ARE YOU TROUBLED BY SLEEPLESSNESS?

Over-wrought Nerves Cause the Trouble—Build Up, Fortify the Nervous System with Ferr. zone—Then You Will sleep Soundly.

There is probably no remedy that soothes the nerves and drives away those long nights of wakefulness like Ferrozone. Every person whose sleep is restless should take Ferrozone like Mr. J. H. McGaw, who writes from Saskatoon as follows:

"I was bothered with insomnia last summer to such an extent that my health almost broke down. I was frequently nervous. If it had gone on much longer I would have been a physical wreck. I read about Ferrozone, and concluded to try it. It was the sort of remedy I needed. I bought six boxes and took one tablet with every meal. A change was at once noticeable. I no longer labored under such great mental excitement, and was able to take things more quietly. Ferrozone improved my digestion, I picked up in spirits and strength, and in a comparatively short time sleep came the minute my head touched the pillow. Ferrozone completely rehabilitated my system, and has made me a different sort of man altogether. Don't wait until your condition becomes nervous prostration; it's hard to cure. Take Ferrozone regularly and the cause of your sleeplessness will be removed. It always cures insomnia."
Ferrozone is the greatest health-giver, the most valuable tonic, the money can buy. It will bring you back strength, vigor and rest, at small cost. Only Ferrozone can do this so sure that no dishonest dealer substitutes some thing represented "just as good." No other remedy is so good as Ferrozone, price 50c per box or six boxes for \$2.50, at all druggists or N. C. Polson & Co., Kingston, Ont.
