Prince Wilhelm Loses Claim To German Throne

Son Of Former Crown Prince Disobeys "House Law" By Marrying Below Station — Plans To Return To America.

(By Louis A. Lochner, Associated Press Staff Correspondent)
BONN, Germany, June 4.—Prince Wilhelm, eldest son of the former Crown Prince, had lost his claim to the German throne today after marrying below his royal station Saturday. Disobeying a rigid "house law" of the Hohenzollerns, the Prince, who will be 27 on July 4, took as his bride Dorothea Von Salviati, a vivacious young woman of 25.

The marriage placed Louis Ferdinand, a youthful globe-trotter who has worked in an automobile plant in the United States, in line for succession to the foremost rank of the family. Louis Ferdinand is the brother of Wilhelm.

Should the Hohenzollern dynasty be restored to the throne Louis Ferdinand and not Wilhelm would be the monarch. Immediately after the colorful marriage ceremony here, the Hohenzollern administration signified the change by publishing the following communique: "Prince Wilhelm of Prussia on

reaching his majority renounced all rights derived from primogeniture in the event of his entering upon a marriage that runs counter to the house law of the Royal Family. This eventually became a reality by his marriage to Dorothea Von Salviati."

Louis Ferdinand, who is greatly devoted to his grandfather, the former Kaiser, will bow to the family law and will change the whole course of his life to assume his new duties. (When he sailed from New York for Germany last December it was announced he planned to return to the automobile plant after a holiday at home.)

TUBER ACREAGE TO EQUAL THAT OF LAST YEAR

Planting Will Be General During Next Ten Days — Market Has Been Steady.

Judging by general information received from various parts of the Province, the potato acreage in Prince Edward Island this year will be about the same as last year, 38,000 to 40,000 acres, states Mr. J. W. Boulter, Deputy Minister of Agriculture. Approximately the same amount of fertilizer has been purchased this year as last year, and most of it has been delivered. Although little, if any, planting has been done as yet, most farmers are about ready to begin this operation. It is expected that during the next ten days the greater part of this work will be completed. The season is a week to ten days later than usual.

Wire Briefs

(Canadian Press)
VANCOUVER, June 4.—Delegates to the fifth Pacific Science Congress arrived here tonight from Victoria to continue sessions they adjourned Saturday.
BOSTON, June 4.—(A.P.)—The liner Caledonia, with nearly 1,000 passengers aboard, scraped bottom while steaming out of Boston Harbor today and was delayed several hours when she put back to quarantine for examination.
GLACE BAY, N. S., June 4.—(C.P.)—L. D. Currie, Glace Bay barrister, was named Saturday as Liberal candidate for Cape Breton East in the Provincial election. Mr. Currie, who contested the riding in the 1928 election, was the unanimous selection of the convention.
(Canadian Press)
OTTAWA, June 4.—The King's birthday was marked by the garden party given by the Governor-General and the Countess of Bessborough at Rideau Hall Saturday afternoon, which was attended by nearly 2,000 people from all circles of the capital.

Silence Shrouds Fate

Jimmie Mattern Seeking To Blaze a Solo Sky Trail Around the World, Missing.

(Associated Press)
NEW YORK, June 4.—Jimmie Mattern, who sought to blaze a solo sky trail around the world, failed to reach Paris today, many hours after his fuel supply was believed to have been exhausted. As darkness deepened over Europe and 39 hours elapsed since the Texan streaked away from New York, his friends had only hazy reports of planes sighted or heard overhead in Ireland to weigh against their concern that Mattern had experienced trouble. His gasoline was estimated to have been consumed when his hours in the air reached the early 30's.

(Associated Press)
LONDON, June 4.—Unfavorable weather reports handed tonight to Captain and Mrs. James A. Mollison brought the announcement from them that the start of their trans-ocean flight to New York has been postponed from tomorrow morning until Tuesday.

Mattern's New York representative, Jack Clark, held firm to an announcement that Paris was Mattern's first objective despite the statement of an Oklahoma City friend that the birdman once had thought of heading for Moscow first without advance notice. "Even with the most favorable conditions he could not have gone straight on to Moscow, said Clark. "If anything unfortunate has happened to Jimmie, I would say it was caused by the same thing that undoubtedly caused the Akron disaster—the weather."

