TRUE, AT THAT.

(From the Youth's Companion.)

Among a squad of policemen who were being examined on their knowledge of ambulance work, says "The Youth's Companion," was a certain Irishman with whom the doctor had the following colloquy:

Doctor— What would you do to a man who had a cut on his forearm?

Policeman— Sure, sorr, I'd bathe it with warm, soft water.

Doctor— What do you mean by soft water?

Police man— Och- Just soft water sorr; wet water.

Doctor—And what is hard water.

Policeman—Ice, sorr.

MILLINERY OPENING. — Patons are continuing their official millinery showing today and tomorrow to which all the ladies of the Province are invited. 3246

HOUSE REPAINTED. —The cottage at 61 Pownal Street has just been handsomely painted outside in two shades of green, and the roof in dark brown.

YOUR COUNTRY NEEDS YOU.—What are you doing for your country which has done so much for you? Roberts, F. M., Field Marshall, Young man, that was the question asked all young men of the Empire in times of peace by the late Lord Roberts. Consider it now in this great national crisis and ask yourself the question "Dare I stand aside?" If your conscience bids you go, enlist at once in the Island Infantry Company.

KENSINGTON HALL S. S. RALLY.—Kensington Sunday School hold their annual rally on Sunday next, October 3rd, commencing at 2.30. An interesting programme is being arranged and it is hoped that a large number of parents and friends as well as all the scholars enrolled will be present at this yearly rallying of the forces for the seasons work. A feature of the programme will be the taking of the Scout promise by the boys of the new patrol of scouts organized from the boys of Kensington school. The Rev. Mr. Fulton will take part in the programme and give a short address.

Y. M. C. A. PRAYER MEETING. — The weekly prayer meeting took the form of a reception to receive reports from delegates at the Sunday School Convention held at Montague last month. Mrs. E. Chandler and Mr. Cross Secretary of the Y. M. C. A. gave interesting accounts of their impressions and suggestions were received for the improvement of the present methods used in our Sunday Schools. It was announced that a teachers training class would be formed shortly for those interested in the primary and junior work of the Sunday School, to which all are cordially invited.

MEN OF THE 82ND REGIMENT—Your commanding officer is calling upon you to make a sacrifice by giving up for a time your family, your homes, and pleasure, so that these things may continue to be yours in the future. You have trained in times of peace, will you train in times of war? It is your duty at this crisis in our national history to forsake all and respond to your officer's call. Many men of the 82nd have obeyed the call to duty, but many who should have not yet done so. The Infantry Company now being organized under Colonel Allan offers a great opportunity to all men of his Regiment to enlist. "Forward 82nd!" Let every man who ever heard that command now respond to his Colonel's call for men who are willing to fight for King and Country. Enlist to-day.

IN ZION CHURCH. —At a recent meeting of session in Zion Church the matter of a more thorough organization for work among young people was discussed and it was decided to move toward the keeping of the Church open seven days in the week. The work under consideration has reference chiefly to a closer interest in the soldier boys and students; in fact to the making of a home for young people in all walks of life who are more or less strangers in the city. Good reading material will be provided and facilities for writing home. Games and other forms of recreation will be installed in the social room. Debates and magic lantern lectures will also be a feature. Sabbath evenings will be given to short sacred concerts with light refreshments after the usual service. It is held that the Church has hitherto been somewhat indifferent to the social life of young people in general and this move is made as a preliminary to a wider contact with those who are deprived of the comforts and associations of their own homes.

IN METHODIST CIRCLES. —The St. John Telegraph says :—A special committee of the N. B. and P. E. I. Methodist Conference in session Tuesday night in Centenary Church, decided to accept the invitation to hold the next annual conference at Summerside (P. E. I.) It will begin on June 8. The meeting was presided over by the president of the conference, Rev. Richard Opie, Albert, and those present were, Rev. D. R. Cowen, Milltown; Rev. George Steel, superintendent of missions; Rev. I.); Rev. W. H. Barraclough; also J. Hunter White, W. D. Baskin, both of this city, and J. J. Weddall, of Fredericton. It represented every district. The important business of the session was the fixing of the next place of meeting. In addition Rev. George Steel and J. Hunter White were appointed to the supernumary fund committee; and Rev. W. H. Barraclough was appointed to the missionary committee in place of Rev. H. E. Thomas, who had resigned to go to the front. Other matters of a routine nature were also disposed of. In the morning a session of the missionary committee of the conference was held. Matters mostly routine, however, were considered. Rev. W. H. Barraclough was the chief speaker at the third quarterly rally of the Methodist Young People's Union, held Monday evening in the Methodist Church. There was a good attendance. The Carleton Church branch won the flag for the largest enrollment.

