

COULD NOT EAT— FAILING FAST

Captain On Great Lakes Restored To Health By "Fruit-a-lives"

For thirty years, Captain Swan followed the Great Lakes. He has now retired and lives at Port Burwell, where he is well known and highly esteemed.

H. SWAN, Esq.

PORT BURWELL, ONT., May 8th, 1913.

"A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken 'Fruit-a-lives' and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that 'Fruit-a-lives' have helped me greatly. By following the diet rules and taking 'Fruit-a-lives' according to directions, any person with dyspepsia will get benefit."

H. SWAN

"Fruit-a-lives" are sold by all dealers at a box of \$2.50, or trial size 50c, or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

P. E. I. Dry Goods Store
formerly occupied by Simon Joseph & Co.

WEDNESDAY

WEDDING.—The marriage of Miss Mary Isabel McRae, daughter of Mr. Andrew McRae, Central Railway to Frank H. Roper, of East Royalty, takes place at the home of the bride this evening at 7 o'clock. Rev. D. McLean will officiate.

RAILWAY INSPECTION.—Mr. G. Tellus, General Manager and Mr. F. P. Brady, General Superintendent, Canadian Railways, with their secretaries arrived in Summerside last evening. This morning they will be joined at Summerside by Mr. McEwen, Superintendent, of the P. E. I. Railway the trackmaster and the Mechanical Superintendent who will leave Charlottetown by special at 6 o'clock. The party will make a tour of inspection of the western division today.

FIRE.—What might have been a serious fire broke out recently at Toronto Lot 23, when fire caught on the roof of Mr. Rueben Galian's house. A good stiff north easterly breeze was blowing at the time and had the fire not been noticed in time the result would certainly have been disastrous. As it was the bucket brigade, consisted principally of women found it difficult enough to keep the fire under control. Finally however, after some hard fighting, and much to the satisfaction of all concerned the fire was extinguished. The fire is supposed to have originated from a spark from the flue.—Z.

WEDDING BELLS.—St. Joseph's Convent Chapel was the scene of a pretty wedding yesterday morning at 6 o'clock when Miss Mary Callaghan, daughter of Mr. and Mrs. Patrick Callaghan, Charlottetown, became the wife of Mr. James McKenna, son of Mr. and Mrs. Patrick McKenna, Charlottetown. The ceremony was performed by Rev. Father Pius McDonald, who also celebrated the nuptial mass. The bride was attired in a becoming tailored suit of Saxe blue with hat to match and carried a bouquet of bridal roses and maiden hair fern. The bridesmaid, Miss Margaret Callaghan, sister of the bride, wore a beautiful suit of tan silk with hat to match and carried a bouquet of pink roses. Dr. J. W. Dorsey supported the groom. The chapel was crowded with friends of the happy couple, the bride being a member of St. Joseph's Sodality for many years. For the occasion the convent choir rendered some splendid music. The groom's gift to the bride was a diamond and pearl ring and to the bridesmaid a pearl brooch. The groomsmen's gift was a beautiful pair of cut heels. Immediately after the ceremony the wedding party drove to the home of the bride where a sumptuous wedding breakfast was partaken of. They left by the Summerside express for Montreal, where they will reside; followed by the good wishes of a host of friends for many years of happy wedded life. The Guardian extends felicitations.

For Drink or Drug Habits

SHOULD not be misconstrued with any other so called liquor cures. The Gatlin is the original 3-day treatment composed of harmless vegetable medicines administered through the mouth and never by hypodermic injection.

The Gatlin Treatment is quick in its action and certain and lasting in its effects.

GATLIN Institutes are established throughout the world, but treatment may be arranged for in the privacy of the home, club or hotel. Write for literature containing complete information. All communications confidential; replies directed in plain sealed envelope. Address: GATLIN INSTITUTE OF NEW BRUNSWICK, 46 Crown Street, Cor. King Street, St. John, N. B., Telephone Main 1685. THURSDAY

A NARROW ESCAPE.—A fisherman named John McKenna, belonging to the schooner E. M. Selar, who got adrift from that vessel near La Have, N. B., landed at French River this morning after rowing 100 miles. He was well nigh exhausted.

THE THUNDER STORM.—A severe thunder storm, accompanied by a good deal of lightning, passed over Summerside yesterday morning. Its passage was not attended by mishap. The barn of Mr. John McNally near Summerside was struck by the lightning and damaged, a calf which was within, being killed. A barn belonging to Mr. Philip Williams was also destroyed by the lightning.

