Community Advantages Of Splendid New Institution Stressed In Inspiring Speeches Delivered At Yesterday's Memorable Function, Which Coincided With 50th Anniversary Of Prince Edward Island Hospital's Establishment.

PRISONERS RECAPTURED BY POLICE

Three Prisoners Rearrested Last Night After Escaping With Two Others From Jail Yard.

Due to prompt police action, three prisoners of Queens County Jail, who with two others escaped yesterday afternoon from the jail yard, presumably by climbing over the high wire fence, were rearrested last evening and will have another opportunity of discovering that the way of the transgressor is hard. The escape was staged when the jailer, who was alone on duty at the time, was out of sight in front of the building. The prisoners reported as having escaped yesterday afternoon were:

(By George Hambleton Canadian Press Staff Writer.)
LONDON, July 4.—(C.P. Cable)—After a mournful day of epitaphs, some of them accompanied by bitter comment on the United States' flat refusal to consider stabilizing currencies which precipitated the crisis, the World Conference tonight showed signs of returning life.

As yet the flame flickers feebly, but the optimists are hopeful. Pressure to save the Conference is increasing. The Dominion delegates are throwing their weight in with the United Kingdom and the United States against adjournment indefinitely—a drastic step that early in the day seemed inevitable. The vital question of what is to be done with the Conference got another two days' respite when the steering committee decided to adjourn until Thursday. Before it met, it was all but a foregone conclusion the Conference would be called into plenary session Thursday and then would adjourn leaving only a few committees and the Steering Committee in being.

Still Hopeful

The adjournment came by reason of the hope the American delegation would get fresh instructions from President Roosevelt that

(By Louis P. Lochner, Associated Press Staff Correspondent)
BERLIN, July 4.—(A.P.)—The seriousness of the church situation in Germany was illustrated today by the arrival of the Rev. A. S. Duncan-Jones, Dean of Chichester, on behalf of the Bishop of Gloucester, to investigate whether German protestantism is drifting under a Nazi commissioner's hand. This was further indicated in the fact that Lutherans in Norway were collecting funds for the support of German Ministers dismissed for insisting on freedom of conscience. Preliminary negotiations between Ludwig Mueller, head of the German Evangelical Church Union, and Church factions indicated that adherents of Dr. Friedrich von Bodelschwingh, chosen recently as the first Evangelical Reichsbishop, demand three points: Restitution of suspended church officials, freedom of the church press and the use of the broadcast by non-Nazis also. It was recalled that the Nazis seized the church press and the broadcast.

World Parley In Brief

(Canadian Press)
The Sterling Committee of the World Economic Conference adjourned yesterday until Thursday, apparently hoping fresh instructions from President Roosevelt to the American delegation might end the currency-stabilization deadlock threatening the Conference with failure.

The United Kingdom, the Dominions and the United States were said to have formed a united front to oppose adjournment of the meeting, but France and her gold-bloc allies continued to insist the Conference must quit work unless the American dollar can be stabilized.

Unofficial British circles expressed considerable bitterness at American insistence no steps can be taken not to peg the dollar.

Canada - Austria Trade Agreement Negotiated

(Canadian Press)
OTTAWA, July 4.—A trade agreement between Canada and Austria, to become effective within a few days, has been practically concluded, it was learned on the best authority today. The agreement would give Austrian imports the Canadian intermediate tariff, instead of the general tariff which now applies to all entries from that country. In return for this concession Austria will accord to Canadian products the "most favored nation" treatment, and the agreement will remain in effect until the end of the present calendar year.

(Canadian Press)
NEW YORK, July 4.—A death toll of more than 100 with hundreds injured was the cost United States reckoned tonight at the conclusion of its celebration of July 4th, 157th anniversary of the Republic's birth. From one corner of the land to the other the reverberations of cannon crackers echoed in salute but strangely enough deaths due directly to fireworks were few. Automobile accidents and drownings took the major toll of life.

Death Causes

Automobiles, as usual on holidays, accounted for the greatest number of deaths. More than 50 persons were killed in car mishaps. Fireworks accounted for only four deaths. Seven persons were drowned and 30 met death from other causes—airplane crashes, shootings and unusual accidents.

Nurse Burns

Scores of children and grownups nursed burns from firecrackers, sparklers, and other fireworks. Hospitals in the major cities treated them and gave them serums to prevent tetanus.

(Continued on Page 3)

The opinion that the new Prince Edward Island Hospital is the finest one hundred bed hospital that he has ever seen was expressed by Dr. G. Harvey Agnew, Secretary of the Department of Hospital Service of the Canadian Medical Association and Secretary of the Canadian Hospital Council, in an interview with The Guardian. "I have been following the development of the new hospital for some time, both in the planning stage and in the construction stage, and have been impressed with the way the architects have been able to get modern equipment and required facilities at a minimum of cost. I have visited practically every public hospital in Canada, and I don't know of any other hospital built for the same money, which has as many facilities as the Prince Edward Island Hospital. There is no other hospital in Canada which has as much acoustic treatment and as much insulation against heat and cold. "A hospital expert analyses a hospital from the viewpoint of nursing facilities, 'mileage' of nurses in waiting on patients, of arrangement of essential services, of access to various departments, of

Air Armada Plans Take Off From Ireland Today

Contrary To Earlier Reports The Italian Seaplane Squadron Will Leave Londonderry For Ireland Today.