Farm Prices Show Fastest Rise In 14 Years

WASHINGTON, June 4.—Farm prices in the United States are going up in the fastest rise since the spring after the war's end. A steady climb has been under way since April 15, and the bureau of agricultural economics reports it still under way. The last upswing to compare was in April, 1919, after the government relaxed wartime milling regulations. Leading the way in the trek toward levels of prosperous days have been horses and mules. From April 15 to mid-May, the bureau said, the average farm price for horses went from \$67 to \$71, while mules mounted from \$73 to \$77. Wool, however, scored the sharpest rise of any commodity, increasing 75 per cent from April 15's average farm price of 10.1 cents a pound to 17.7 cents a month later. The increase in farm purchasing power was exactly equal to the price increase since the price level of goods farmers buy made no change. On May 15 as well as on April 15 the prices for consumption goods were equal to the pre-war level of 1909-1914.

Wage Boosts

PITTSBURGH, June 4.—(A.P.)—Four coal companies in the Tri-State Coal fields today had announced 10 percent wage boosts for about 8,000 miners. Most of the men are working only a few days a week. Five thousand of those affected have been paid 25 cents an hour,

Canada's Envoys Off To Parley

Delegation To World Conference Is Given Warm Farewell At Montreal.

(Canadian Press)
MONTREAL, June 4.—Premier R. B. Bennett was on the high seas tonight en route to the World Economic Conference at London. Passing Cape Race at the southern tip of Newfoundland at 3.30 this afternoon, the liner Duchess of Bedford with Mr. Bennett aboard left behind her the last shore lines of North America. Canada's Prime Minister, who will join the representatives of 60 nations at London in an attempt to smooth out the momentous economic and monetary problems confronting the world, is accompanied by Hon. E. N. Rhodes, Canadian Minister of Finance, and a staff of technical advisors. Canada's delegation to the Conference was given a warm farewell when they embarked in Montreal. Hundreds of the Prime Minister's admirers and well-wishers swarmed to the Montreal docks while Conservative officials in the district of Montreal were present to shake hands and say au revoir. From Quebec where the boat paused for a few minutes, Mr. Bennett issued a final statement to Canadians after saying good-bye to two of his secretaries who remained closed with him during the Montreal-Quebec trip and who returned to Ottawa to "carry on" during the Premier's absence.

MEMBERS OF THE MORGAN FIRM PAID SALARIES

By Nathan Robertson, Associated Press Staff Writer
WASHINGTON, June 4.—(A.P.)—Disclosure that some members of the firm of J. P. Morgan and Company are paid a straight salary of \$100,000 a year was made authoritatively today as the United States Committee investigating the huge international banking house approached a decision on how far it would inquire into the personal income tax returns on Morgan partners. Members of the inquiry committee said today that the deleted part of the Morgan partnership agreement, which was withheld from publication, showed that in addition to naming a small interest in the profits of the great banking house some of the younger members also received salaries. Before the investigation resumes Monday the committee will meet in executive session to consider a proposal from John W. Davis, Counsel for the house of Morgan, over the plan to go into personal stock transactions of the firm's partners, in connection with their income tax returns.

Slips From Log Is Drowned

LIVERPOOL, N. S., June 4.—(C.P.)—Frederick Levi Schrader, 11, was drowned in the Mersey River today when he slipped from a log boom upon which he and a group of other youngsters had been playing. The boy's companions were unable to swim, and they were forced to watch helplessly as their young companion was carried swiftly down stream. The body was later recovered.

Mystery Is Cleared Up

BRIGHTON, N. S., June 4.—(C.P.)—The mystery of Israel Melanson's disappearance was cleared up today with the finding of the aged Plympton man's body on the shore of St. Mary's Bay near here. Melanson, who was 74 years old, had not been seen since he left home on May 13 to dig clams. It is believed he was seized with a heart attack while at work and that his body was carried out and later washed ashore by the tide.

United States Navy To Build Thirty Ships

Assignment Is Part of a Three Year \$230,000,000 Construction Program.

WASHINGTON, June 4.—(A.P.)—The United States navy is ready to start building 30 new ships—as part of a three-year \$230,000,000 construction programme—within 90 days after the industrial public works Act becomes law. Word has been passed today to Chairman Vinson of the House of Representatives Naval Committee that \$48,000,000 would be made available for the first year's work. The remainder, it was said, later will be allocated by the President to ship construction under the blanket authority he will be given under the Industrial Bill. The ships, Vinson said, for which contracts can be let within 60 to 90 days are: 20 destroyers, four submarines, two aircraft carriers of 13,500 tons, and four six-inch gun, 10,000 ton cruisers.

