Don't Ignore That First

AUTUMN COUGH!

A nasty tickling cough and throat soreness troubles most folk about the Fall. This cough is an insidious peril. Unless got rid of it may mean a bad dose of bronchial catarrh that lingers through the winter.

The first sign of hoarseness or throat irritation is evidence that you need PEPS.

Dissolve one or two of these pleasant infection-killing tablets in your mouth right away. Breathe deeply into your throat and lungs the powerful volatile healing and germicidal medicine given off in the form of fumes. This is sure to destroy all the "cold germs" and keep trouble off the lungs.

By their soothing, curative and germicidal action on the sore inflamed air-tubes, Peps remove the cause of coughs, colds and throat trouble. They impart new vigour and strength to the breathing organs, and ward off the evil effects of this chilly, changeable weather.

Peps are also splendid for children. They contain no harmful drug of any kind.

(50c. box, 1 for \$1.25, all dealers.)

MOTION PICTURE OF NEW BRUNSWICK

The New Brunswick Films, Ltd., have been incorporated for the purpose of producing a Motion Picture. On the Board of Directors appears the names of Lieut-Gov. Puley, Premier Foster, and the Mayor of St. John, E. A. Schofield with a number of other prominent citizen's names.

Arrangements have been made for the filming of "BLUE WATER". For several weeks Mr. David M. Hartford, one of the best known Directors of Motion Picture Production has been steadily working on the continuity for this story.

The cast who are taking the various characters in this picture arrived in St. John Monday, October 2nd, and on Tuesday, October 3rd, the actual shooting of the picture started.

Chance Harbor and Dipper Harbour, two fishing villages about twenty miles from St. John have been chosen as the chief locations, and the picture is being framed up around these two villages.

The two masterly schooner "THOMAS & ROBERT" Captain Ansel Snow with his full crew have been chartered for several weeks, as the story is to be chiefly worked around the sea life on this schooner.

The story is a very attractive romance and with the picturesque local scenery of these New Brunswick villages will no doubt prove a magnet in the moving picture world.

There is a very strong demand for pictures with water action and Mr. Hartford, the Director is most optimistic about the result of this picture and claims it will be among the best that has ever been screened.

It will probably be released shortly after the middle of November.

Noted Actress Is Dead

FOLLOWED MOTHER'S ADVICE

Took Lydia E. Pinkham's Vegetable Compound—Now Enjoys Good Health

Kessock, Saskatchewan. — "My mother has taken Lydia E. Pinkham's Vegetable Compound and upon learning of my troubles advised me to try it, as I seemed all run down after the flu, and home such as women are apt to have. I have taken Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Purifier and used the Sanative Wash. Also Dr. Brown's Capsules and Prescription and am so much better in every way. I am willing for you to use my letter as a testimonial, as I recommend your medicines."

Mrs. IRENE NELSON, Kessock, Saskatchewan.

When backaches and headaches drive on all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help is Lydia E. Pinkham's Vegetable Compound.

THE FAMOUS PICTURE FILM "Ten Nights in a Barroom" dramatizing one of the greatest heart interest dramas ever written, will be produced at the Strand Theatre, Kensington, on Monday night, Oct. 16th. The film which cost \$250,000 to produce contains 9000 feet of thrills, sobs and laughter. It has been the theme of innumerable essays and sermons and the screen version is in every way worthy of the original. The admission on Monday night will be, Children, 25 cents, Adults 35 cents.

POPULAR COUPLE MARRIED - A wide circle of friends will be interested in the announcement of the wedding of Miss Vera Carruthers, of Bequete, to Nelson Bishop, Read, of Read's Corner, two very popular young people who have a host of friends throughout the province. The marriage was performed on Tuesday morning, in the presence of only the immediate relatives of the contracting parties. Mr. and Mrs. Read will reside in their new home on the Summerside road.

MORE RESPECT DESIRED. - Within the last ten days, three prominent citizens of Summerside have been taken to their last resting place, each of them being at one time a town councillor and one having served for a number of years as chief of the fire department. Notwithstanding the respect of service there was no lowered flag at the town hall to mark the passing of a public servant, nor was there any tolling of the fire bell when the late chief was taken to answer the last roll call. The respect for the memory of these men was there, all right, in the hearts and the voices of all who knew them but it would have been very appropriate to have more respectful recognition from the town fathers or their representatives.

GLoucester Trials Now Being Held (Special To The Guardian)

GLoucester, Mass., Oct. 11.—The fishermen's cup trial race which will be sailed off here tomorrow or next day, promise to be more varied and interesting than any like thing gone before. Two years ago there was no time for trial races, last year Gloucester held what she called a trial race, with four vessels hurriedly casted lots from whatever wharves they happened to be tied up to and hustling outside the point to help tune up the Elsie, who was herself hardly more ready than the others were. But this year, hoovey we have had vessels coming in from sea a week ahead of time, having their outside scrubbed and their insides cleaned out and each otherwise putting a fine edge on themselves for the battle.

One the Elizabeth Howard, designed originally as a knockabout has even had a bow sprit fitted to her gib boom, such being the enthusiasm of Captain Ben Pine to do his bit toward help making the Elizabeth a worthy contender for the cup. Four vessels altogether sailing from three ports, will sail in the trials, the Howard is owned in New York and is first entry New York has ever had in a fisherman's race. These New York schooners which run to Fulton Market, have not rated with the Boston or Gloucester fleets. In the past they have been mostly Boston or Gloucester discards but this Howard is no discard, she is modelled off the old Orilla vesel that for years was rated the fastest thing out of Gloucester.

The Howard has not always been fishing, she was a coaster for a while plying from Newfound-land to Plymouth. During the war she took a coast across the ocean and up the Mediterranean and for two years was tied to Gloucester.

A delightful story about her is that a real sea going Bolshevik admiral with an eye to a fine headed vessel got a peep at the Howard one sunny morning and commanded her at once for gun running between Turkish and Russian ports of the Black Sea. She is a fast and stiff all around sailing vessel.

There are two entries from Boston the L. A. Dutton, Captain Felix Hogan is a great all around vessel for her tonnage though hardly enough tonnage to be racing the big fellows. Boston's other entry is Captain Michael Brophy's Yankee, a modified Burgess model. So much has been said in the press lately about the Mayflower that many people go to thinking she was the only fast vessel out of Boston. But Boston has a fleet of fast vessels and has had for a generation.

How Zam-Buk Rid Me of ECZEMA

"I suffered with eczema for over a year," writes Mr. Z. D'Amico of 729, Papineau Avenue, Montreal. "I had treatment from three doctors, costing \$50 in all. I continued to suffer intensely with the irritation and pain. I thought I should never get relief, until one day a friend told me about Zam-Buk and persuaded me to use it right away. I felt the benefit of the first application. Zam-Buk relieved the irritation and cooled and soothed my skin wonderfully. Gradually the sores began to heal and, with perseverance, Zam-Buk completely rid me of the disease. I wish all other sufferers could only realize the relief of experimenting with ordinary ointments in troubles like eczema. Zam-Buk used in the first instance would save lots of needless suffering and expense. Every home needs Zam-Buk for rooting out skin troubles like boils, pimples, abscesses, poisoned wounds and ulcers. For cuts, burns, scalds, sprains, it is also indispensable. 50c. box, all dealers.