LONDONDERRY, Northern Ireland, July 4.—(A.P.)—Aviation Minister, Italo Balbo announced tonight that his Italian seaplane squadron would take off at 10 a. m. tomorrow (4 a. m. E. S. T.) for Reykjavik, Iceland. He reached this decision after receiving reports of good weather in the Iceland region. Conditions were rapidly improving to the northward and the outlook was brighter than at any time since the squadron's arrival here Sunday from Amsterdam. After examining the reports, General Balbo sent orders to the various hotels where the officers were staying, instructing them to have the men called an hour earlier than had been arranged. The departure had been postponed today on advice of Premier Mussolini of Italy. LONDONDERRY, Northern Ireland, July 4.—(A.P.)—In response to advice from Premier Mussolini in Italy, General Italo Balbo, Italian Air Minister, decided today to postpone departure for Reykjavik, Iceland, of the 24 seaplanes he is leading on a flight by stages to the Century of Progress Exposition in Chicago.

Library Grant Is Received

Cheque For \$15,000 Reaches Government From Carnegie Foundation This Week.

As a pleasing coincidence in connection with the first lecture course of the Carnegie Library Demonstration under the McGill Library School, Hon. Dr. W. J. P. MacMillan, Minister of Education, received on Monday evening a cheque from the Carnegie Foundation for \$15,000.00, being the balance of the \$30,000.00 granted by the Foundation for this year's library demonstration work in Prince Edward Island. The cheque was deposited yesterday in the Bank at an additional exchange valuation of seven and one-half percent in Canadian currency.

BABY SHOW WAS VERY SUCCESSFUL

The Baby Show held yesterday in connection with the opening of the new Prince Edward Island Hospital was very successful and, although the winners have not yet been decided, even the casual on-looker could observe that competition in many cases would probably be very close. Only children under five years of age who had been born in the Prince Edward Island Hospital were allowed to enter. There were five classes in which 112 lusty children were entered. There were classes for children up to six months old and of one year, two years, three years and four years of age. Each child was subjected to a thorough physical examination by the doctors who acted as judges. The judges were Dr. F. W. Tidmarsh, Dr. E. S. Siddings, Dr. I. J. Yeo, Dr. G. F. Dewar, Dr. J. W. MacKenzie and Dr. P. A. Creelman. The city babies were examined in the morning and the country

Doukhobor Chief Turns Up At Verigin

(Canadian Press)
KAMSAK, Sask., July 4.—Settling at rest numerous rumors as to his whereabouts, Peter Verigin, titular head of Canada's Doukhobors has reappeared. He is staying at his community headquarters in the village of Verigin. Making his first appearance since he was picked up in Winnipeg on the second unsuccessful attempt to have him deported, Verigin paid Kamsak a brief business visit Monday. Verigin was reported seen as Brilliant, B. C., last week but this was later denied.

Sir John Simon Suffering From Ill Health

LONDON, July 4.—(A.P.)—The health of Sir John Simon, British Secretary for Foreign Affairs, is causing increasing anxiety to his friends and it is understood that when the World Economic Conference is over he may take a long vacation, probably at sea. A peerage for him has been mentioned if the low blood pressure, from which he is suffering, makes his continuation in office inadvisable. He was reported to have sold his country estate, Fritwell Manor, in Oxford, today.

Weather Bureau Issues Storm Warning

(Associated Press)
WASHINGTON, July 4.—The weather bureau tonight issued the following storm warnings. "Tropical disturbance central about 25.20 north, 89 west, moving west-northwestward about 11 miles per hour. It is increasing in intensity being attended by shifting gales over a larger area and by winds of hurricane force near centre. Little change in direction of movement indicated next 24 hours. Caution advised vessels in and near path." "Northeast storm warning ordered nine p.m., Block Island, R. I., to Eastport, Me. Disturbance central about 100 miles south southeast of Nantucket, Mass., apparently moving northward."

Mother and Four Children Buried in Common Grave.

(Canadian Press)
CODDLE'S HARBOR, N. S., July 4.—A common grave today received the bodies of five persons who perished yesterday in a fire that wiped out their home. Neighbours and fellow fishermen stood about in silent sympathy with Richard Ludington as the remains of his youthful wife and their four children were buried in little Hillside Cemetery. Villagers and scores of other had gathered at the graveside for the simple ceremonies. Rev. W. A. Harper, of Goldboro, read the service, and the bodies were committed to the grave in a single coffin of rough wood.

Will Join Aide-de-Camp Staff Of Gov. General

OTTAWA, July 4.—Lieut. Sir Michael Culme-Seymour, will come to Ottawa in September to join the aide-de-camp staff of the Governor-General at Rideau Hall. At that time, Capt. R. F. H. P. Stuart-French, A.D.C. here for the past two years, will return to England. Sir Michael, the fifth baronet of his line, is a son of the late Admiral Sir M. Culme-Seymour. He is now serving on H. M. S. Danae of the American and West Indies British Squadron.
