoundland respectively and at this time the "Societies" became Churches.

Of the large number of men and boys who were present at the opening of the Church sixty four years ago only eleven are members of Trinity Church congregation today, namely, W. A. Weeks, Col. F. S. Moorhead, John Passmore, E. G. Love, Benjamin Bremner, Henry Smith, F. Herbert Beer, C. B. Chappell, John L. Godkin, John A. Moore, A. B. Brown. Of the twenty-one ministers who occupied the pulpit at different times, the Rev. W. M. Ryan of St. John was the last. Mr. Ryan has the unique distinction of being the last minister while it was a Methodist Church and the first when it became the United Church of Canada.

The Rev. Mr. Ryan will be the preacher both morning and evening at the Anniversary Services on Sunday next, and will be heartily welcomed to Charlottetown where he is so well known and esteemed by so many of the community. Special music will be given by the choir and hymns suitable to the occasion will be chosen for the congregational singing. The public are cordially invited.

## Company Has Not Been Sold

(Special to the Guardian) VANCOUVER, Nov. 15.—Canadian Western Lumber Co. has not been sold to British interests, Gully A. D. MacRae has sold his 18 per cent of the stock of the company to someone in England but that does not affect the control of the company in any way, said J. D. McCormack, vice president and general manager of the company.

Mr. McCormack added that control of this great saw mill enterprise, one of the largest of its kind in the world, has during the last fourteen years been definitely fixed under the terms of a trust-deed and will remain so for several years more, he added.

"I feel quite confident that Gen. MacRae did not make the statement credited to him in the Montreal dispatch," said Mr. McCormack, who has been his close associate for two decades.
