An Ottawa exchange says: Thursday
was a day of many teas, only one of which
was on Sandy Hill were society is usually
to be found on Thursday afternoons.
This one was in Miss Vidal's pretty draw-
ing room which was a perfect bower of
roses and was rather a small tea given in
honor of Major Dennison. Among those
invited to meet the gallant Major were:
Mrs. Joseph Pope, Miss Georgina Pope,

Gale at Wolfville are greatly stirring the
people of that town and vicinity. Mr.
Gale opened his meetings on Sunday a
week ago, and is holding meetings every
evening in College Hall and five after-

A choir of about sixty attend the services
and give excellent music. Miss Hall who
came with Rev. Mr. Gale adds much to
the music by her solos and also by duets
with Rev. Mr. Spidell of Falmouth, who
is remaining in Wolfville during the
services. Mr. Gale is a very earnest and
convincing speaker, appealing to the best
that is in a person, rather than emotions.

JOHN PHILIP SOUSA and his band which
gave a concert in the Exhibition Building
some years ago played in the Winnipeg
Theatre on Tuesday afternoon and even-
ing. "One must go to Sousa concert to see
the master, the conductor, John Philip
Sousa, in the art of conducting," says the
Neue Freie Presse of Vienna. "This con-
ductor animates the piece he is directing
with all his peculiarities. He does not
beat time, but Time and he become a
single living person." When Sousa first
appeared in a European city, the space in
front of the bandstand would be empty at
the beginning of the concert, but as the
charm of his directing became manifest
the audience would quickly crowd to the
front and remain standing in order to get
the best possible view of Sousa's graceful
motions."

SEARLETON NOTES.—La grippe is very
prevalent in this section of the country,
every household having had its share of
the malady, but we are glad to say all are
now recovering.—The many friends of
Mrs. Charles McLean were pained to learn
of her death which occurred on Sabbath
morning, leaving a husband, four sons
and a daughter to mourn their loss.—The
special services which are being conducted
in Bedeque by the pastor, assisted by
evangelist Bell, are being largely attended.
Much interest is manifest with prospects
of a wide spiritual awakening.—Would it
not be timely to provide a proper accom-
modation on either side in the only place
where nature has provided so lavishly for
such a service and maintain a daily, and
if required an almost hourly communica-
tion winter and summer, performing the
service with two boats? There is no
doubt a satisfactory service capable of
handling all freight, passengers and mails
could be inaugurated and thus obviate an
experience of being shut off from the out-
side world for over two weeks.

CONTAGION AND INFECTION.

La Grippe is Infectious but Not
Contagious.

Contagious disease are communicated
from one person to another; infectious
disease are conveyed through the air.

Smallpox is a contagious disease; La
Grippe is infectious. When an epidemic
of the grip is prevailing it is in the air we
breathe and no one is safe.

The only safeguard is to keep the sys-
tem in the highest possible condition of
health and on the first appearance of a
cold in the head to use some safe antiseptic
like Stuart's Catarrh Tablets freely,
a tablet taken every hour or two for a
couple of days will be sufficient to break
up the attack.

La Grippe attacks the weakest part
of the system, it may be the lungs, heart
liver, stomach or kidneys but wherever
it finally locates it almost invariably starts
with cold in the head and throat or in
other words, the disease at the beginning
is acute catarrh.

This is the reason Stuart's Catarrh Ta-
blets have been so successful in breaking up
attacks of grip. The antiseptic prop-
erties of the remedy destroy the germs be-
fore the whole system is thoroughly in-
fected.

Dr. Anniston says: Stuart's Catarrh Ta-
blets being free from cocaine and harmful
drugs should be freely used at this time
of the year on the first appearance of grip
symptom.

They check the excessive catarrhal sec-
retions, stop the fever and prevent pneu-
monia.

They are composed of antiseptics and
may be used by little children as freely as
by adults and with great benefit.

Dr. Lewiston says: My usual prescrip-
tion for the grip is Stuart's Catarrh Ta-
blets which can be found at all drug stores.
Keep to the house for a day or two and
use the tablets freely and I have never
heard any complaint of failure to cure.
