The efficiency of Dr. Chase's Catarrh Cure in radically curing the worst cases of chronic catarrh is too well known to need further comment.

The budget debate is yet unfinished and will be resumed when the Houses meet to-day.

There is no sensible pretext for further prolonging a discussion in which nothing new can be said.

Members are simply making speeches for their constituents to read in preparation for the coming election campaign.

This proceeding is simply a waste of valuable time and a vast sum in public money for which those who are responsible ought to be called to account and punished by their constituents.

EDITORIAL NOTES.

An Equestrian statue of Washington, the gift of the women of the United States, is to be shortly erected on one of the squares in Paris.

It is said that the adjourned debate upon Mr. Flint's Provincial Prohibition resolutions may not be again reached during the present session. No doubt a majority of the members of both parties would be glad to avoid a vote on this great question...

The story is told of a German father who had a young son, and wishing to learn what his tastes were likely to be the boy's mother devised a curious test.

So in the boy's absence they placed on a table in his room a Bible, a dollar note and a bottle of whiskey. They agreed that if on his return he first took up the Bible he would be a preacher...

The destruction of the electric light plant by the recent great fire left the Parliament Buildings in partial darkness and was among the causes of an adjournment.