DOESN'T WANT THE EARTH, BUT.—A director of a Prince Edward Island fox company received yesterday a letter from a gentleman in an American city asking if it was true that the company was paying 320 per cent. on money invested with them, and if so, would the company pay six months' interest on October 1, for money invested now. He also offered the company two pairs of foxes at $32,500 a pair if they required more stock. The director in reply stated that on account of the war and other things that it might be tedious to enumerate, he would be obliged to quote a slightly lower rate of interest for his company this year. He also hinted that the price asked for the foxes was for the reasons enumerated above, slightly above the market price in Prince Edward Island.

P. OF W. COLLEGE SOCIAL.—The Second and Third Year students entertained the First Year students of Prince of Wales College to a social last night in the Y. M. C. A. Gymnasium. There was a large turnout of the students and their lady friends. Mr. McCready occupied the chair. A short programme of music and readings was followed by some great fun in the shape of a blindfolded boxing match. Advertisement and guessing competitions also afforded some delightful entertainment, in which the prizes consisted of boxes of chocolate. The refreshment tables groaned under a liberal store of cake and ice cream, to which full justice was done. A cordial vote of thanks for the splendid evening's entertainment was given by the First Year students, and a most enjoyable gathering concluded.

THEATRE RE-ORGANIZATION.—The Prince Edward Theatre will close down on Saturday night for a few weeks to undergo a thorough course of cleaning and redecorating, and also for the introduction of an up-to-date steam heating plant which will ensure the maximum of comfort for the patrons of this house during the coming winter. The theatre will be re-opened on November 7th, under new management.

Mr. F. G. Spencer, who recently took over the management of the People's Theatre, has now acquired control of the Prince Edward also.

When the Prince Edward re-opens the first Company presented will be the well-known Klark-Urban Company.

For the past two years both houses have had a hard fight for existence. To obtain the better class of pictures theatre owners have to pay a high figure. The public of Charlottetown have been favored in getting this superior class of entertainment at cheaper rates than any other city in the Maritime Provinces. In order to keep up this high standard the Management have been reluctantly compelled to make the change for admission 10 cents for adults and 5 cents for children.

The public will be pleased to learn that Mr. Gallagher, whose ability and enterprise have made him universally esteemed here, will still hold the reins of management. The same high standard of excellence in film presentation will be maintained at both houses.

Mr. Vincent, who is superintending the work of re-decoratjng the theatre, has designed and supervised most of the fine artistic work on the Keith Theatres in the States, and also other places in the Maritime Provinces. All the painting, etc., will be performed by local workmen. When the work is completed this theatre will rank with the best in the Dominion. The steam heating system is being installed by Mr. James McEachern, of Charlottetown.

"Shown here in a good variety of sizes and styles in the nicest line of Photo Albums you could wish to select from, and they are priced so moderately that you will not mind the cost. The Two Macs, 149 Great George Street. Mtf.

PEOPLE'S THEATRE

Splendid houses enjoyed to the full the varied fare provided last night at this popular house.

A Domino film, "The Winged Messenger," tells a vivid story of the love rivalry of two "wireless" operators for the hand of pretty Nell Rolfe. The temporary eclipse of Tom, the hero, by his cowardly rival, serves to introduce realistic scenes of a liner on fire, the wireless operator fighting the flames to the last, the two castaways on the desert island, the final rescue through the pigeon's message, and the ultimate defeat of the villain's vile plot. The good old-fashioned ending terminated a thrilling film tale.

The Gaumont Gazette news included scenes of the destruction in Belgium, unloading of Canada's gift to the Empire, British Artillery on their way to the front, Glasgow tramwaymen volunteers, and Irish and English defenders of the Empire in various cities.

In "Dough and Dynamite," Charlie Chaplin was all alive and kicking, also laying out in all directions as usual. The fun in the French pastry shop and in the bake-house down below was a howl of hilarious delight from beginning to end. French tarts (of more than one variety), chunks of dough, bags of flour, ladders, etc., all lent their aid to make the fun fast and furious. Charlie's efforts in the bake-house and at the oven left many of the audience choking with laughter. The bakers' strike, in which Charlie acts as blackleg, ends in a burst of dynamite and a shower of bricks.

The programme for to-night and Saturday includes "Pauline" and other fine features.
