THURSDAY.

LOBSTER MEETING.—A meeting of lobster packers is to be held in Halifax this week. It will be followed by meetings in New Brunswick and Nova Scotia. Hon. John McLean, Souris, and J. J. Hornby, Charlottetown, will be present.

A LARGE QUANTITY OF OATS.—Yesterday was a very busy day at the Marine Wharf. From all parts of the surrounding country the farmers came in with their contributions. It was almost every case the quality was first-class and in several instances the quantity at first subscribed was increased. Including amounts set in by cars and what has been delivered by the farmers the total received in Charlottetown today is over 15,000 bushels.

Reports all along the line are that oats are coming in splendidly. A few districts are still unheard of but it is hoped they will hasten to do their part. As soon as contributions are all in a book will be prepared for distribution, containing the names of all contributors and amounts contributed, as well as the names of those who refused to contribute. It is hoped that before the list is closed there will not be one such name in P. E. Island.

ISLANDER DEAD.—Mr John J. McDonald, Mt. Stewart, received a telegram on October 5th, of his half-brother, Angus, at the age of eighty-one years. Mr McDonald was on the island six years ago, visiting the home and his brothers and many friends, who will regret to hear of his death. At that time he was hale and hearty and bid fair to live many years longer, but severe illness, coupled with his advanced age, brought the end sooner than his friends expected.

He left his native home when a young man, and was one of the many Islanders who have done well abroad. He resided in the city of San Francisco for nearly 50 years, in fact was one of the pioneers who had watched the city grow from a mere village to the great metropolis that it is today when wrecked by the earthquake a few years ago. His wife predeceased him by a number of years. To his family and brothers who survive him the Guardian extends sympathy.—L.

The Court yesterday granted a rule nisi to set aside the proceedings for contempt instituted against Sheriff Horne at the suit of John Alexander Stewart.

Mr. W. S. Stewart argued against the order and Mr. A. A. McLean, K. C., argued in favour of setting aside the proceedings. The arguments were not concluded when the Court adjourned to meet at 11 o'clock to-day.

Sheriff Horne's contention in the proceedings now before the Court is, first, that the writ of replevin against John Alexander Stewart against John Horne was regular; that the animal named in the affidavit upon which the writ of replevin was issued and in the writ itself, was described as a wild animal, which is not a subject of replevin; second, that the fox was issued and thus incapable of being delivered back to the said John Alexander Stewart, if he was entitled to the possession of it.

Counsel for Sheriff Horne contends that the fox was owned by two sons of John Horne and H. Hooper Horne of this city, and that it escaped from their ranch at Winslow and was recaptured by Mr. James Birt near Peake's Station. The Sheriff claims that the fox, being a wild animal, was subject to capture by any person and that when Mr. Birt captured it and gave them an absolutely good title, even if it was owned by John Alexander Stewart at one time, which the Horne deny.

Stewart claims that the fox escaped from his ranch and that he has such an ownership in it as would entitle him to have it returned under a writ of replevin. Proceedings in contempt were begun some time ago against the Sheriff for not executing the writ, which proceeded as far as a report by the Prothonotary on an examination of Mr. Horne. Mr. Horne seeks to set aside the proceedings for contempt, which is opposed by Mr. Stewart.

CASE SETTLED.—In the County Court yesterday Judge Stewart delivered judgment in a case brought by James Savidant against The Examiner Publishing Company, claiming damages for injuries received while operating a press as an employee of the Company several years ago. The Judge reviewed the evidence at length. He held that the Company through its officers was in no respect negligent in the matter and not liable for damages giving judgment for the defendants.

FROM SALISBURY.—The following interesting letter has been received by Master Mont McIntyre from his brother Mr. Wm. McIntyre, who was formerly of the Royal Bank in this city, but who, at the first call of his country, answered from far away Vancouver where he was located, and is now with the Island boys at Salisbury.

"I had a great trip across the Atlantic only one day of rough weather. There were thirty-one transports in our fleet all big ships, I was aboard one of the largest, the Lapland of the Red Star Hamburg-America Line. I was lucky enough to draw a first class cabin and had all the comforts possible. We were guarded by about six British cruisers besides the string of destroyers and the Atlantic right across the Atlantic. We went into port at Plymouth and had a tedious wait of about a week before we were landed, but we then got a grand reception from the townfolk when we marched through to the Ry. Station. The crowd was so great we were forced to go through single file and were simply showered with cigarettes, tobacco and all sorts of good things to eat, and every girl in the town wanted to kiss the whole thirty thousand of us. By the time I got aboard the train I hadn't a button left on my trunk. We had five hours trip on the train to a town named Levington. We were then disembarked and had a mile walk to camp. I had a good look at Lord Roberts yesterday, he looks very old. We expect to get to the front and have a crack at the Germans before Xmas.

FRIDAY.

LONG COURSE.—Professor Theodore Ross was on Wednesday evening attending an agricultural meeting. While here he met several young men of the vicinity who are interested in the agricultural course, and it is expected when the long course opens on Monday this part of Prince Edward Island will be fairly well represented. Mr. Ross states that the farmers are bringing in a lot of oats, to the Army Service Fund, and the district in the immediate vicinity of Tignish will contribute their full share.

