She looked at him steadfastly. "All those years my father stayed here, Mr. Bradley. But La Barranca isn't here, it's in Mexico, I'm going to Mexico."

Joyce laid the warrant, already endorsed, on Mr. Bradley's desk and rose. "I'm leaving the money with you, but you understand I may need a great deal of it any day, don't you?"

"Sit down, Joyce," he said soberly. "Do you know what I've been asking myself?"

"No, sir," said Joyce, sinking to the edge of her chair.

"If I had a girl—your age, your looks, your background—what would I want some other fellow to do in this particular case?" He frowned. "Of course you remember Mexico but do you remember what happened?"

She sat staring at the floor, not answering at once. "I know what you mean," she said finally, "and I'll try to explain. I remember everything, but I've found out that being far away from a thing like that doesn't help you to forget—it makes it into a picture on the wall. Then there's something else. Places go by contrasts, don't they? I won't say anything about Esimbora, all I can tell you is that when I've been unhappy, when I'm most miserable, I look back and dream of happiness and La Barranca. It's sweet her eyes to his face, it's mother isn't here Mr. Bradley, when she couldn't possibly come to me—she even in her thoughts. Does that sound foolish to you?"

Do You Suffer From Headaches?

It is hard to struggle along with a head that aches and pains all the time.

To help overcome the cause of headache it is necessary to eliminate the waste matter from the system. Burdock Blood Bitters helps to remove the cause of headaches by regulating the digestive and biliary organs, neutralizing acidity, regulating the constipated bowels and toning up the sluggish liver, and when this has been accomplished the headaches should disappear.
