

Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to

Cure Common Ills

HOTEL IMPROVEMENTS—The supreme ideal of Prince Edward Island as a summer resort is as common a matter of knowledge as the supreme excellence of its silver foxes; and if in the past there may have been any lack of accommodation there is now not the slightest reason for complaint. The management of the Victoria have all summer been effecting improvements and additions to that hotel on a large scale, so that the building is now a magnificent credit to the Island and undoubtedly one of the finest in the Maritime Provinces. As a result of the additions of stores an elevator has been found essential, and one worked by electricity has been installed. Twenty-four additional rooms have been put in, each elegantly appointed, with bath attached, and fitted with long distance telephone. There will be a fine roof-garden, which will be furnished with chairs, tables, etc. The garden commands a comprehensive view of the city and the river and is fanned by a delightful breeze. There has been put up a strong iron-constructed fire escape on the eastern side of the building. On the whole the hotel is a landmark in the city and should add materially to the attractiveness of Charlottetown.

PERMANENT WORKS—The Public Works Department is carrying out its excellent policy of gradually replacing all of the existing wooden temporary bridges in the province with permanent structures of steel and concrete. In addition to completing that portion of last year's building programme which for unavoidable causes could not be finished before the weather became unsuitable, the department has this year constructed a number of other new bridges. Of last year's work, the most important is the big bridge over the Cardigan River. This structure comprises two steel spans of 250 feet in length, clear of the approaches. The bridge has a concrete roadway and a four-foot side-walk, the width of the roadway being altogether about 16 feet. This bridge was commenced last fall, and at present the entire superstructure, including the concrete roadway, has been completed, while the construction of the approaches is now under way. It is expected that this fine new bridge will be opened for traffic in the course of another month. Besides this bridge another new bridge was built in that locality this year, a concrete culvert bridge being erected near Cardigan, to fill the vacancy caused by the bridge that was burned. At Wigginton's, a 35-foot steel span bridge has been erected in the place of the previously existing wooden one. The Fortune Bridge, of two 120-foot steel spans,

has been completed, this permanent structure also replacing a wooden bridge. At Mink River, a hundred-foot steel span bridge has been erected; near Crapaud, another 35-foot steel bridge has been put up, while one with 25-foot steel spans is in course of erection at Ahearn's, Tignish.

THURSDAY.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. R. Nicholson announce the engagement of their daughter Katie to Mr. Leslie B. Smith, the marriage to take place on September the 30th.

—IMPROVING ESTATE—Mr. Denis D. Arsenault is now the owner of the estate of his late father, Mr. Delphin Arsenault, residing at Cape Egmont. Mr. Arsenault is now getting the fences repaired and the soil prepared for the next season.—R

SUCCESSFUL SOCIAL—The Onward Mission Circle held a successful ice-cream social in The Hall at Tyrone, on Monday evening, September 7th. Preceding the sale of ice-cream and candy the following programme was rendered: Island Hymn. Solo, Mrs. Giddings. Quartet, "Rule Britannia," reading, Rev. G. M. Young; trio, "Three Little Sisters," Ruth Young, Wanda Lee, Esther Lord; duet, Mrs. Giddings and Mr. Fell, Tableau, "Soldiers of the King"; solo, Miss Amy Lord; reading, Miss Jean Young; solo, Miss Lizette Wright; drill by ten young ladies and ten gentlemen. The snug sum of \$30 was realized towards the fund of this society.

FOR VALCARTIER—Officer Jim Walker, who holds the rank of Quartermaster-Captain in the Ninth Field Ambulance, Army Medical Corps, leaves for Valcartier Camp on Friday morning. Capt. Walker received a telegram yesterday directing him to "report at once Valcartier to No. 2 Stationary Hospital," and, as stated, he proceeds tomorrow to the camp where Canada's first contingent for the front is in preparation. Mr. Walker desires, through this medium, to make it known that he will be only too willing to deliver any parcels that anyone might wish to send to our "Island boys" at the camp. Any such parcels should be left at Walker's residence, 114 Prince Street.