Reporting the proceedings at a meeting in Lunenburg, N. S., on Tuesday, in connection with the Laymen's Missionary Movement, a Halifax exchange of the 23rd says: "The morning session was taken up largely with reporting the plans of the evangelistic committee. John R. Dinnis has offered them \$2,500 for the purpose of helping along the evangelization of this province. He did the same for New Brunswick and Prince Edward Island Conference for a like scheme. This is the same gentleman who gave \$20,000 towards the Mount Allison endowment fund. It is the hope of the evangelization committee to secure the services of a good, competent evangelist to start and carry forward this great work during the opening year. It is very evident that this great church is fired with a quenchless zeal to help the highest life of this fair province by the sea.

INTERESTING PUBLICATION.—A very interesting little publication is "Boys of Abergweil" a four-page paper devoted to the interests of the boys of the I.M.C.A. Mr. Wesley Steele is the Editor of the organ. The following paragraph with reference to the camp for bigger boys appears in the June number: "With the carrying out of plans which are now being made the boys of Prince Edward Island are for the first time to know the great joy of living together outdoors near to nature and of just doing those things which they like so well. It will be a place of joy and all school culture for the daily schedule of camp life will include, Bible study, conferences, scouting, athletic training, instruction in motor boating, sailing, swimming, life saving and other activities. Then, O those camp 'feeds,' and those camp fire talks! They never will be forgotten. One of these camps will likely be at Montrose and the other at Cardigan, each being for a period of 10 days for boys over 15 years of age, followed by a one week period for boys 12 to 16 years of age. The Montrose camp for older boys to be July 18-27 and the Cardigan camp for older boys August 1-10. The cost will be railway fare at excursion rates, \$1 to register and \$6 more payable at entering the camp. If the cost of running the camp is less than this each boy will be returned his share at the close of the camp. The boys from each place will provide their own sleeping tent and some dishes. Each boy will provide blankets for himself. The general administration of the camp will provide the kitchen and big dining tent besides many other accessories. The camp will be limited to about 60 boys each and but a limited number may come from each place. Boys should register at once either with their district officers or with Wesley Steele, Rural Boys' Secretary. These plans are subject to change."

FRIDAY

ELECTRICAL STORM.—Yesterday's electrical storm seems to have been generally felt over Prince and Queen's Counties, in Charlottetown it was particularly severe and several residences were damaged. A house on Bayfield street occupied by Mrs. Wm. Rodd was struck. The current entered by the kitchen flue and went down into the kitchen, tearing up the oil-cloth and the sink. Miss Mabel Rodd was in the kitchen at the time and received a severe shock but fortunately not serious. The residence of Mr. Samuel Crank on Elm avenue was also struck, the kitchen flue being knocked down. The kitchen was covered with soot and a ball of fire was seen near the wall. In Mr. H. R. Large's residence, which is on the same street, the inmates had also a narrow escape. The lightning came out by the fire alarm with a loud report, there being a ball of fire of considerable size, but fortunately no damage was done to the building. Several other residences report having had startling experiences but no serious accidents are yet reported. At Newlands, the home of Mr. A. E. Dewar, the lightning struck and shattered a tree and the telephone line but fortunately did not damage the house although a member distinctly felt the shock.

INDUCTION.—At Marshfield yesterday afternoon a special service was held at the Presbyterian Church the occasion being the induction into the pastoral ministry of that Church of the Rev. R. N. Coffin. The Rev. J. H. McHattie preached an eloquent sermon. The minister was addressed by the Rev. R. T. Murray while the Rev. G. C. Taylor addressed the people.

DR. DeVAN'S FRENCH PILLS a reliable regulating pill for women. 45 a box or three for \$10. Sold at Drug Stores, or mailed to any address on receipt of price. THE SCOBELL DRUG CO., St. Catharines, Ontario.

Meat May Be Injurious and Is Expensive!

Some people may eat lots of meat without injury to their health, but it's hard on their pockets. Others should avoid meat almost entirely, yet they eat it daily—these pay in both health and purse.

Either class will benefit by eating less meat and more Kellogg's Toasted Corn Flakes.

It gives much more nourishment than its cost in meat, is infinitely more easy to digest—consequently better for you.

CORN FLAKES

It's the original. 10 cents per package.

What's in this? **WRIGLEY'S SPEARMINT** ?

You've a right to know—we'd like to show you, in our factories—the most up-to-date, sanitary chewing gum factories in the world!

WRIGLEY'S SPEARMINT is made from the air-dried, milky sap of the Sapodilla Tree, which grows in Mexico and Central America.

This sap is boiled down into chicle, flavored with the aromatic juice of pure fresh mint leaves, then cut into the delicious, springy bars which you buy.

New machines, costing several hundred thousand dollars wrap WRIGLEY'S SPEARMINT in an inner waxed seal, then the inside pink wrapper, then the NEW OUTER WAXED SEAL that is air-tight, damp-proof, dust-proof. The same machines encircle this waxed-wrapped packet of five big sticks in the familiar band you know so well. *It's as good and as clean as men, machines and money can make it.*

The BIGGEST 5 cents' worth of beneficial enjoyment you can buy

Chew it after every meal