Girl Guides Church Parade

The annual church parade of the 1st Charlottetown Company of Girl Guides was held yesterday morning to St. James Church. The Guides turned out in force for the parade and made a splendid appearance in marching from St. Peter's Hall to St. James Church. The troop was officered by Miss Mary MacNutt, Captain; Miss Marjorie Rupp, Lieutenant, and Miss Ollie Thornton, Company Leader. There was a large congregation and the service was conducted by the Minister, Rev. R. Moorhead Legate, D.D., whose subject was "The Girl Guide who served a King," from II Sam. Chap 17. During the service the choir beautifully rendered the anthem "Jesus My Saviour Look On Me," in which the solo part was taken by Miss

MISSING BODY OF FISHERMAN IS LOCATED

Drowned Man Found Yesterday Afternoon — Inquest Held.

The body of Mr. Stephen Jones, age 22, who with Mr. Claude Cormier was drowned near Mimilungash on Thursday, was found yesterday afternoon about 2.30. The body was located in six or seven feet of water. The face was badly mutilated by the action of the waves. An inquest was held before Coroner C. F. Morrissy, Tignish, and a verdict rendered of accidental death by drowning.

The body of Cormier was found Friday morning about 3.30. Further details show that the accident had occurred as the men were coming ashore in their boat about six o'clock Friday afternoon.

The sea had been rough but the two men, who fished lobsters together, went to their traps in the afternoon and after overhauling the gear took their catch to Mimilungash harbor and delivered it. As was their usual custom, they proceeded with their boat to their

Message From The King

(Canadian Press)
OTTAWA, June 4.—The following message was received from the King in reply to a birthday greeting sent by Sir George Perley, acting Prime Minister: "I warmly thank you for the good wishes which you have sent me from yourself and your colleagues on the occasion of my birthday. It is a great pleasure to the Queen and myself to receive such loyal and devoted greetings from Canada. (Signed) George R. I."

Opposed To C. C. F. Policies

OTTAWA, June 4.—(C.P.)—Both of the guest speakers at the closing luncheon of the twentieth century Liberal Association convention here yesterday uttered words of warning in respect to the Co-operative Commonwealth Federation. The C. C. F. asserted Rt. Hon. Mackenzie King, Federal Liberal leader, would destroy individualism. It sought to standardize humanity. It wished to mould people all alike. The luncheon at which Mr. King and Senator Wilson were the principal speakers constituted the closing act of the first convention of the Association.

Weather Varies In Grain Areas

(Special to The Guardian)
WINNIPEG, Man., June 2.—Weather in the grain growing areas during the past week has varied from heavy downpours in Manitoba to nice growing rains over large portions of Saskatchewan and Alberta. In some districts with low lying land flooding has resulted which may necessitate the rescuing of some land. However, it is a truism that in order to get sufficient moisture for most of the territory some districts have to suffer through receiving too much.

DERAILMENT CAUSES PILE UP OF TRAIN

ENGINEER IS ARRESTED

Laden With Excursionists On The Way To Brittany Crack Express Takes Wrong Switch — Train Leaves Tracks.

NANTES, France, June 4.—(A.P.)—Fourteen persons were killed and 116 were injured, many gravely, early today in the derailment of the Paris-Nantes express train laden with excursionists on the way to Brittany for the Whitesun holiday.

The express was supposed to take a switch to pass the spot where another derailed train was piled up. The engineer is reported to have failed to observe the signals. When he saw his error, he suddenly reversed the engine and applied the brakes. The train left the tracks.

The engineer later admitted he ran through four "slow" signals at high speed and also neglected to read cautionary orders. The engineer was arrested. The express carried 300 passengers, most of whom were Parisians.

CLOSED SEASON FOR SHOOTING IS DISCUSSED

Fish and Game Association Confers With Official Re Geese, Duck and Brant Shooting.

The advisability of calling a closed season for the shooting of geese, ducks, and brant was discussed at the quarterly meeting of the Fish and Game Association Friday evening by the members with Mr. R. W. Tufts, Chief Migratory Bird Officer for the Maritime Provinces. It was decided that the matter should be left to the discretion of Mr. Tufts. Mr. Gilbert Gaudet, President of the Association, was in the chair. Following the address of Mr. Tufts, a general discussion took place. The consensus of opinion was that, if conditions as regards food next Fall were similar to those