DR. GILLIS—Dr. Gillis, whose death was briefly reported in yesterday's Guardian, was only 29 years old. He was an excellent physician, and had a remarkably large practice. As a student at St. Dunstan's and McGill he had a fine record and graduated as M. D. from the latter institution in 1910. It is only a little more than a year since his marriage to Miss Ethel Dorsey of this city for whom much sympathy will be felt in her early bereavement as well as to his parents residing at Indian River, and his six brothers and four sisters. The brothers include Dr. F. Gillis, of Kensington and Rev. Joseph in Vermont. The funeral will take place in Charlottetown on Friday morning from the residence of Dr. Dorsey.

ST JAMES GUILD—The annual meeting of the Guild of St. James Church was held in the Schoolroom last evening, with a good attendance. During the past year many pleasant events have been held, and much good work accomplished, while the finances are in a healthy condition. The officers for the coming year were elected as follows:—President, Miss Mary McNut; Vice-Presidents, Miss Ethel Thomson and Miss Katherine James; Secretary, Miss M. J. Irving; Treasurer, Miss Marion McLean. Miss

M. McCannel, Miss Cairns, Miss B. Toombs and Miss A. Saunders were appointed as a Flower Committee in connection with the sick of the Church, while other Sub-Committees were also appointed. It was decided to hold the annual Halloween tea, which has been so successful in past years and which is now looked forward to as an event of early autumn.

These passed peacefully to her eternal reward on Saturday the 12th inst., Catherine, beloved wife of Donald Nicholson of Hopedale, who though in failing health for some time seemed to be improving under the skillful and indefatigable nursing of her daughter Mabel, who hastened home from Boston, on being apprised of her mother's illness. But when the af- fect of the above date it became evident that the improvement was but temporary and her pure spirit took its flight to be forever with the Lord. Hers was a beautiful life, always cheerful and unselfish, ever exemplifying the spirit of Him who came, not to be ministered unto, but to minister. She leaves to mourn with the above mentioned daughter, an aged husband and one son, Malcolm A., also a brother and sister, viz. Alex. McLeod of Boston and Margaret McLeod of Charlottetown. Notwithstanding the busy season, a large number attended her funeral, the services of which were impressively conducted by the Rev. J. H. McHattie of Brookfield. The remains being laid to rest in the Hartsville Cemetery.

TENNIS MATCH—On the clay courts of the St. James Tennis Club yesterday afternoon a return tennis match to that which was played on Saturday between mixed doubles teams of the Charlottetown and St. James Tennis Clubs, took place. Saturday's match was played on the Charlottetown Club's courts at Victoria Park, the home club winning every set. Yesterday's match was responsible for some interesting play and was enjoyed by players and spectators alike. The results were: Miss Kitty Norton and Hugh Simpson, (Charlottetown) defeated Miss Helen Hughes and Dr. C. McMillan (St. James); Miss Gerda Taylor and Clarence Tidmarsh (Charlottetown Club) defeated Miss McCready and Theodore Ross (St. James Club); Miss Lore Taylor and G. Fitzgerald (Charlottetown Club) defeated Miss Jessie Fullerton and C. Toombs (St. James Club); Miss Bessie Beers and C. Beers (Charlottetown Club) defeated Miss Martin and M. Bagnall (St. James Club); Miss Hegan and Ted Moore (Charlottetown Club) defeated Miss Ross and A. Thompson, Miss Florence Norton and Mr. Clarence Tidmarsh also won their set, the Charlottetown Club representatives winning every set.

