SELLING WITH WHAT IS SAID TO BE the second largest potato cargo to be loaded in this Province, the S. S. Alaska, Captain Jacobsen, left Charlottetown last evening bound for New York and Norfolk, Va. She carried 76,000 bags of 150 lbs. About 57,000 bags are being shipped by the Associated Shippers Incorporated, and the balance by the Harris Abbot Company, Limited. Of the total shipment, 60,000 bags are of Cobler seed potatoes for Norfolk.

THE ONLY potato shipment which local shippers remember having exceeded the Alaska's cargo was shipped on the S. S. Sabotawan in 1921, and totalled 88,000 bags. The Alaska had been loading here since Nov. 8, the delay being due to shippers' strike, to lack of heated sheds at Charlottetown, and Summerville. It is complained that while there are frost-proof facilities in the Charlottetown shed, heating was not available and the early set-in of winter weather this year caused much inconvenience and difficulty. Loading operations were completed yesterday when between 1 and 4.30 p. m., 4,500 bags were loaded. Since Thursday, work had been held up owing to the cold snap. On that occasion, between 10 a. m. and 3 o'clock the following morning, 16,000 bags were loaded, 3,000 bags remained unloaded when the steamer sailed last evening.

THE ASSOCIATED SHIPPERS are also loading the S. S. Balfat at Souris with 25,000 ninety-pound bags of seed for Cuba and 15,000 bags of 150 lbs. table stock for New York. She expects to clear on Monday night. The Cuban cargo represents the third shipment to that country from this Province by the Associated Shippers this season.

The blaze was confined to the flooring around a ventilation grating in the passageway back of the judges bench. It was necessary to tear up the grating and a considerable amount of flooring before the fire could be fully extinguished by the chemicals. The cause of the blaze is unknown unless it may have originated from a carelessly dropped cigarette butt as case had been heard in the court room a short time previously. The fire was first noticed by a passerby in the hallway beneath who turned in the alarm in time to prevent more serious damage.