WEDDING BELLS.—On the evening of Wednesday, Nov. 4th, the wedding of Mr. and Mrs. John Wood, Mount Allison, was the scene of a very interesting event, when their daughter, Janet Marion, became the bride of Mr. Charles Mellett, of Buckley Point Road. Precisely at six o'clock the bridal party entered the parlor to the strains of the wedding march, played by several arch. The ceremony was performed by Rev. E. S. Weeks, in the presence of a large number of invited guests. The bride, who was given away by her father, was attired in a handsome gown of pale blue silk, with white lace trimmings, and carried an exquisite bouquet of white asters and maiden hair fern. The maid of honor was Miss Edie Stewart, niece of the bride, a winsome little lassie of eight years, who looked very sweet in her dainty pink dress, with white overalls and pink sash, and carried a basket of flowers with pink ribbons. Immediately after the ceremony a bounteous supper was served in Mrs. Wood's best style, to which all did ample justice. The rest of the evening was spent in music, games and social chat until the wee small hours, when they all departed to their homes, wishing the bride and groom a happy and prosperous journey through life. The presents were numerous and costly, testifying to the esteem in which the young couple are held. Mr. and Mrs. Mellett will reside at Buckley Point Road.

ISLANDER AT THE FRONT.—Quarter-master, Capt. James Walker, Charlottetown, is with No. 2 Stationary Hospital, which was reported in the Guardian's despatches yesterday morning as having accompanied the Canadian nurses to France.

SCHOONER LOST.—Mr. E. T. Higgs, of this city, Marine Underwriter, has received word by wire that the schooner Lewis, 99 tons, is ashore at Seal River, N. S. The vessel was loaded with a cargo of produce valued at \$2,000 shipped by J. A. McDonald & Co., Cardigan, for Halifax. The cargo is insured in the company represented by Mr. Higgs. The vessel was owned by James G. Gray, of Windsor, N. S., and was built in 1904.

ANNUAL MEETING.—The annual meeting of the shareholders of the Charlottetown Silver Black Fox Co. was held in the Board of Trade Rooms, Charlottetown Wednesday afternoon. All the local directors were present. The statement of the business of the Company for the year was submitted, and it was favourably commented on by a number of shareholders. A dividend of 15 per cent was declared and the cheques handed round to all the shareholders at the meeting. It was also announced that there was sufficient securities and cash on hand to pay a further dividend of 10 per cent. The Company has added five pairs of foxes to the ranch, which reduces the capitalisation to \$9000 a pair. The old Board of Directors were re-elected, viz.:—President, Col. H. M. Davison; Vice-President, J. C. Sims; Secretary, E. S. Coffin; Gilbert Gaudet, all of Charlottetown; Dr. J. T. Coffin, Plaster Rock, N.B.; W. L. Jenkinson, New Glasgow, N.S.; W. L. Poole, Montague.

55c. PER DAY

A trifling amount,—what does it mean? Just this; that you, as representing the average Canadian citizen, can square off your account with our army of factory workers, by making sure that at least 55 cents worth of the things you buy, in your ordinary every day shopping, are made right here in Canada—the country that gives you your own living.

That sum, 55 cents a day, equals \$200 per year. There are 8,000,000 people in Canada. If for the support of every one of them, there was spent \$200 a year on Canadian made goods it would give us a factory output of \$1,600,000,000.

Back in 1910-11 Canada was enjoying pretty good times, but the total factory output then was less than \$1,200,000,000.

You can easily bury the hard times of to-morrow under the coppers you spend on odds and ends to-day, just by using a little intelligent discrimination, by saying to the shop-keeper.

"Nothing But 'Made In Canada' For Mine". 13a

VOLUNTEERED.—Frank Hopkinson, city, is one of those patriotic Islanders who have volunteered for the front. Hopkinson is a private in the 82nd regiment.

You have a bad cold!

Then listen! Cold attacks the lungs and the breathing passages direct. Ordinary cough mixtures and syrups do not touch the lungs, but go direct to your stomach, which is not ailing. Peps, on the contrary, go direct to the very seat of the trouble.

Peps are tablets containing essences and medicinal ingredients so prepared that when placed upon the tongue they immediately turn into vapor, and are breathed down the inflamed air passages to the lungs, direct.

Peps medicine takes the form of healing sprays and cures colds, coughs, bronchitis and lung troubles, just as living in Pine Woods and breathing Pine-laden air prevents consumption and cures chest weakness. Tightness across the chest, pain between the shoulders, hacking cough, sore throat, asthma, and breathing troubles are, of which, in particular, Peps have been designed to cure. Peps will soon end your bad cold.

Testimonials for Peps have been given by members of the Canadian Parliament, doctors, lawyers, eminent Canadian musicians; all going to prove that Peps have been found a cure for throat and chest trouble, often when other remedies had entirely failed.

FREE TRIAL—Cut out this article, and mail it, with 10 cents (for return postage) to Peps Co., Dupont St., Toronto, and we will send you a free trial package of Peps. All druggists and stores sell Peps, 50c box or 3 for \$1.25. See the name on the wrapper. Peps Co. letters only before buying.