To Cure Catarrhal Deafness and Head Noises

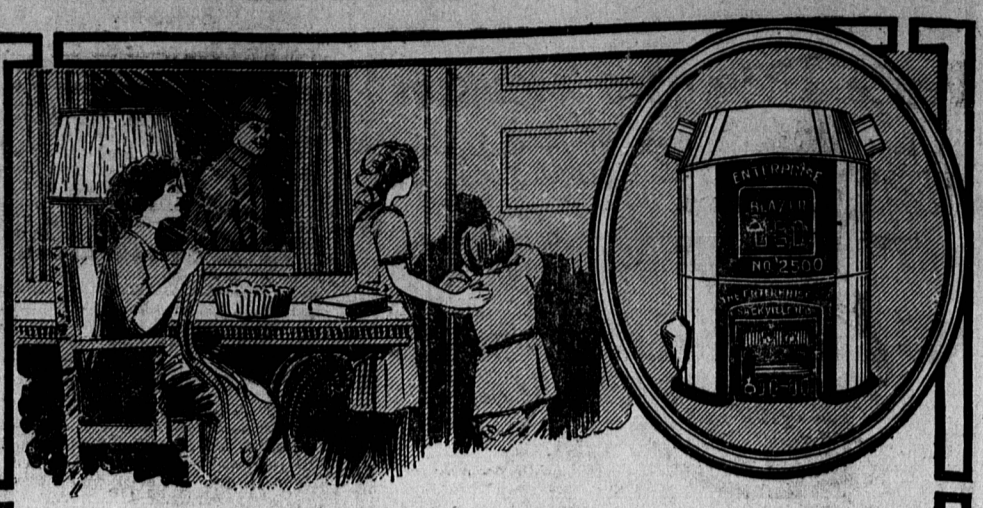

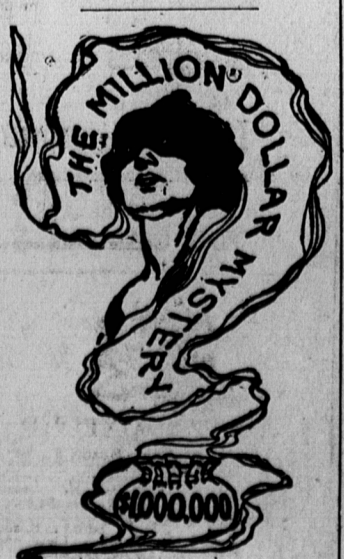

Persons suffering from catarrhal deafness and head-noises will be glad to know that this distressing affliction can be successfully treated at home by an internal medicine that in many instances has effected a complete cure after all else has failed. Sufferers who could scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrh, or catarrhal deafness, cut out this formula and hand to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmin (Double Strength), about 75c. worth. Take this home, and add to it ½ pint of hot water and 4 oz. of moist or granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises catarrhal deafness, or catarrh in any form should give this prescription a trial. There is nothing better.

IMPORTANT—In ordering Parmin, always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c. to the International Laboratories, 74 St. Antoine Street, Montreal, P. Q., who make a specialty of it.

"Home's Warm Welcome"

THE worries of a day at business, and the chill discomfort of a stormy journey homeward at its close, make home's warm welcome doubly grateful. Cares forgotten, mind and body alike relaxed and comfortable, you feel GOOD.

Not the least of those things that contribute to the pleasure of this home-coming is an

ENTERPRISE Hot Air Blazer Furnace

It supplies the physical warmth that makes your body feel so good. And all day it has been keeping wife and children cozy and comfortable—supplying them with warmed, FRESH air, and protecting them from colds and headaches.

You can install a Blazer for less than it costs for a hot water system, and operate one for much less than it costs to heat the house with stoves. Each Blazer is sturdy and strong, and built to last a lifetime. Most good dealers handle Blazers. Drop us a postcard and we will give you the name of the one nearest you.

Write for this interesting booklet about the "Blazer" —Free upon request.

"Do you wear Penmans too?"

"Why, yes! It's the only underwear I buy, since I found it made my clothes fit better."

"Yes, I've noticed how well everything fits you."

"That isn't all, either. This underwear is knit in some special way so it keeps its shape. It certainly fits beautifully. It's smooth and comfortable too, and, My! how it stands washing. You couldn't hire me to wear any other."

Penmans Underwear is made in all styles and weights, for men, women and children.
