Girl Guide News

Guides Notes From Prince County The outstanding event of the summer holidays for Prince County Guides was the camp at Fernwood and the highlight of the camp was the visit of the World Chief Guide Lady Baden-Powell, whose enthusiasm and energy were an inspiration to leaders and girls alike. It was all eager to get on with Guiding, in fact to do our best as Guides, after hearing first hand what Guiding has been doing elsewhere. A gracious thank you note was received from Lady Baden-Powell, saying how much she enjoyed meeting the members of the local associations and the friends of the guides who delighted she was with our camp at Fernwood. At camp Joan McPhee had the honor of presenting her First Class Badge to her, and in Summerside when the Brownies were awarded their badges, she presented Mary Mountain with the First Class Brownie Badge, the Golden Hand.

Camp is over again for another year and the Guides have returned home, healthily and happily after their short time at Fernwood.

We all enjoyed ourselves and we will long remember Lady Baden-Powell's visit, the hikes to the lighthouse at Sea Cow Head, the trail through the woods to the raven's nest, the grand camp fires and many other good times.

Most of the girls really accomplished much in badge work and tests in second class, first class, Keep Fit and Athletics badges were passed. Three Guides won their First Class and they are to be congratulated on their fine work. Joan McPhee, Mary Kelley and Betty Pendleton, \$16.40 was collected for the Children's Fund.

To thank all friends of Guiding who helped the camp in any way—especially Mr. and Mrs. MacInnis, who were the "Y's Men's Club" for the use of the campsite, not forgetting the cook, Mrs. MacInnis, whose culinary efforts were so heartily appreciated.

Recently Woodside received her Golden Bar, the Second Class Badge, and Edith Poole was enrolled as a Brownie. To win the Golden Bar a Brownie has to be able to do quite a number of things. She must know the constitution of the Union Jack and how to fly it; know how to tie a bicycle or getting out of car. She must show that she has been using her eyes in the world about her by describing a bird, a flower, a tree or something that she served herself. She must make useful articles and be able to sew on buttons properly. In general health she must know the rules of health for a little girl, hold herself well, cough and know walk with a book on her head; she must be able to skip and play a ball and be able to set a table for two for dinner. Finally, she must never forget that she has promised to be true to the King and to help other people every day, especially those at home.
