THE NOVA SCOTIA FIRES.—How appallingly extensive are the forest fires at present raging in Nova Scotia was indicated to residents of Charlottetown on Saturday afternoon by other means than telegraphic messages. Huge clouds of smoke drifted over the harbor until the impression almost was given of a thick fog having come on. But the plainly distinguishable smell pungent of burning wood left no doubt as to the meaning of the haze.

OF SPECIAL INTEREST

LONDON, August 16 (Special).—A striking speech was made by Chancellor of the Exchequer Lloyd George in the House of Commons today on the question of the expenditure of armaments.

Mr. Lloyd George said the powers were just being seized each other into this expenditure. He was afraid it would end in a great disaster. He would not say the disaster would be in this country, but it would come. He did not suppose there would be a revolution in any country because the Government was spending money on armaments, but the consequences would

SUFFERED SO MUCH SHE WANTED TO DIE

"Fruit-a-lives" Cured Her And Brought Her The Joy Of Living.

ENTERPRISE, ONT., OCT. 1st. "For seven years, I suffered with what physicians called a "Water Tumor". Hypodermics of Morphine had to be given me to ease the pain.

During one of these bad spells, a family friend brought a box of "Fruit-a-lives" to the house. I was so bad that it was only when I had taken nearly two boxes that I began to experience relief.

I kept up the treatment, however, and after taking five boxes, I was cured, and when I appeared on the streets, my friends said "The dead has come to life" and this seemed literally true because I certainly was at death's door."

Mrs. JAMES FENWICK. "Fruit-a-lives" are sold by all dealers at 50c a box, 6 for \$2.50—trial size, 25c, or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

be such that the people would be goaded into some form of revolutionary protest.

Nothing, said the Chancellor, had done more to create money stringency and arrest new orders than, not the sudden feverish activity in the expenditure on armaments in France, Germany and Russia. With every additional pound spent on armaments credit was destroyed, with the confidence which created the activity and energy of commerce.

"When," said Mr. Lloyd George, "they spent money on social reform they were improving the health and efficiency of the people as machines—they were making better men."

ALWAYS CONSULT THE PHONE DIRECTORY.

Almost every day The Guardian receives orders by mail to insert news matter of an advertising nature. In most of these cases the senders, who are frequently not known to any member of the staff and who have no account in the advertising department, write "Please insert the following and oblige," thus apparently implying that they think the items will be inserted free. Only a few weeks ago a reader wrote asking that his advertisement of Farm for Sale be inserted free from day to day until it cancelled it, as he is a subscriber to The Guardian. In this connection it may be said that the subscription price is not sufficient to even pay the actual cost of paper, ink, presswork, mailing, bookkeeping and other expenses of the Circulation department.

proper and thus subscribers have no privilege of free advertisement and are on the same footing as non-subscribers. Seldom ever does the sender state whether the item is to appear in the Morning Daily or in the Evening Daily, whether for one or more times in either Daily, or in both, whether as a display advertisement, announcement, business local, classified, ad or otherwise. When for church or charitable purposes they seldom ever say so, or do not enclose sufficient money to pay for same, all of which will be returned by first mail in the event of the item not being chargeable, or if more money is sent than necessary to pay for the item the surplus will be returned at once, there being a greater discount for cash with order for advertising of churches etc than for regular business. In all such cases the Advertising department communicates with the sender as quickly as possible by mail or phone, often paying the messenger service to get them to the telephone if not too far distant, thus saving all possible time. People write this office to know if News, Letters to Editors, etc., are charged for, and to all such there is but one reply—all items, etc., of a money making nature, even though they be somewhat of a new nature, are chargeable. For instance, the advance notice or notices of a concert, lecture, pie social, picnic, etc., are chargeable if there is an admission fee, silver collection, a display of pies or sale of food or refreshments, etc. Advance notices of purely religious services, even though a silver collection is to be taken up, are not chargeable. The particulars of any of the above, after they have been held, are, however, news and thus not chargeable. The news of the past, present or future business, which is still being conducted, is chargeable, if it is apparent that the object is to make the business more widely known and thus increase it. Versus accompanying death notices are also chargeable. Even items which are actual news and not chargeable but once in either Morning Daily or Evening Daily or both are chargeable for more than one insertion, as they are thus not news.

The above facts are given for the purpose of assisting persons who have items, etc., to mail to this office, so that delay and disappointment will be avoided.
